Guess,2005 In 2000 Governor George Ryan of Illinois a Republican and a supporter of the death penalty declared a moratorium on executions in his state In 2003 he commuted the death sentences of all Illinois prisoners on death row Ryan contended that the application of the death penalty in Illinois had been arbitrary and unfair and he ignited a new round of debate over the appropriateness of execution Nationwide surveys indicate that the number of Americans who favor the death penalty is declining As the struggle over capital punishment rages on twelve states and the District of Columbia have taken bold measures to eliminate the practice This landmark study is the first to examine the history and motivations of those jurisdictions that abolished capital punishment and have resisted the move to reinstate death penalty statutes

Bohm, Gavin Lee, 2017-12-15 Capital punishment is one of the more controversial subjects in the social sciences especially in criminal justice and criminology Over the last decade or so the United States has experienced a significant decline in the number of death sentences and executions Since 2007 eight states have abolished capital punishment bringing the total number of states without the death penalty to 19 plus the District of Columbia and more are likely to follow suit in the near future Nebraska reinstated its death penalty in 2016 Worldwide 70 percent of countries have abolished capital punishment in law or in practice The current trend suggests the eventual demise of capital punishment in all but a few recalcitrant states and countries Within this context a fresh look at capital punishment in the United States and worldwide is warranted The Routledge Handbook on Capital Punishment comprehensively examines the topic of capital punishment from a wide variety of perspectives A thoughtful introductory chapter from experts Bohm and Lee presents a contextual framework for the subject matter and chapters present state of the art analyses of a range of aspects of capital punishment grouped into five sections 1 Capital Punishment History Opinion and Culture 2 Capital Punishment Rationales and Religious Views 3 Capital Punishment and Constitutional Issues 4 The Death Penalty's Administration and 5 The Death Penalty's Consequences This is a key collection for students taking courses in prisons penology criminal justice criminology and related subjects and is also an essential reference for academics and practitioners working in prison service or in related agencies *Justices William J. Brennan, Jr. and Thurgood Marshall on Capital Punishment* Alan I. Bigel, 1997 Justices William J Brennan Jr and Thurgood Marshall are the only members of the United States Supreme Court who categorically opposed the death penalty for the duration of their tenure Both wrote a large number of intellectually provocative opinions which examined a wide range of legal and moral arguments frequently raised concerning capital punishment This book is a meticulous examination of their opinions which not only amplifies their constitutional philosophy but also explores the evolving questions on capital punishment which were presented to the Court The opinions of Brennan and Marshall were extremely cogent and quite consistent in their approach to the death penalty Both maintained that the death penalty is unconstitutional and a barbaric form of punishment which has been arbitrarily inflicted based on racial and ethnic bias This book examines their opinions within the larger context of arguments generally put forward both in support of and opposition to the death penalty The text of this book originally appeared in its entirety in the Notre Dame Journal of Law Ethics and Public Policy vol 8 issue 1 1994

Capital Punishment C. Cliff, 2003 The issue of capital punishment is a continually debated issue because it calls into question the values and direction of society How is a civilisation supposed to handle lawbreakers Are some crimes so heinous and some people so dangerous that the death penalty is the only appropriate response The United States Constitution

prohibits cruel and unusual punishment but opinions on whether that includes capital punishment are vehement on both sides Many states have some form of death penalty and public opinion seems to indicate support of it in principle However many firestorms have erupted recently over the application of the penalty including the topics of its use on minors and those with mental disabilities There are also questions raised about how much of a factor race plays in a capital sentence Internationally several countries have foresworn the death penalty with certain countries in Europe and the Americas refusing to extradite criminal suspects including suspected terrorists to the US if capital punishment is a possible sentence With such politically flammable and ethically challenging issues hanging over it capital punishment is a vitally important issue to understand To help facilitate that study this book assembles a carefully selected and substantial listing of literature focussing on the death penalty Anyone researching this area of criminal justice will find this book an important tool as it offers easy access to the most relevant works about capital punishment Following the bibliography further access is provided with author title and subject indexes
