Shadows Of Light Of Waco:

The Shadows and Lights of Waco James D. Faubion, 2001-12-09 At once a thoroughly engrossing project and a wonderfully experimental piece of writing this is a book of deep and original arguments Susan Friend Harding author of *The Book of Jerry Falwell Religion, Morality, and Community in Post-Soviet Societies* Mark D. Steinberg, Catherine Wanner, 2008-11-13 This collection reveals the presence and power of religious belief and practice in public life after the demise of Soviet socialism Based on recent research and interdisciplinary methodologies *Religion Morality and Community in Post Soviet Societies* examines how religious organizations and individuals engage the changing and troubled environment in which they live which presents expanded civil freedom but much everyday uncertainty unhappiness injustice and suffering Page 4 of cover *Method as Identity* Christopher M. Driscoll, Monica R. Miller, 2020-07-02 *Method as Identity* Manufacturing Distance in the Academic Study of Religion emphasizes the inexorable influence that social identities exert in shaping methodological choices within the academic study of religion as witnessed in sui generis appeals to particularity and reliance on or rejection of identity based standpoints Can data speak back and if so would scholars have ears to listen With a refreshing hip hop sensibility Miller and Driscoll argue that what cultural theorist Jean Fran ois Bayart refers to as a battle for identity forces a necessary confrontation with the impact of social identities and their histories haunting our fields of study These complex categorical specters make it nearly impossible to untether the categories of identity that we come to study from the identity of categories shaping our methodological lenses Treating method as an identity revealing technique of distance making between the proper scholar and the less than scholarly advocate for religion Miller and Driscoll examine a variety of discursive milieus of vagueness consider for instance essentialism origins authenticity at work in the contemporary discussion of critical methods that lack the necessary specificity for doing the heavy lifting of analytically handling the asymmetrical dimensions of power part and parcel to social identification Through interdisciplinary discussions that draw on thinkers including Charles H Long Bruce Lincoln Russell T McCutcheon Theodor Adorno Jacques Derrida C Wright Mills Laurel C Schneider William D Hart Tomoko Masuzawa Anthony B Pinn bell hooks Roderick Ferguson John L Jackson Jasbir Puar and Jean Fran ois Bayart among others *Method as Identity* intentionally blurs the lines classifying proper scholarly approach and proper objects of study With an intentional effort to challenge the de facto disciplinary segregation marking the field and study of religion today *Method as Identity* will be of interest to scholars involved in discussions about theory and method for the study of religion and especially researchers working at the intersections of identity difference and classification and the politics thereof **Leaving** Anthony Stavrianakis, 2020-04-28 The first book length anthropological study of voluntary assisted dying in Switzerland *Leaving* is a narrative account of five people who ended their lives with assistance Stavrianakis places his observations of the judgment to end life in this way within a larger inquiry about how to approach and understand the practice of assisted suicide which he characterizes as operating in a political legal and medical

parazone adjacent to medical care and expertise Frequently observers too rapidly integrate assisted suicide into moral positions that reflect sociological and psychological commonplaces about individual choice and its social determinants Leaving engages with core early twentieth century psychoanalytic and sociological texts arguing for a contemporary approach to the phenomenon of voluntary death seeking to learn from such conceptual repertoires as well as to acknowledge their limits Leaving concludes on the anthropological question of how to account for the ethics of assistance with suicide to grasp the actuality and composition of the ethical work that goes on in the configuration of a subject one who is making a judgment about dying with other participants and observers the anthropologist included Beautiful Shadow Andrew Wilson,2008-12-07 The life of Patricia Highsmith was as secretive and unusual as that of many of the best known characters who people her peerlessly disturbing thrillers and short stories Yet even as her work has found new popularity in the last few years the life of this famously elusive writer has remained a mystery For Beautiful Shadow the first biography of Highsmith British journalist Andrew Wilson mined the vast archive of diaries notebooks and letters she left behind astonishing in their candor and detail He interviewed her closest friends and colleagues as well as some of her many lovers But Wilson also traces Highsmith s literary roots in the work of Poe noir and existentialism locating the influences that helped distinguish Highsmith s writing so startlingly from more ordinary thrillers The result is both a serious critical biography and one that reveals much about a brilliant and contradictory woman one who despite her acclaim and affairs always maintained her solitude

From the Outside Looking In Reid L. Neilson,Matthew J. Grow,2016 This book contains fifteen essays from leading historians and religious studies scholars each originally presented as the annual Tanner lecture at the conference of the Mormon History Association Approaching Mormon history from a variety of angles such as gender identity creation American imperialism and globalization these scholars all experts in their fields but new to the study of Mormon history itself ask intriguing questions about Mormonism s past and future and analyze familiar sources in unexpected ways Memories of the Branch Davidians Bonnie Haldeman,2007 The 1993 event at Mt Carmel shocked all of America and has since spawned a plethora of books regarding the truth about the Branch Davidians Memories of the Branch Davidians is the story told from the inside The oral history of Bonnie Haldeman the mother of Vernon Howell David Koresh offers an intimate first hand account of how a boy named Vernon Howell became David Koresh Haldeman paints a picture of Koresh that could only be told by one who knew both his greatest strengths and his deepest faults

Introduction to New and Alternative Religions in America William M. Ashcraft,Eugene V. Gallagher,2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more mis understanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile
