Shadows Of The Midwest:

Shadows of the Midwest Joseph Washington, 2003-05 *Fifty Common Birds of the Upper Midwest* Dana Gardner, Nancy Overcott, 2007-09 No bird is common if we use common to mean ordinary But birds that are seen more commonly than others can seem less noteworthy than species that are rarely glimpsed In this gathering of essays and illustrations celebrating fifty of the most common birds of the Upper Midwest illustrator Dana Gardner and writer Nancy Overcott encourage us to take a closer look at these familiar birds with renewed appreciation for their not so ordinary beauty and lifeways Beginning with the garishly colored male and the more gently colored female wood duck whose tree cavity nest serves as a launching pad for ducklings in the summer months and ending on a bright yellow note with the American goldfinch whose cheerful presence enlivens the midwestern landscape all year long Overcott combines field observations drawn from her twenty plus years of living and birding in Minnesota's Big Woods with anecdotes and data from other ornithologists to portray each species life cycle its vocalizations and appearance and its habitat food and foraging methods as well as migration patterns and distribution Infused with a dedication to conserving natural resources her succinct yet personable prose forms an ideal complement to Gardner's watercolors as this renowned illustrator of avian life worldwide revisits the birds of his childhood Together art and text ensure that the wild turkey great blue heron sharp shinned hawk barred owl pileated woodpecker house wren ovenbird field sparrow rose breasted grosbeak red winged blackbird and forty other species of the Upper Midwest are never seen as common again *Shadow-Makers* Stephen Kite, 2017-10-19 The making of shadows is an act as old as architecture itself From the gloom of the medieval hearth through to the masterworks of modernism shadows have been an essential yet neglected presence in architectural history *Shadow Makers* tells for the first time the history of shadows in architecture It weaves together a rich narrative combining close readings of significant buildings both ancient and modern with architectural theory and art history to reveal the key places and moments where shadows shaped architecture in distinctive and dynamic ways It shows how shadows are used as an architectural instrument of form composition and visual effect while also exploring the deeper cultural context tracing differing conceptions of their meaning and symbolism whether as places of refuge devotion terror occult practice sublime experience or as metaphors of the unconscious Within a chronological framework encompassing medieval baroque enlightenment sublime picturesque and modernist movements a wide range of topics are explored from Hawksmoor's London churches Japanese temple complexes and the shade patterns of Islamic cities to Ruskin in Venice and Aldo Rossi and Louis Kahn in the 20th century This beautifully illustrated study seeks to understand the work of these shadow makers through their drawings their writings and through the masterpieces they built **The Looking Glass Within: Reflections of a Midwestern Memoir** Pasquale De Marco, 2025-05-09 In this heartwarming and evocative memoir the author takes us on a journey through the heart of the American Midwest capturing the essence of this special region and the lives of its people Through vivid storytelling and rich

descriptions the author paints a portrait of a place where values run deep communities thrive and the land itself holds a sacred place in the hearts of its inhabitants We meet a cast of unforgettable characters each with their own unique story to tell There s the wise old farmer who has witnessed generations of change the young entrepreneur who is daring to dream big and the small town doctor who is the heart and soul of the community Through their eyes we gain a glimpse into the challenges and triumphs that define life in this special corner of the world The author explores the small towns that dot the landscape where everyone knows everyone else and a sense of community prevails We gather around the kitchen table for hearty meals and lively conversations sharing stories and laughter with friends and family We experience the changing seasons from the vibrant hues of autumn to the tranquil beauty of winter snow The Midwest is a place where hard work and determination are valued above all else It s a place where people are known for their honesty integrity and unwavering resilience It s a place where tradition and innovation coexist where the past is remembered and the future is embraced As we journey through the heartland we discover the values that have shaped this region and the people who live here We learn about the importance of family community and the land itself We come to appreciate the simple pleasures of life and the enduring spirit of the American Midwest This book is a celebration of the Midwest and its people It s a reminder of the values that truly matter and the power of community It s a story that will touch your soul and stay with you long after you finish reading If you like this book write a review on google books
