## Race Apart:

*A Breed Apart* Mike Helm, 2015-06-23 Mike Helm's entertaining behind the scenes study *A Breed Apart* takes the dedicated horse player right to tracks Readers will Jack Kaenel who booted Aloma's Ruler to victory in the Preakness and Chuck Jenda who trained Brown Bess to an Eclipse Award These and many other professionals are by your side as races are analyzed bets placed and questions answered about everything from claiming races turf versus dirt drugs fixed races and more This informed look at the sport of kings offers information unavailable from any other source *World's Toughest Races* Ali Clarke, 2015-07-09 What do fierljeppen running 156 miles in the Sahara desert and coal carrying all have in common They're just some of the wackiest toughest and most extreme manpower races and challenges dreamed up by the human race This fact packed miscellany is bursting with all the details statistics and anecdotes of the world's most unusual competitions ever heard of bog snorkelling and intense endurance contests Whether you're an armchair thrill seeker or you're wild enough to have an adventure or two under your belt this book will entertain and inspire Race and New Religious Movements in the USA Emily Suzanne Clark, Brad Stoddard, 2019-08-08 Organized in chronological order of the founding of each movement this documentary reader brings to life new religious movements from the 18th century to the present It provides students with the tools to understand questions of race religion and American religious history Movements covered include the Church of Jesus Christ of Latter-day Saints Mormonism the Native American Church the Moorish Science Temple the Nation of Islam and more The voices included come from both men and women Each chapter focuses on a different new religious movement and features an introduction to the movement including the context of its founding two to four primary source documents about or from the movement suggestions for further reading **Radical Brown** Margaret Beale Spencer, Nancy E. Dowd, 2024-05-07 A rallying cry for equitable education informed by a revolutionary re-reading of Brown v Board of Education on the 70th anniversary of the ruling Transportation and Revolt Jacob Shell, 2015-07-10 How political regimes have responded when certain modes of transportation from carrier pigeons to canal boats have been associated with politically subversive activities During World War I German soldiers shot down carrier pigeons for fear the birds were carrying enemy communiques in Mexico the United States and other countries mules were used for smuggling and secret travel in mountainous areas in the British Empire in the late nineteenth and early twentieth centuries the British feared that supplies for anti-imperialist rebellion were being transported by canal In this book Jacob Shell argues that many political regimes have historically associated certain modes of transportation with revolt or with subversive activities and have responded by acting to destroy or curtail those modes of transportation Constructing a conceptual framework linking physical geography with the politics of mobility Shell presents historical examples of the secret subversive mobilization of people and cargo across watery spaces and harsh terrain carried by watercraft and transport animals including pigeons mules camels elephants and sled dogs Efforts to suppress such clandestine mobilities ranged from the violent the shooting of

pigeons to the indirect curtailing financial support certain kinds of social knowledge or schemes for infrastructural development To show how such efforts at immobilization could affect cities and urban transportation Shell looks at the Port of New York in the early twentieth century where potentially transformative plans for inner city freight transportation were rejected likely Shell argues due to fears of anarchist activities The innovative argument advanced by Shell in *Transportation and Revolt* challenges conventional wisdom about the supposed obsolescence of transport methods that have become marginalized in the modern era

*The Races of Europe* Richard McMahon, 2016-11-15 This book explores a vital but neglected chapter in the histories of nationalism racism and science It is the first comprehensive study of the transnational scientific community that in the nineteenth and early twentieth centuries attempted to classify Europe's biological races Anthropological race classifiers produced parallel geographies histories and hierarchies of European peoples that were crucial to the creation of national identities and to the overtly political race discourses of eugenics and popular racist ideologues They lent nationalism the invaluable prestige of natural science and traced the histories conflicts and relationships of national races back into prehistory Racial national character stereotypes meanwhile supported competing political ideologies The book examines the interplay between class gender and national identity narratives and the tensions and interactions between the scientific and political agendas of classifiers Within the elaborate transnational networks of scientific communities for example they had to reconcile competing national narratives

**In the Flesh and Other Tales of the Biotech Revolution** Brian Stableford, 2009-01-01 Most of these ten stories belong to a loosely knit series tracking the potential effects of possible developments in biotechnology on the evolution of global society A master of the SF short story Robert Reginald

*Half a Man: The Status of the Negro in New York* Mary White Ovington, 2022-11-22 In *Half a Man: The Status of the Negro in New York* Mary White Ovington offers a poignant and thorough analysis of the African American experience in the early 20th century metropolis Through detailed empirical research and a lens of impassioned advocacy Ovington dissects the socio economic barriers imposed by racial segregation and the pervasive attitude of white superiority that thwarted Black advancement Her literary style is both assertive and empathetic furnishing readers with a critical socio historical narrative This work firmly occupies a crucial position within the canon of early civil rights literature presenting carefully documented accounts that are as scholarly as they are stirring Ovington a white American journalist and suffragette was profoundly influenced by her association with the burgeoning civil rights movement and her co founding of the NAACP *Half a Man* reflects her deep commitment to social justice and racial equality born from a conscientious understanding of the intersectionality of race class and gender Her insights into racial dynamics in New York are informed by firsthand observations and a genuine alliance with the African American community For scholars of African American history students of social justice and anyone invested in the history of race relations in the United States *Half a Man* is a seminal work Its academic merit is equaled by its advocacy as it imparts a vital historical perspective that continues to resonate in present day

discourse on racial inequality Ovington's work is not only informative but also acts as a stirring call to acknowledge and confront systemic racism making it an essential addition to any comprehensive collection on American history or civil rights literature

**American Pacificism** Paul Lyons, 2006-09-27 This powerful critique of American Islander relations draws upon extensive resources including literary works and government documents to explore the ways in which conceptions of Oceania have been entwined in the American imagination

Fishing for Heritage Jane Nadel-Klein, 2020-05-26 Castles lochs seascapes Coastal Scotland is one of the world's most romanticized tourist destinations yet it is in the midst of severe economic decline The North Atlantic fisheries crisis has hit Scottish communities hard and local fisherfolk are faced with chronic insecurity anxiety over the decline of fishing and doubts about their cultural survival The decline of this traditional industry has been accompanied by growing tourism along Scottish shores Fishing villages are marketed for tourist consumption and culture has become a commodity Drawing upon fieldwork novels folk music and travel literature Nadel Klein explores how these influences have affected locals sense of identity and presence within a modern European nation How is identity linked to power What role do memory and authenticity play in the creation of Scottish heritage How do locals feel about the onslaught of tourists The topical nature of these issues and their relevance to other regions facing similar tensions make this book an important contribution to contemporary anthropology

**Official Gazette of the United States Patent and Trademark Office**, 2004

The Political Thought of Anacharsis Cloots Frank Ejby Poulsen, 2023-11-06 Historians have often either ignored Anacharsis Cloots 1755-1794 or considered him deranged because he claimed to be the orator of the human race and devised a universal republic based on the sovereignty of the human race This book is the first comprehensive study of the entire body of Cloots's written works and political actions By contextualizing them the book not only rehabilitates Cloots as a political thinker worthy of consideration but also argues that his political thought constitutes a specific branch of republicanism in the age of Atlantic revolutions cosmopolitan republicanism The introduction suggests how 18th century French cosmopolitanism was a new philosophical tradition but was composed of several themes which the book then analyses in Cloots's writings The first chapter provides a brief overview of his life The second chapter explains why he called himself orator and wrote pamphlets and why contemporary readers should not discard this as non philosophical Having established Cloots's writings as constituting a philosophical system the following chapters explore it through the themes laid out in the introduction First the concept of reason and his understanding of science Second the paradigm of natural law and the role of nature in moral and political thought Third the conception of humanity and individuals in nature and society Finally republicanism and its principles The last chapter summarizes the elements of Cloots's cosmopolitan republicanism and opens a research programme to other political thinkers in the age of Atlantic revolutions for historians and political theorists
