Looking At Cars:

Cars We Love Brian Earnest, 2011-06-23 From the foreword these cars aren't rare or unique but they have other things going for them Sometimes they were the subject of amazing restorations or rescue efforts Sometimes against all odds they remained in one family for generations or were babied to extremes and today have ridiculously low totals on their odometers These are the cars that have stories They might not have been amazing when they were new but they are unique now because of the lives they've lived and the owners who have sat in their driver's seats They've got history and if they could talk what amazing tales they could tell us

Cars George Bowering, Ryan Knighton, 2002 It's not where you're going but how you get there Everyone's got a good story to tell about cars a funny fender bender a bad cab ride awkward amorous acrobatics But the stories we tell about cars tell even more about ourselves You'll see what we mean in *Cars* George Bowering one of Canada's Grand Prix writers and Ryan Knighton a young writer just entering the race realized that they could tell the stories of their lives and friendship through the automobiles that have driven them Now these aren't your ordinary boys and cars stories There's no drag racing or cruising for chicks In fact George likes to drive pretty slowly and Ryan who is now blind doesn't drive at all But they take turns in the literary driver's seat bantering and fender nudging so their stories curve and tangle like a BC highway until what emerges is a poignant hilarious conversation Boiling fish in the radiator jousting with a forklift cabbaging with Doris Lessing in one hundred panels that's fifty each George and Ryan tell the tales of their friendship families friends and loves all illuminated by the dashboard light *Cars* is an auto biography that'll chauffeur you through the intersection of the lives of two of Canada's most exciting writers

Mad Chloé Esposito, 2017-06-13 In this compulsively readable debut set between London and Sicily over one blood-drenched week in the dead of summer an identical twin reveals the crazy lies and twists she'll go through to not only steal her sister's perfect life but to keep on living it Alvie Knightly is a

trainwreck aimless haphazard and pretty much constantly drunk Alvie's existence is made even more futile in contrast to that of her identical and perfect twin sister Beth Alvie lives on social media eats kebabs for breakfast and gets stopped at security when the sex toy in her carry on starts buzzing Beth is married to a hot rich Italian dotes on her beautiful baby boy and has always been their mother's favorite The twins days of having anything in common besides their looks are long gone When Beth sends Alvie a first class plane ticket to visit her in Italy Alvie is reluctant to go But when she gets fired from the job she hates and her flatmates kick her out on the streets a luxury villa in glitzy Taormina suddenly sounds more appealing Beth asks Alvie to swap places with her for just a few hours so she can go out unnoticed by her husband Alvie jumps at the chance to take over her sister's life if only temporarily But when the night ends with Beth dead at the bottom of the pool Alvie realizes that this is her chance to change her life Alvie quickly discovers that living Beth's life is harder than she thought What was her sister hiding from her husband And why did Beth invite her to Italy at all As Alvie digs deeper she uncovers Mafia connections secret lovers attractive hitmen and one extremely corrupt priest all of whom are starting to catch on to her charade Now Alvie has to rely on all the skills that made her unemployable a turned to 11 sex drive a love of guns lying to her mother if she wants to keep her million dollar prize She is uncensored unhinged and unforgettable **The Enthusiasts' Guide to Buying a Classic British Sports Car** Peter Hingston, 2007 *The Southeastern Reporter*, 1911 Alien Technology Ananda Mitra, 2010-12 This book explores the consequences of technological alienation on individuals and communities in the modern time We have already started witnessing situations in which those who are alienated from technologies are at the mercy of those who are in the k Preface The Law of Technological Alienation The Cup Holder on My PC is Broken Maybe My Monitor's Out of Ink Computer Problems Don't Go Nuts I Can Fix This I Am Glad I Don't Know Those Who Know Are in Control What Do I Need to Do Studebaker Patrick Foster, 1973 *Great Cars of All Time* Irving Robbin, 2015-12-29 For enthusiasts of every age here is a gallery of great cars from the beginning to the present day Each of these machines has its own claim to fame some for fabulous styling some for technical developments that changed the course of automotive history some for racing prowess and some for sheer personality For each chapter there is a beautiful full page color portrait of the car in its proper setting The text is no mere description of the machines With authority enthusiasm and wit the author traces the history of each make illuminating the characters of both cars and men with spine tingling racing adventures and inside anecdotes While the story of each make is complete in itself and may be read alone the book as a whole provides a panorama of automotive history The story of cars is of course also the story of men some of the most colorful figures of the modern world drivers such as Nuvolari Oldfield Fangio engineers such as Bugatti Ford and Porsche But cars are the real heroes of this book in these words and pictures they emerge not as mere collections of nuts and bolts and sheet metal but as creatures with a kind of life of their own A life that embodies the urge to freedom and adventure the pride and love of beauty of both their creators and their users New York 1960 *The South Western Reporter*, 1904
