Tending to the Past Karen Michele Chandler,2024-01-18 In many popular depictions of

Black resistance to slavery stereotypes around victimization and the heroic efforts of a small number of individuals abound. These ideas ignore the powers of ordinary families and obscure the systematic working of racism. *Tending to the Past: Selfhood and Culture in Children's Narratives about Slavery and Freedom* examines Black authored historical novels and films for children that counter this distortion and depict creative means by which ordinary African Americans survived slavery and racism in early America. *Tending to the Past* argues that this important understudied historical writing freedom narratives calls on young readers to be active critical thinkers about the past and its legacies within the present. The book examines how narratives by children's book authors such as Joyce Hansen, Julius Lester, Marilyn Nelson, and Patricia McKissack and the filmmakers Charles Burnett and Zeinabu Irene Davis were influenced by Black cultural imperatives such as the Black Arts Movement to foster an engaged culturally aware public. Through careful analysis of this rich body of work, *Tending to the Past* thus contributes to ongoing efforts to construct a history of Black children's literature and film attuned to its range, specificity, and depths. *Tending to the Past* provides illuminating interpretations that will help scholars and educators see the significance of the freedom narratives' reconstructions in a neoliberal era, a time of shrinking opportunities for many African Americans. It offers models for understanding the powers and continuing relevance of the Black child's creative agency and the Black cultural practices that have fostered it.

Lovesong Julius Lester, 2013-08-01 Julius Lester was born the son of a Black Methodist minister in the South. His book *Lovesong* is a beautifully written account of his spiritual journey away from the conventions of his Southern heritage and Methodist upbringing, culminating in his personal self-discovery through a conversion to Judaism. Growing up in the turbulent civil rights era South, Lester was often discouraged by the disconnectedness between the promises of religion and the realities of his life. He used the outlets available to him to try to come to grips with this split and somehow reconcile the injustices he was witnessing with the purity of religion. He became a controversial writer and commentator, siding with neither Blacks nor Whites in his unconventional viewpoints. He became a luminal figure of the times, outside of the conventional labels of race, religion, politics, or philosophy. Lester's spiritual quest would take him through the existential landscape of his Southern Christian upbringing into his ancestry, winding through some of the holiest places on the planet and into the spiritual depths of the world's major religious cultures. His odyssey of faith would unexpectedly lead him to discovering Judaism as his true spiritual calling.
