countries in the wake of war wanted to understand what really happened to women in war zones. Answers came through the point and click of a digital camera. On behalf of the IRC, Ann Jones spent two years traveling through Africa, East Asia and the Middle East giving cameras to women who had no other means of telling the world what war had done to their lives. The photography project which moved from Liberia to Syria and points in between quickly broadened to encompass the full consequences of modern warfare for the most vulnerable. Even after the definitive moments of military victory, women and children remain blighted by injury and displacement and are the most affected by the destruction of communities and social institutions. And along with peace often comes worsening violence against women, both domestic and sexual. Dramatic and compelling, animated by the voices of brave and resourceful women, *War Is Not Over When It's Over* shines a powerful light on a phenomenon that has long been cast in shadow. *Looking for Lovedu*, Ann Jones, 2001. The tale of an African adventure.
