Sexuality In The Confessional A Sacrament Profaned:

Sexuality in the Confessional Stephen Haliczer, 1996 Drawing upon a wealth of actual cases and trial evidence left by the Spanish Inquisition this work documents the eroticizing of the confessional between 1530 and 1819 It argues that the Counter Reformation Church actually helped to foster sexual solicitation in the confessional *Involuntary Confessions of the Flesh in Early Modern France* Nora Martin Peterson, 2016-09-14 *Involuntary Confessions of the Flesh in Early Modern France* was inspired by the observation that small slips of the flesh involuntary confessions of the flesh are omnipresent in early modern texts of many kinds These slips which bear similarities to what we would today call the Freudian slip disrupt and destabilize readings of body self and text three categories whose mutual boundaries this book seeks to soften but also in their very messiness participate in defining them *Involuntary Confessions* capitalizes on the uncertainty of such volatile moments arguing that it is instability itself that provides the tools to navigate and understand the complexity of the early modern world Rather than locate the body within any one discourse Foucauldian psychoanalytic this book argues that slips of the flesh create a liminal space not exactly outside of discourse but not necessarily subject to it either *Involuntary confessions of the flesh* reveal the perpetual and urgent challenge of early modern thinkers to textually confront and define the often tenuous relationship between the body and the self By eluding and frustrating attempts to contain it the early modern body reveals that truth is as much about surfaces as it is about interior depth and that the self is fruitfully perpetuated by the conflict that proceeds from seemingly irreconcilable narratives *Interdisciplinary in its scope Involuntary Confessions of the Flesh in Early Modern France* pairs major French literary works of the sixteenth and seventeenth centuries by Marguerite de Navarre Montaigne Madame de Lafayette with cultural documents confession manuals legal documents about the application of torture and courtly handbooks It is the first study of its kind to bring these discourses into thematic rather than linear or chronological dialog In so doing it emphasizes the shared struggle of many different early modern conversations to come to terms with the body's volatility *Desire and Disunity* Ulriika Vihervalli, 2024-06-15 *Desire and Disunity* explores the struggles of the Christian church to grapple with complex and contradictory sexual practices in the late antique Roman west Through an examination of sermons letters laws and treatises the study explores clerical attempts to tackle bigamy concubinage sex work incest homosexual acts adultery and more with limited success [Reading Sex in the Eighteenth Century](#) Karen Harvey, 2004 Publisher Description **The Mystical Gesture** Robert Boenig, 2018-05-08 This title was first published in 2000 These essays explore the spiritual culture shared by texts and writers in Western Europe from the 13th to 17th centuries the visionaries mystics and nuns who were poets or scholars and the creative writers who drew on spiritual themes The topics range chronologically from the late 13th to late 17th centuries and geographically from Germany England Italy France Spain and New Spain Mexico though the volume's centre is the spiritual culture of 16th century Spain Common concerns of each essay are the exploration of spiritual culture how some texts and writers shape

expectations attending the life of the spirit and how they are in turn shaped by them The sub themes many of the essays share are the gendering of spiritual culture and the relationship between traditional literary genres like poetry and drama and spiritual discourse Each text or spiritual figure covered here has a distinctive spiritual voice a mystical gesture that contributes an individual mysticism to the common spiritual culture they all share Each scholar in her or his own way defines this mystical gesture The essays analyze Mechthild von Magdurg Piers Plowman The Second Shepherds Play Catherine of Siena Bernardo de Laredo Teresa of Avila Alonso de la Fuente Luisa de Carvajal y Mendoza Cecilia de nacimiento Margaret Mary Alaconque and Sor Juana **Menno Simons** Abraham Friesen, 2015-05-16 In 1962 the Reformation scholar Hans Hillerbrand said the following of Menno Simons For the past four hundred years he has been a man with a bad press criticized not only by all of his foes outside his tradition but also by many of his friends within Outsiders accused him of at the very least sympathizing if not actively supporting the revolutionaries involved in the notorious Münster uprising of 1534-1535 the jihadists of the sixteenth century Many insiders at first fearful that this might indeed be the case sought early to distance themselves from him calling themselves Doopsgezinde rather than Mennists Later other insiders having moved beyond Menno theologically under the influence of the Enlightenment and Rationalism criticized him for being overly dogmatic and narrow minded Only a few pietists like Jung Stilling and pietistically influenced Dutch Mennonites like Johannes Deknatel together with the occasional Baptist scholar like J Newton Brown spoke highly of him Indeed the latter said of Menno But there stood one among them the great reformers whom they knew not who was greater than they more truly eminent in the likeness of their common Lord In a first section this study begins with a chapter on the problem of reform in the sixteenth century A second section on the 1534-1535 Münster uprising that has so bedeviled Menno historiography follows Both sections seek to recreate at least to a degree the larger context of Menno's life and activity and free him from the prejudices of the past It does so by making the case not made heretofore that Menno was powerfully influenced not by the revolutionaries but by the two intellectual giants of the age Martin Luther and Desiderius Erasmus But the study also takes seriously Menno's repeated assertion that he had experienced a life transforming conversion through the power of the Holy Spirit in early 1535 With this as background the study then investigates in a chronological sequence the key problem areas of Menno scholarship that have arisen over the years It concludes with a brief assessment of his legacy

Franciscan Spirituality and Mission in New Spain, 1524-1599 Steven E. Turley, 2016-04-15 Franciscans in sixteenth century New Spain were deeply ambivalent about their mission work Fray Juan de Zumarraga the first archbishop of Mexico begged the king to find someone else to do his job so that he could go home Fray Juan de Ribas one of the original twelve apostles of Mexico and a founding pillar of the church in New Spain later fled with eleven other friars into the wilderness to escape the demands of building that church Fray Jerónimo de Mendieta having returned from an important preaching tour in New Spain wrote to his superior that he did not want to enlist again and that the only way he would return to the mission

field was if God dragged him by the hair This discontent was widespread grew stronger with time and carried important consequences for the friars interactions with indigenous peoples their Catholic co laborers and colonial society at large This book examines that discontent and seeks to explain why the exhilaration of joining such a glorious enterprise so often gave way to grinding discontent The core argument is that despite St Francis s own longing to do mission work his followers in New Spain found that effective evangelization in a frontier context was fundamentally incompatible with their core spirituality Bringing together two streams of historiography that have rarely overlapped spirituality and missions this book marks a strong contribution to the history of spirituality in both Latin America and Europe as well as to the growing fields of transatlantic and world history

The Dark Box John Cornwell,2014-03-04 A bestselling journalist exposes the connection between the Catholic Church s sexual abuse crisis and the practice of confession

Gendered Crime and Punishment Stacey Schlau,2012-11-09 In Gendered Crime and Punishment Stacey Schlau examines the trial records of several women accused before the Hispanic Inquisitions in order to shed light not only on their words and actions but also on the ideological underpinnings and mechanisms of the societies in which they lived

Words and Worlds Turned Around David Tavárez,2017-12-14 A sophisticated state of the art study of the remaking of Christianity by indigenous societies Words and Worlds Turned Around reveals the manifold transformations of Christian discourses in the colonial Americas The book surveys how Christian messages were rendered in indigenous languages explores what was added transformed or glossed over and ends with an epilogue about contemporary Nahuatl Christianities In eleven case studies drawn from eight Amerindian languages Nahuatl Northern and Valley Zapotec Quechua Yucatec Maya K'iche' Maya Q'eqchi' Maya and Tupi the authors address Christian texts and traditions that were repeatedly changed through translation a process of turning around as conveyed in Classical Nahuatl Through an examination of how Christian terms and practices were made remade and negotiated by both missionaries and native authors and audiences the volume shows the conversion of indigenous peoples as an ongoing process influenced by what native societies sought understood or accepted The volume features a rapprochement of methodologies and assumptions employed in history anthropology and religion and combines the acuity of of methodologies drawn from philology and historical linguistics with the contextualizing force of the ethnohistory and social history of Spanish and Portuguese America Contributors Claudia Brosseder Louise M Burkhart Mark Christensen John F Chuchiak IV Abelardo de la Cruz Gregory Haimovich Kittiya Lee Ben Leeming Julia Madajczak Justyna Olko Frauke Sachse Garry Sparks
