Shadow Man A Daughters Search For Her Father:

The Shadow Man Mary Gordon, 1997-04-29 In *The Shadow Man* the bestselling author of *Final Payments* and *The Company of Women* elevates the memoir into an uncompromising and unforgettable art form as she seeks to learn the truth about her lost father 20 photos

Fatherless Daughters Pamela Thomas, 2018-03-27 A moving elegantly written and exhaustively researched account of what it means for a girl to lose a father to death or divorce with advice for fatherless daughters on how to cope People who lose their parents early in life are like fellow war veterans As soon as they discover that they are talking to someone else who has lost a parent they know they are speaking the same language without uttering a word Pamela Thomas gives voice to this unspoken pain in *Fatherless Daughters* Still haunted by her own father's death when she was ten Thomas decided to explore its effects Though her journey began as a personal one she soon felt the need to hear from other women and ended up interviewing more than one hundred fatherless women They ranged in age from nineteen to ninety four they came from all areas of the country as well as Europe and Asia some had lost their fathers to death others to divorce or abandonment Each account was unique but the impact of a father's loss was profound in every woman's life Thomas begins by defining what it means to be a father in our world She discusses the initial shock of his loss exploring the aspects that color how a young girl experiences it her age at the time of her father's death or abandonment her mother's behavior and attitudes her place in the family vis vis siblings and the influence of a stepfather or father surrogates Thomas shows how a father's early death or abandonment affects a woman's emotional health and self esteem her body image her sexual experiences her marriage her family life and her career Perhaps most important Thomas offers compassionate advice for coming to terms with father loss even late in life from actively mourning to healing to starting fresh

Be Good, Sweet Maid Audrey Andrews, 2011-08-25 January 21 1995 Dorothy Joudrie is arrested for attempting to murder her estranged husband Soon after Audrey Andrews begins to write her book Audrey and Dorothy had known each other as children but the identification of Andrews with Joudrie goes beyond merely the accident of a childhood acquaintance It has to do with being subjected to the same societal constraints placed on girls and women during the years immediately following World War II the years in which they had prepared for their adult lives Expectations placidly accepted then are now seen as unrealistic and unreasonable Did these expectations have some part in causing the tragedy in Dorothy Joudrie's life When Andrews attempted to understand why Dorothy Joudrie had tried to kill her husband and to write Joudrie's story she began to examine her own life her own expectations those she had of herself and those others had of her She also realized that telling the story of anyone is an intricate and often ephemeral pursuit Any story she wrote could only be her version of Joudrie's experience Nevertheless it was important to be as honest as she could about her interpretation of that life She determined to show carefully and accurately the damage that had been done to one woman damage that is still being done to many others through prejudice attitudes traditions and the institutions that are still the foundation of our society and of our

lives everyday The result is a fascinating account of events leading up to the trial the trial itself and the effect of Joudrie s trial on the life of Audrey Andrews *Critical Approaches to Life Writing Methods in Qualitative Research* Thalia M.

Mulvihill,Raji Swaminathan,2017-04-07 Life writing projects have become part of the expanding field of qualitative research methods in recent years and advances in critical approaches are reshaping methodological pathways *Critical Approaches to Life Writing Methods in Qualitative Research* gives researchers and students looking for a brief compendium to guide their methodological thinking a concise and working overview of how to approach and carry out different forms of life writing This practical book re invigorates the conversation about the possibilities and innovative directions qualitative researchers can take when engaged in various forms of life writing such as biography autobiography autoethnography life history and oral history It equips the reader with the tools to carry out life writing projects from start to finish including choosing a topic or subject examining lives as living data understanding the role of documents and artifacts learning to tell the story and finally writing performing displaying through the voice of the life writer The authors also address the ways a researcher can begin a project work through the issues they might face along the journey and arrive at a shareable product With its focus on the plurality of life writing methodologies *Critical Approaches to Life Writing Methods in Qualitative Research* occupies a distinct place in qualitative research scholarship and offers practical exercises to guide the researcher Examples include exploring authorial voice practical applications of reflexivity exercises the relationship between the narrator and participants navigating the use of public and private archives understanding the processes of collaborative inquiry and collaborative writing and writing for various audiences *Playing Pygmalion* Ruthellen Josselson,2007-06-01 Like Pygmalion with his Galatea we create the characters of people in our lives Although others appear to us to be who they just are there are complicated psychological processes outside of our awareness that lead us to experience people in ways that we ourselves construct Psychoanalytic theory offers a wealth of understanding of how people unconsciously create what they both need and dread But these processes are not well understood by most therapists Too often therapists join their patients in overlooking their own role in creating the relationships in their lives such that it seems that patients were simply unfortunate to have an un giving mother or to find an unloving spouse Because processes of creation in relationship are largely unconscious they are much harder to see As a result most theorists of relationships acknowledge that they exist but offer little language or explication for how they unfold or manifest themselves *Playing Pygmalion* is an effort to trace in psychological terms the subtle interplay by which people create the other This book adapts the psychoanalytic concepts of transitional object usage and projective identification to show their importance and applicability beyond the therapeutic situation to the understanding of people s relational lives Using examples from literature film and clinical work to illustrate the theory the book goes on to consider in depth the relationship narratives of four pairs of ordinary people to demonstrate how people unconsciously create one another The stories demonstrate that the other is always more than one conceives him

or her to be Readers inevitably rethink some of their important relationships in terms of how they are creating people or being created by them This may lead them to take in other aspects of the person to see how they are looking very selectively at a human being who exists beyond their relationship These stories also provide cautionary tales to therapists who begin to believe in the simpl

On Thomas Merton Mary Gordon,2020-01-07 From the best selling novelist and memoirist a deeply personal view of her discovery of the celebrated modern monk and thinker through his writings If Thomas Merton had been a writer and not a monk we would never have heard of him If Thomas Merton had been a monk and not a writer we would never have heard of him So begins acclaimed author Mary Gordon in this probing candid exploration of the man who became the face and voice of mid twentieth century American Catholicism Approaching Merton writer to writer Gordon illuminates his life and work through his letters journals autobiography and fiction Pope Francis has celebrated Merton as a man of dialogue and here Gordon shows that the dialogue was as much internal as external an unending conversation and at times a heated conflict between Merton the monk and Merton the writer Rich with excerpts from Merton s own writing *On Thomas Merton* produces an intimate portrait of a man who lived life in all its imperfectability reaching toward it in exaltation pulling back in anguish but insisting on the primacy of his praise as a man of God

The Diseased Brain and the Failing Mind Martina Zimmermann,2020-06-25 This book is available as open access through the Bloomsbury Open programme and is available on www.bloomsburycollections.com It is funded by The Wellcome Trust The Diseased Brain and the Failing Mind charts changing cultural understandings of dementia and alzheimer s disease in scientific and cultural texts across the 20th Century Reading a range of texts from the US UK Europe and Japan the book examines how the language of dementia regarding the loss of identity loss of agency loss of self and life is rooted in scientific discourse and expressed in popular and literary texts Following changing scientific understandings of dementia the book also demonstrates how cultural expressions of the experience and dementia have fed back into the way medical institutions have treated dementia patients The book includes a glossary of scientific terms for non specialist readers

Ford Madox Ford and America ,2012-01-01 The controversial British writer Ford Madox Ford 1873 1939 is increasingly recognized as a major presence in early twentieth century literature This series of International Ford Madox Ford Studies was founded to reflect the recent resurgence of interest in him Each volume is based upon a particular theme or issue and relates aspects of Ford s work life and contacts to broader concerns of his time Ford is best known for his fiction especially *The Good Soldier* long considered a modernist masterpiece and *Parade s End* which Anthony Burgess described as the finest novel about the First World War Samuel Hynes has called the greatest war novel ever written by an Englishman and which has been adapted by Tom Stoppard for the BBC and HBO Ford s America like the other places he wrote about extensively such as England or France is a place of the imagination as much as the real place in which he lived and travelled This volume is the first

extended treatment of Ford's lifelong contacts with American literature and culture. It combines contributions from British and American experts on Ford and Modernism. It has five closely inter-connected sections which display between them the range of Ford's creative relationships with American writers and American territory. The first explores the transatlantic dimension of Ford's modernism from his involvement with Americans like James and Pound in Britain before the war through the Paris days among the Americans in the transatlantic review circle such as Hemingway and Stein to his time in America in the 20s and 30s and the American care for his reputation after his death. The second section focuses on New York and the publishing world portrayed in Ford's only novel set mainly in the US *When the Wicked Man*. A third section discussing culture, politics and journalism in his writing of the 1930s is followed by two examples of his commentary on contemporary American culture both published here for the first time. The final section juxtaposes two examples of the many American writers who have paid tribute to Ford: an essay tracking Robert Lowell's regular recollections of his encounters with him and Mary Gordon's celebration of his life with the Polish American painter Janice Biala. The volume also contains fourteen illustrations including artwork by Biala and photographs of Ford.

Reading Autobiography Sidonie Smith, Julia Watson, 2010-07-02

With the memoir boom, life storytelling has become ubiquitous and emerged as a distinct field of study. *Reading Autobiography*, originally published in 2001, was the first comprehensive critical introduction to life writing in all its forms. Widely adopted for undergraduate and graduate level courses, it is an essential guide for students and scholars reading and interpreting autobiographical texts and methods across the humanities, social sciences and visual and performing arts. Thoroughly updated, the second edition of *Reading Autobiography* is the most complete assessment of life narrative in its myriad forms. It lays out a sophisticated theoretical approach to life writing and the components of autobiographical acts including memory, experience, identity, embodiment, space and agency. Sidonie Smith and Julia Watson explore these components, review the history of life writing and the foundations of autobiographical subjectivity and provide a toolkit for working with twenty-three key concepts. Their survey of innovative forms of life writing such as autographics and installation self-portraiture charts recent shifts in autobiographical practice. Especially useful for courses are the appendices, a glossary covering dozens of distinct genres of life writing, proposals for group and classroom projects and an extensive bibliography.
