The Makings of Indonesian Islam Michael Laffan, 2013-12 Indonesian Islam is often portrayed as being intrinsically moderate by virtue of the role that mystical Sufism played in shaping its traditions According to Western observers from Dutch colonial administrators and orientalist scholars to modern anthropologists such as the late Clifford Geertz Indonesia s peaceful interpretation of Islam has been perpetually under threat from outside by more violent intolerant Islamic traditions that were originally imposed by conquering Arab armies The Makings of Indonesian Islam challenges this widely accepted narrative offering a more balanced assessment of the intellectual and cultural history of the most populous Muslim nation on Earth Michael Laffan traces how the popular image of Indonesian Islam was shaped by encounters between colonial Dutch scholars and reformist Islamic thinkers He shows how Dutch religious preoccupations sometimes echoed Muslim concerns about the relationship between

faith and the state and how Dutch Islamic discourse throughout the long centuries of European colonialism helped give rise to Indonesia's distinctive national and religious culture. *The Makings of Indonesian Islam* presents Islamic and colonial history as an integrated whole revealing the ways our understanding of Indonesian Islam both past and present came to be.

Securitizing Islam Stuart Croft, 2012-02-09 *Securitizing Islam* shows how views of Muslims have changed in Britain since 9/11 following debates over terrorism, identity and multiculturalism. **Qur'anic Matters** Natalia K. Suit, 2020-05-14 In *Qur'anic Matters* Natalia Suit explores the materiality of books focusing on the mushaf. With its paper binding, ink and script, the mushaf is not simply a carrier of the Qur'anic text but by the virtue of its material body it also has the ability to engender reformulations of religious knowledge and practice. Reading the Qur'an on a screen of a phone for example does not require the same forms of ritual ablutions as reading a printed text. The rules of purity limiting the access to the Qur'anic text for menstruating women change when the Qur'anic text is mediated by digital bytes instead of paper. *Qur'anic Matters* spans the time between two important technological shifts: the introduction of printed Qur'anic books in Egypt in the early nineteenth century and the digitization of the Qur'an almost two centuries later. Throughout Natalia Suit weaves together the theological, legal, economic and social presences of the Qur'anic books into a single account. She argues that the message and the materiality of the object are not separate from each other nor are they separate from the human bodies with which they come in contact. **The Art of the Qur'an** Massumeh Farhad, Türk ve İslâm Eserleri Müzesi, François Déroche, Zeren

Tanındı, 2016. Published on the occasion of the exhibition *The Art of the Qur'an: Treasures from the Museum of Turkish and Islamic Arts*, Istanbul, held at the Arthur M. Sackler Gallery, Washington, D.C., October 15, 2016–February 20, 2017. **Arabic Manuscripts** Adam Gacek, 2009-06-24 Arranged alphabetically by subject and/or concept and richly illustrated, the present *vademecum* deals with various aspects of Arabic manuscript studies. A companion volume to my recently published *The Arabic Manuscript Tradition* (2001) and its *Supplement* (2008), this work constitutes an indispensable aid to students and researchers. **Bibliography of Art and Architecture in the Islamic World (2 vols.)** Susan Sinclair, 2012-04-03

Following the tradition and style of the acclaimed *Index Islamicus*, the editors have created this new *Bibliography of Art and Architecture in the Islamic World*. The editors have surveyed and annotated a wide range of books and articles from collected volumes and journals published in all European languages except Turkish between 1906 and 2011. This comprehensive bibliography is an indispensable tool for everyone involved in the study of material culture in Muslim societies. **The Paper Trail** Alexander Monroe, 2016-03-22 A sweeping, richly detailed history that tells the fascinating story of how paper, the simple Chinese invention of two thousand years ago, wrapped itself around our world: humankind's most momentous ideas imprinted on its surface. The emergence of paper in the imperial court of Han China brought about a revolution in the transmission of knowledge and ideas, allowing religions, philosophies and propaganda to spread with ever greater ease. The first writing surface sufficiently cheap, portable and printable for books, pamphlets and journals to be mass produced and distributed.

widely paper opened the way for an unprecedented ongoing dialogue between individuals and between communities across continents oceans and time The Paper Trail explores how the new substance was used to solidify social and political systems that influenced China even into our own time We see how paper made possible the spread of the then new religions of Buddhism and Manichaeism into Japan Korea and Vietnam how it enabled theologians scientists and artists to build the vast and signally intellectual empire of the Abbasid Caliphate and embed the Koran in popular culture how paper was carried along the Silk Road by merchants and missionaries finally reaching Europe in the late thirteenth century and how once established in Europe along with the printing press paper played an essential role in the three great foundations of Western modernity the Renaissance the Reformation and the Scientific Revolution Here is a dramatic comprehensively researched vividly written story populated by holy men and scholars warriors and poets rulers and ordinary men and women an essential story brilliantly told in this luminous work of history
