## Quisling A Study In Treachery:

*Quisling* Hans Fredrik Dahl,1999-05-27 A 1999 biography of the notorious wartime Norwegian leader Vidkun Quisling whose name is still used as a synonym for traitor Quisling Dahl,2007 *Quisling* Hans Fredrik Dahl,1999 Charisma and Fascism Antonio Costa Pinto,Roger Eatwell,Stein Ugelvik Larsen,2014-02-25 Fascism remains a topic that fascinates both academic and general audiences This is the first book to look systematically at the leaders of fascism and related movements in the inter war era It shows how fascist leaders came to personify their movements and why the Führerprinzip was applied in all fascist organizations It also explains how fascist leadership was of a very particular kind It was almost unlimited in political discipline and required complete subordination The legitimacy was based on a very vague notion of the organic unity of the state and the people giving the leaders competence to rule without accountability to a party organization or state bodies Thus we can observe in all fascist parties movements a practical form of leadership where policies of split and rule were common in absence of principles of representation and opposition feedbacks The fascist Führer was the leader the party the ideology and when in power the state itself This book was previously published as a special issue of Totalitarian Movements and Political Religions Fascism and Ideology Salvatore Garau,2015-03-24 This book develops a number of new conceptual tools to tackle some of the most hotly debated issues concerning the nature of fascism using three profoundly different national contexts in the inter war years as case studies Italy Britain and Norway It explores how fascist ideology was the result of a sustained struggle between competing internal factions which created a precarious but also highly dynamic balance between revolutionary totalitarian and conservative authoritarian tendencies Such a balance meant that these movements were hybrids with a surprising degree of internal diversity which cannot be explained away as simple opportunism or lack of ideological substance The book's focus on fascist ideology's internal variety and aggregative potential leads it to argue that when fascism succeeded this was less an effect of its revolutionary ideas than of the opposite namely its power to integrate elements from other pre-existing ideologies Given the prevailing opinion that fascism is revolutionary by definition the book ultimately poses a challenge to the dominant view in the field of fascist studies **The Rough Guide to Norway (Travel Guide eBook)** Phil Lee,2017-03-30 The Rough Guide to Norway is the ultimate travel guide to Scandinavia's most inspiring country There's stunning photography to inspire you crystal clear maps to guide you and in depth coverage on everything from Norway's charmingly laidback cities to the mighty ice plateaus of Svalbard's arctic wilderness The Rough Guide to Norway will ensure you make the most of your time in Norway whether you are planning a city break in style conscious Oslo a retreat in a stunningly sited fjordside hamlet or an adventurous trip hiking past mountain waterfalls cross country skiing or chasing the elusive northern lights Insider reviews reveal the best places to eat drink and sleep with something for every budget whether you want to stay in a remote lighthouse or fisherman's hut enjoy Bergen's top notch culinary scene or have a night out bar hopping in Norway's buzzing capital city Make the most of your trip with The Rough
