## **Quiet Riots:**

**Jet**, 2001-05-28 The weekly source of African American political and entertainment news      **This Is Not Dixie** Brent M.S. Campney, 2015-08-30 Often defined as a mostly southern phenomenon racist violence existed everywhere Brent M S Campney explodes the notion of the Midwest as a so called land of freedom with an in depth study of assaults both active and threatened faced by African Americans in post Civil War Kansas Campney s capacious definition of white on black violence encompasses not only sensational demonstrations of white power like lynchings and race riots but acts of threatened violence and the varied forms of pervasive routine violence property damage rape forcible ejection from towns used to intimidate African Americans As he shows such methods were a cornerstone of efforts to impose and maintain white supremacy Yet Campney s broad consideration of racist violence also lends new insights into the ways people resisted threats African Americans spontaneously hid fugitives and defused lynch mobs while also using newspapers and civil rights groups to lay the groundwork for forms of institutionalized opposition that could fight racist violence through the courts and via public opinion Ambitious and provocative **This Is Not Dixie** rewrites fundamental narratives on mob action race relations African American resistance and racism s grim past in the heartland      **Intellectuals and Race** Thomas Sowell, 2013-03-12 Thomas Sowell s incisive critique of the intellectuals destructive role in shaping ideas about race in America **Intellectuals and Race** is a radical book in the original sense of one that goes to the root of the problem The role of intellectuals in racial strife is explored in an international context that puts the American experience in a wholly new light The views of individual intellectuals have spanned the spectrum but the views of intellectuals as a whole have tended to cluster Indeed these views have clustered at one end of the spectrum in the early twentieth century and then clustered at the opposite end of the spectrum in the late twentieth century Moreover these radically different views of race in these two eras were held by intellectuals whose views on other issues were very similar in both eras **Intellectuals and Race** is not however a book about history even though it has much historical evidence as well as demographic geographic economic and statistical evidence all of it directed toward testing the underlying assumptions about race that have prevailed at times among intellectuals in general and especially intellectuals at the highest levels Nor is this simply a theoretical exercise The impact of intellectuals ideas and crusades on the larger society both past and present is the ultimate concern These ideas and crusades have ranged widely from racial theories of intelligence to eugenics to social justice and multiculturalism In addition to in depth examinations of these and other issues **Intellectuals and Race** explores the incentives the visions and the rationales that drive intellectuals at the highest levels to conclusions that have often turned out to be counterproductive and even disastrous not only for particular racial or ethnic groups but for societies as a whole      **Racially Motivated Violence** United States. **The Deadly Ethnic Riot** Donald L. Horowitz, 2023-11-15 Donald L Horowitz's comprehensive consideration of the structure and dynamics of ethnic violence is the first full scale comparative study of what the author terms the deadly ethnic riot an intense sudden lethal attack by civilian members of one ethnic group on civilian members of another ethnic group Serious frequent and destabilizing these events result in large numbers of casualties Horowitz examines approximately 150 such riots in about fifty countries mainly in Asia Africa and the former Soviet Union as well as fifty control cases With its deep and thorough scholarship incisive analysis and profound insights The Deadly Ethnic Riot will become the definitive work on its subject Furious and sadistic the riot is nevertheless directed against a precisely specified class of targets and conducted with considerable circumspection Horowitz scrutinizes target choices participants and organization the timing and supporting conditions for the violence the nature of the events that precede the riot the prevalence of atrocities during the violence the location and diffusion of riots and the aims and effects of riot behavior He finds that the deadly ethnic riot is a highly patterned but emotional event that tends to occur during times of political uncertainty He also discusses the crucial role of rumor in triggering riots the surprisingly limited role of deliberate organization and the striking lack of remorse exhibited by participants Horowitz writes clearly and eloquently without compromising the complexity of his subject With impressive analytical skill he takes up the important challenge of explaining phenomena that are at once passionate and calculative Donald L Horowitz's comprehensive consideration of the structure

**The Most Dangerous Man in America** John K. Wilson,2011-03-01 John K

Wilson the author of *President Trump Unveiled* tackles the ideologies of America's most notorious conservative radio talk show icon in *The Most Dangerous Man in America* Rush Limbaugh's Assault on Reason Rush Limbaugh is the most prominent figure in the conservative movement with millions of listeners every week on more than six hundred stations a larger media platform than almost any other individual in the nation And this is why he is so dangerous Despite refusing to uphold even the most basic standards of journalism Rush has been given an extensive wide reaching platform with which to spew his venom And spew it he does In this book author John K Wilson uses the most damning evidence of all Rush's own words to deliver the ultimate indictment of Limbaugh's bankrupt ideology and how it embodies the decline of the conservative movement Wilson catalogs the world according to Rush from the political conspiracies to his disdain for scientific evidence and apparent love of racist sexist and homophobic stereotypes and shows how the radio personality poisons any rational political rhetoric with an endless stream of slurs lies and intimidation Most revealingly the author demonstrates how Limbaugh's blustering baseless proclamations and love for savage personal attacks have had a chilling effect on both parties as he viciously targets not only liberals but also any Republican who dares question one of his conclusions Meanwhile Rush's viselike grip on the political arena has created a media monster so powerful that even liberal commentators are forced to engage with him and his polarizing discourse *The Most Dangerous Man in America* reveals Rush Limbaugh to be just that No matter what you thought about the man before you will never feel the same way about him again
