

SHADOW OF SPIRIT POSTMODERNISM AND RELIGION

Edited by PHILIPPA BERRY and ANDREW WERNICK

Shadow Of Spirit Postmodernism And Religion

Steven Connor

Shadow Of Spirit Postmodernism And Religion:

Shadow of Spirit Philippa Berry, Andrew Wernick, 2006-04-27 By illuminating the striking affinity between the most innovative aspects of postmodern thought and religious mystical discourse *Shadow of Spirit* challenges the long established assumption that western thought is committed to nihilism This collection of essays by internationally recognised scholars explores the implications of the fascination with the sacred divine or infinite which characterizes much contemporary thought It shows how these concerns have surfaced in the work of Derrida Baudrillard Lyotard Kristeva Irigaray and others Examining the connection between this postmodern turn and the current search for a new discourse of ethics and politics it also stresses the contribution made by feminist thought to this unexpected intellectual direction *The Routledge*

Companion to Postmodernism Stuart Sim, 2012-05-23 This fully revised third edition of *The Routledge Companion to Postmodernism* provides the ideal introduction to postmodernist thought Featuring contributions from a cast of international scholars the Companion contains 19 detailed essays on major themes and topics along with an A Z of key terms and concepts As well as revised essays on philosophy politics literature and more the first section now contains brand new essays on critical theory business gender and the performing arts The concepts section too has been enhanced with new topics ranging from hypermedia to global warming Students interested in any aspect of postmodernism will continue to find this an indispensable resource *Postmodernity, Sociology and Religion* Kieran Flanagan, Peter C. Jupp, 2016-07-27 This topical

collection of eleven commissioned essays by well established contributors from sociology religious studies and theology is one of the first treatments of the relationship between postmodernity and religion from a sociological perspective The essays cover a diversity of interests but treat postmodernity in terms of its implications for the self the New Age and theology particularly Catholicism and Judaism Two of the essays are original appraisals of two important French writers on religion Jean Luc Marion and Daniele Hervieu Leger *Religion, Education and Post-Modernity* Andrew Wright, 2003-12-16 This

book the first to explore religious education and post modernity in depth sets out to provide a much needed examination of the problems and possibilities post modernity raises for religious education At once a general introduction to this topic and a distinctive contribution to the debate in its own right *Religion Education and Post modernity* explores and illuminates the problems and possibilities opened up for religious education by postmodern thought and culture The book describes the emergence of post modernity considers the impact of post modernity on religion addresses its impact on the philosophy of religion and considers the nature of religious education in the post modern world Andrew Wright argues that although post modernity has much to offer the religious educator there are also many pitfalls and dangers to be avoided Steering clear of the extreme of post modern hyper realism he constructs a religious pedagogy sensitive to post modern concerns for alterity difference and the voice of the Other whilst insisting on the importance of reasons in cultivating religious literacy **The**

Cambridge Companion to Postmodernism Steven Connor, 2004-07-15 *The Cambridge Companion to Postmodernism*

offers a comprehensive introduction to postmodernism The Companion examines the different aspects of postmodernist thought and culture that have had a significant impact on contemporary cultural production and thinking Topics discussed by experts in the field include postmodernism's relation to modernity and its significance and relevance to literature film law philosophy architecture religion and modern cultural studies The volume also includes a useful guide to further reading and a chronology This is an essential aid for students and teachers from a range of disciplines interested in postmodernism in all its incarnations Accessible and comprehensive this Companion addresses the many issues surrounding this elusive enigmatic and often controversial topic

Theorising Religion John Walliss, 2017-10-24 Religion is controversial and challenging Whilst religious forces are powerful in numerous societies they have little or no significance for wide swaths of public or private life in other places The task of theoretical work in the sociology of religion is therefore to make sense of this apparently paradoxical situation in which religion is simultaneously significant and insignificant The chapters of Part One consider the classical roots of ideas about religion that dominated sociological ways of thinking about it for most of the twentieth century Each chapter offers sound reasons for continuing to find theoretical inspiration and challenge in the sociological classics whilst also seeking ways of enhancing and extending their relevance to religion today Part Two contains chapters that open up fresh perspectives on aspects of modern post modern and ultra modern religion without necessarily ignoring the classical legacy The chapters of Part Three chart new directions for the sociological analysis of religion by fundamentally re thinking its theoretical basis by extending its disciplinary boundaries and by examining previously overlooked topics

Feminist Philosophy of Religion Pamela Sue Anderson, Beverley Clack, 2004 Feminist Philosophy of Religion Critical Readings brings together key new writings in this growing field

Religion at Play Andre Droogers, 2015-03-26 Is a powerful position a guarantee that a religion will continue Does God take sides in religious power struggles Can God survive religious exclusivity and diversity Is God migrating from out there to in here Is religion sustainable in the long run In seeking answers to these questions this book explores the possibilities afforded by playful religion Religion has playful origins but this aspect is forgotten as soon as institutional power becomes self serving instead of subservient Power changes the very essence of religion Virtually all religions are distorted versions of a playful original Institutionalization is religion's curse not its blessing Apparent success hides the failure of religion to be faithful to its original intent This book helps find the way back from bordering to inclusivity and openness

American Dharma Ann Gleig, 2019-02-26 The past couple of decades have witnessed Buddhist communities both continuing the modernization of Buddhism and questioning some of its limitations In this fascinating portrait of a rapidly changing religious landscape Ann Gleig illuminates the aspirations and struggles of younger North American Buddhists during a period she identifies as a distinct stage in the assimilation of Buddhism to the West She observes both the emergence of new innovative forms of deinstitutionalized Buddhism that blur the boundaries between the religious and secular and a revalorization of traditional elements of Buddhism such as ethics and community

that were discarded in the modernization process Based on extensive ethnographic and textual research the book ranges from mindfulness debates in the Vipassana network to the sex scandals in American Zen while exploring issues around racial diversity and social justice the impact of new technologies and generational differences between baby boomer Gen X and millennial teachers

The Year 2000 Charles B. Strozier, Michael Flynn, 1997-08 A fascinating collection of predictions for the end times in the year 2000 The Year 2000 is at hand The end of the millennium means many things to many people but it has significance for almost everyone A thousand years ago monks stopped copying manuscripts and religious building projects came to a halt as panic swept Europe Today anxiety about global warming government power superviruses even recycling is on some level rooted in the fear of irreversible cataclysm In a landscape shadowed by racial conflict technological upheaval AIDS and nuclear weapons we reasonably fear the end of history 2000 looms large in our religious political and cultural imagination But while 2000 brings dread it also raises the prospect of transformation There is hope to be found in the apocalyptic This panoramic volume explores how the Year 2000 operates in contemporary political discourse from Black evangelical politics to radical right wing rhetoric One section is devoted specifically to apocalyptic violence analyzing twentieth century cults and cultural movements from David Koresh who renamed his Waco compound Ranch Apocalypse and perished in a modern day Armageddon that fueled the millennialist angst of other extremist groups to environmental campaigns like Earth First that also rely on the language of violence and imminent doom in their greening of the Apocalypse

Getting the books **Shadow Of Spirit Postmodernism And Religion** now is not type of challenging means. You could not unaccompanied going subsequently book accrual or library or borrowing from your contacts to retrieve them. This is an categorically simple means to specifically get guide by on-line.
