*What Television Remembers* Jennifer VanderBurgh, 2023-10-15 Television in Canada has been undervalued as a cultural form Despite being publicly funded Canadian television programs are also notoriously difficult to access once they go off the air which has compounded the problem In *What Television Remembers* Jennifer VanderBurgh intervenes in the story of the medium in Canada by exploring the long relationship between TV and the city of Toronto From the first demonstration of television at the Canadian National Exhibition in 1939 and the mass viewing of Queen Elizabeth II s coronation broadcast in 1953 to the late century installation of TV screens in public spaces around the city television has shaped Toronto s collective imagination and affirmed viewers in their multiple identities as local residents national citizens and transnational consumers In a close reading of Toronto based CBC dramas from the 1960s to 2010 VanderBurgh explains how the city has functioned as a strategic location in CBC programming reflecting dramatically changing ideas about Canadian identity community and citizenship At a time when many are suggesting that the era of television is over *What Television Remembers* sounds the alarm that we are in danger of forgetting TV in Canada without appreciating the complexities of its contributions and legacy

Lilibet Carolly Erickson, 2007-04-01 In *Lilibet* master biographer Carolly Erickson turns her skill at writing unputdownable narrative to telling the remarkable story of Elizabeth II Queen of England With her customary psychological insight historian Erickson traces the queen s gilded but often thorny path from her overprotected girlhood to her ascension to the

throne at twenty five to her personal and national difficulties as queen Lilibet shows us an Elizabeth we thought we knew but shows her in a different light as a small shy woman with a sly and at times raucous sense of humor a woman who appears stiff in public but in private enjoys watching wrestling on TV A woman most at home among her horses and dogs And a woman long annealed to heartbreak and sorrow who has presided over the decline of Great Britain and the decline in prestige of her own Windsor dynasty Far from being a light gossipy treatment of a celebrity Lilibet tells the queen s story from her point of view letting the reader relive Elizabeth s long and eventful life with all its splendid ceremonies momentous responsibilities and family clashes Through it all we glimpse as never before the strong and appealing sovereign who has ruled over her people for half a century and more a ruler of immense wealth international esteem and high character whose daily life is grounded in the bedrock of common sense

Orphans of the Living Joanna Penglase,2007-12-01 Drawing on interviews submissions to the Senate Inquiry and personal experience this revealing documentation describes for the first time the experience of Forgotten Australians from the perspective of the survivors In August 2004 Parliamentary senators wept as they presented the report from the Senate Inquiry into the treatment of children in care Half a million children grew up in care in 20th century Australia and most often these children lived with daily brutal physical and emotional abuse in the sterile environment of an institution Unraveling with tenderness compassion and intellect the seemingly explicable accounts as to how and why this occurred this study reveals the profound personal costs to the children involved and the huge social and economic ramifications of past policies

*Tomboys and bachelor girls* Rebecca Jennings,2017-10-03 Using a rich array of oral histories and archival sources *Tomboys and Bachelor Girls* provides the first detailed academic study of lesbian identity and culture in post war Britain Described by psychiatrists as immature and neurotic and widely ignored as taboo by mainstream society lesbians nevertheless recognised and accepted their same sex desire and sought out women like themselves Challenging the conventional picture of the post war decades as years of austerity and conservative femininity this book traces the emergence of a vibrant lesbian social scene in Britain centred on the metropolitan nightclubs of post war London but also developing across the country through lesbian magazines and social organisations This fascinating book brings to life the rich history of post war lesbian culture for the scholarly and general reader alike
