Shades of Greene Graham Greene,1975 **Dangerous Edges of Graham Greene** Dermot Gilvary,Darren J. N. Middleton,2011-11-17 Informative broad ranging this title sheds new light on the life and literary art of one of the last century s most celebrated authors The first volume to be authorized by the Graham Greene Birthplace Trust Dangerous Edges of Graham Greene brings together writers journalists and scholars to investigate as well as to assess Greene s prolific oeuvre and intense personal interests Here the reader may explore everything from Greene s Vienna at the time of the filming of *The Third Man* to his sometimes fraught relationship with Evelyn Waugh from Greene s unconventional fictional treatment of women to his believing skepticism While Greene often informed friends that a ruling passion gives to a shelf of novels the unity of a system critics of his literary art have found it extraordinarily difficult to define the content of this ruling passion Perhaps this is because Greene s own character seems so paradoxical ironic even Moreover in believing that sin

contains within itself the seeds of saintliness he consistently loiters on what Robert Browning calls the dangerous edge of things In exploring this dangerous edge this book covers the full breadth of Greene s life and literary career **Adapting Graham Greene** Richard J. Hand,Andrew Purssell,2014-12-12 Graham Greene was one of the most versatile writers of the 20th century and he remains a figure of particular interest to those concerned with the relationship between literature and cinema As well as being a skilled screenwriter in his own right most famously with *The Third Man* Greene s fiction has proved to be a perennially popular source for adaptation appealing to the broadest range of filmmakers imaginable In this engaging and accessibly written study Richard J Hand and Andrew Purssell introduce adaptation studies and its relation to Greene s works They present new and incisive readings of key texts including the various screen versions of *Brighton Rock* *The End of the Affair* and *The Quiet American* among others and offer a critical examination of the industries in which Greene functioned as author screenwriter film critic and cultural figure By closely exploring the various critical aspects of Greene and adaptation and by encouraging readers to engage with the topics discussed through the inclusion of innovative exercises *Adapting Graham Greene* makes a significant contribution to Graham Greene Studies and Adaptation Studies as well as to Film and Literary Studies more generally *The Life and Death of Peter Sellers* Roger Lewis,1997 Traces the life and career of the British actor discusses his major roles and depicts his complex and often difficult personality
