Many library boards have made it clear that the public library especially in smaller communities can earn its keep only by becoming the center of educational informational and entertainment possibilities for their taxpayers. This has necessitated a ten year learning curve unprecedented in professional life. Few librarians even those being schooled today in our graduate schools are prepared to shift into high gear when it comes to conceptualizing planning paying for and evaluating public programs for their patrons. Unlike its predecessors that leave ideas for public programming to the imagination *Programming for Adults* lists ideas names and messages the already fertile librarian imagination to the challenge and creativity inherent in adult programming. Legal issues are discussed possible pitfalls are flagged and evaluative follow ups are suggested. The advice put forth in this book can help you put on your show to the satisfaction of your boss and more importantly to the accolades of your public. *Make It a Party with Sizzix* Sizzix, 2016 The third book in a series of creative die cutting machine project guidebooks *Make It a Party with Sizzix* teaches readers how to make artsy invitations decorations party favours and more.
