Shake The Stars Down:

The Stars Down Under Sandra McDonald, 2024-08-06 Chief Terry Myell and Lieutenant Commander Jodenny Scott are in that most precarious of military situations a mixed marriage Enlisted and officer It s unnatural Terry and Jodenny have been assigned to duty on the planet Fortune away from the huge ships that carry colonists from the wreckage of polluted Earth to clean new worlds across the galaxy But there s another way besides spaceships to travel from world to world A group within Team Space is exploring the Wondjina Spheres a set of ancient alien artifacts that link places and times Now those spheres have shut down and Team Space thinks that Terry and Jodenny are part of the key to make them work again no matter how the two of them feel about it They can volunteer or be volunteered What the researchers can t anticipate is that the status quo in which Team Space holds the monopoly on travel between worlds is about to change And as a result Terry and Jodenny will be tested to their limits and beyond

The Stars Down to Earth Theodor Adorno, 2002-11-01 *The Stars Down to Earth* shows us a stunningly prescient Adorno Haunted by the ugly side of American culture industries he used the different angles provided by each of these three essays to showcase the dangers inherent in modern obsessions with consumption He engages with some of his most enduring themes in this seminal collection focussing on the irrational in mass culture from astrology to new age cults from anti semitism to the power of neo fascist propaganda He points out that the modern state and market forces serve the interest of capital in its basic form Stephan Crook s introduction grounds Adorno s arguments firmly in the present where extreme religious and political organizations are commonplace so commonplace in fact that often we deem them unworthy of our attention Half a century ago Theodore Adorno not only recognised the dangers but proclaimed them loudly We did not listen then Maybe it is not too late to listen now
