Social Work with Children and Their Families Christopher G. Petr, 2004 An extensively revised version of the first edition this text focuses on the practical foundational knowledge required to practice social work effectively in the complex and fast changing world of services to children and their families The core organizing framework consists of eight pragmatic perspectives combating adultcentrism family centered practice the strengths perspective respect for diversity and difference the least restrictive alternative ecological perspective organization and financing and achieving outcomes Unlike most texts that focus either on direct practice or on policy Petr s revised volume integrates current policy including recent reform efforts with best practices The student thus gains a deep appreciation for how direct social work practice is linked to and even guided by contemporary policy initiatives and the values that underscore those initiatives Two new chapters are devoted specifically to the fields of child welfare and children s mental health providing an overview of the laws policies practices and terminology pertaining to each setting The next eight chapters focus on each pragmatic perspective and its relevance to child welfare and children s mental health The in depth case studies that comprise the concluding two chapters illustrate how typical client situations can be successfully addressed within the context of the pragmatic perspectives Packed with case studies specific practice instruction chapter summaries and suggested learning activities this book prepares

students and practitioners to think and act professionally in ways that are consistent with current laws values policies and reform efforts in the field

The Multiprofessional Handbook of Child Sexual Abuse Tilman Furniss,2013-04-15 Child sex abuse is a minefield of complexity and confusion for all involved A genuinely multidisciplinary problem it requires the close co operation of a wide range of people with different tasks from the clinical treatment specialists through to the police and legal system Tilman Furniss a leading figure in the field of child sexual abuse has written a unique practical handbook designed for all professionals involved in the treatment and care of sexually abused children and their families Based on fifteen years innovative work this book will help professionals develop knowledge and skills to deal with their particular task and at the same time help them to understand the effects of their actions on the work of other professionals

Community Health Practitioners and Child Sexual Abuse in the Family, 1970s-2010s Ruth Beecher,2025-05-12 This open access book is an innovative history of community health practitioners responses to the seemingly intractable problem of men and on rare occasions women sexually abusing children within the private family home It is situated within a social history of the development of British community based health professions in the last decades of the twentieth century Drawing on archival research and newly gathered in depth oral history interviews the monograph argues that expectations placed upon community based doctors nurses and mental health staff since the 1980s in relation to predicting and preventing the sexual abuse of children by men they know are incongruous Beneath a surface acquiescence to the need to protect children from such abuse or to intervene early lie cultural social and structural barriers that prevent its fulfilment The book is a first in specifically interrogating the recent history of the role of community health practitioners within the modern child protection workforce and contributes to growing scholarship on the history of emotions in the medical professions
