The University has been the victim of the actions of both nations and we are disappointed in the actions of both. We are disappointed in the government of Israel, which has not been able to protect the lives of its citizens, and we are disappointed in the government of the United States, which has not been able to protect the lives of its citizens.

Not Called Richard Kronk,2022-02-04 So how do I know what I am supposed to do with my life I hear from my pastor and the things I read that God calls people to be pastors and missionaries Some people even talk about being called to be a doctor or a teacher I think I remember my mom saying she felt called to be a mom But what am I supposed to do with my life Has God actually called me to be a high school science teacher Should I be looking for something else How will I know if and when he does call me or is that just for people going into ministry after all Not Called draws on church history the evolution of Western societal norms and biblical revelation to answer these and other related questions in an effort to determine if calling as it is understood today retains the meaning it was intended to carry from the beginning In addition to a biblical and historical assessment of the evolution of the concept Not Called raises both cultural and practical challenges to the contemporary meaning and use of the concept which all but excludes Christians from a non Western first world cultural context

This Cool Green Earth Don McBurney,2021-10-05 This Cool Green Earth is a Christian story of redemption showing how God chooses an unlikely person to help advance His kingdom After touring the state Gil and his wife purchase a large ranch and provide safe shelter for disadvantaged boys from locations across America and middle Eastern refugees who have been displaced because of religious persecution Israel s re establishment as a nation state in 1948 began the final count down to judgment and the arrival of extinction level events most notably an asteroid that threatens to impact Earth This Cool Green Earth shows readers humanity s depravity issues a call to repentance presents the twin realities of a loving merciful God who is not a tame lion and the imminent arrival of cataclysmic judgment By reading Gil s story readers learn to take advantage of their opportunity while Earth is still cool and green before it turns hot and dry This Cool Green Earth is unique in that it presents a future that is catastrophic without being dystopian

Slavery Through Ages Don Nardo,2014-01-30 Recorded instances of slavery date back to the eighteenth century B C E China and slave practices continue to take place in many countries all over the world Slavery takes many forms and degrees often reflecting the values and fissures of the cultures in which it takes place This necessary volume analyzes the complex history of slavery

Boxberger Flaherty, 2022-12-30 *Presidential Rhetoric and Indian Policy* explores and analyses the dynamics of presidential rhetoric on Native peoples and issues from Nixon to the present Covering Presidents Washington through Johnson in an overview before turning to focus on the modern era of self determination Anne Flaherty offers a systematic analysis of 700 presidential statements that mention Native issues from 1969 through 2020 to evaluate whether presidents in the modern era have used their rhetorical platforms to bring attention to Native issues and to support this coherent strategy of self determination Flaherty provides evidence that rhetorical themes vary by administration and seem to either rely on more symbolic historical language or to connect more clearly to the dominant platforms and messages of the president in question The book then moves to incorporate an analysis of key outcomes compared across the administrations The data and analysis show that federal spending legislative outcomes and Supreme Court decisions have not consistently supported self determination policy over the past 50 years This book is a must read for scholars and students interested in indigenous politics Native American Indian Politics US presidency and rhetoric **A Charitable Morsel of Unleavened Bread for the author of a letter to ...
