

RACE, CLASS, AND POWER IN THE ALABAMA COALFIELDS, 1908-21

BRIAN KELLY

Race Class And Power In The Alabama Coalfields 1908 21

Immanuel Ness

Race Class And Power In The Alabama Coalfields 1908 21:

Race, Class, and Power in the Alabama Coalfields, 1908-21 Brian Kelly, 2001 In this lucid and supremely readable study Brian Kelly challenges the prevailing notion that white workers were the main source of resistance to racial equality in the Jim Crow South Kelly explores the forces that brought the black and white miners of Birmingham Alabama together during the hard fought strikes of 1908 and 1920 He examines the systematic efforts by the region s powerful industrialists to foment racial divisions as a means of splitting the workforce preventing unionization and holding wages to the lowest levels in the country He also details the role played by Birmingham s small but influential black middle class whose espousal of industrial accommodation outraged black miners and revealed significant tensions within the African American community

Race, Class, and Power in the Alabama Coalfields, 1908-21 Brian Kelly, 2001 In this lucid and supremely readable study Brian Kelly challenges the prevailing notion that white workers were the main source of resistance to racial equality in the Jim Crow South Kelly explores the forces that brought the black and white miners of Birmingham Alabama together during the hard fought strikes of 1908 and 1920 He examines the systematic efforts by the region s powerful industrialists to foment racial divisions as a means of splitting the workforce preventing unionization and holding wages to the lowest levels in the country He also details the role played by Birmingham s small but influential black middle class whose espousal of industrial accommodation outraged black miners and revealed significant tensions within the African American community Hugo Black of Alabama Steve Suits, 2017-03-01 Decades after his death the life and career of Supreme Court Justice Hugo L Black continue to be studied and discussed This definitive study of Black s origins and early influences has been 25 years in the making and offers fresh insights into the justice s character thought processes and instincts Black came out of hardscrabble Alabama hill country and he never forgot his origins He was further shaped in the early 20th century politics of Birmingham where he set up a law practice and began his political career eventually rising to the U S Senate from which he was selected by FDR for the high court Black s nomination was opposed partly on the grounds that he had been a member of the Ku Klux Klan One of the book s conclusions that is sure to be controversial is that in the context of Birmingham in the early 1920s Black s joining of the KKK was a progressive act This startling assertion is supported by an examination of the conflict that was then raging in Birmingham between the Big Mule industrialists and the blue collar labor unions Black of course went on to become a staunch judicial advocate of free speech and civil rights thus making him one of the figures most vilified by the KKK and other white supremacists in the 1950s and 1960s **Smokestacks in the Hills** Lou Martin, 2015-10-15 Long considered an urban phenomenon industrialization also transformed the American countryside Lou Martin weaves the narrative of how the relocation of steel and pottery factories to Hancock County West Virginia created a rural and small town working class and what that meant for communities and for labor As Martin shows access to land in and around steel and pottery towns allowed residents to preserve rural habits and culture Workers in these places valued place and local

community Because of their belief in localism an individualistic ethic of making do and company loyalty they often worked to place limits on union influence At the same time this localism allowed workers to adapt to the dictates of industrial capitalism and a continually changing world on their own terms and retain rural ways to a degree unknown among their urbanized peers Throughout Martin ties these themes to illuminating discussions of capital mobility the ways in which changing work experiences defined gender roles and the persistent myth that modernizing forces bulldozed docile local cultures Revealing and incisive *Smokestacks in the Hills* reappraises an overlooked stratum of American labor history and contributes to the ongoing dialogue on shifts in national politics in the postwar era On the Ground Liesl Miller Orenic,2009 The challenges and successes of unionization at four U S airlines with a focus on baggage handlers *Guest Workers and Resistance to U.S. Corporate Despotism* Immanuel Ness,2011-09-01 Political scientist Immanuel Ness thoroughly investigates the use of guest workers in the United States the largest recipient of migrant labor in the world Ness argues that the use of migrant labor is increasing in importance and represents despotic practices calculated by key U S business leaders in the global economy to lower labor costs and expand profits under the guise of filling a shortage of labor for substandard or scarce skilled jobs Drawing on ethnographic field research government data and other sources Ness shows how worker migration and guest worker programs weaken the power of labor in both sending and receiving countries His in depth case studies of the rapid expansion of technology and industrial workers from India and hospitality workers from Jamaica reveal how these programs expose guest workers to employers abuses and class tensions in their home countries while decreasing jobs for American workers and undermining U S organized labor Where other studies of labor migration focus on undocumented immigrant labor and contend immigrants fill jobs that others do not want this is the first to truly advance understanding of the role of migrant labor in the transformation of the working class in the early twenty first century Questioning why global capitalists must rely on migrant workers for economic sustenance Ness rejects the notion that temporary workers enthusiastically go to the United States for low paying jobs Instead he asserts the motivations for improving living standards in the United States are greatly exaggerated by the media and details the ways organized labor ought to be protecting the interests of American and guest workers in the United States **Man of Fire** Ernesto Galarza,2013-05-15 Activist labor scholar and organizer Ernesto Galarza 1905 1984 was a leading advocate for Mexican Americans and one of the most important Mexican American scholars and activists after World War II This volume gathers Galarza s key writings reflecting an intellectual rigor conceptual clarity and a constructive concern for the working class in the face of America s growing influence over Mexico s economic system Throughout his life Galarza confronted and analyzed some of the most momentous social transformations of the twentieth century Inspired by his youthful experience as a farm laborer in Sacramento he dedicated his life to the struggle for justice for farm workers and urban working class Latinos and helped build the first multiracial farm workers union setting the foundation for the emergence of the United Farm Workers Union He worked to

change existing educational philosophies and curricula in schools and his civil rights legacy includes the founding of the Mexican American Legal Defense Fund MALDEF and the National Council of La Raza NCLR In 1979 Galarza was the first U S Latino to be nominated for the Nobel Prize in Literature for works such as Strangers in Our Fields Merchants of Labor Barrio Boy and Tragedy at Chualar Labor's Cold War Shelton Stromquist,2008 How the Cold War affected local level union politics **Bridgeport's Socialist New Deal, 1915-36** Cecelia Bucki,2001 A backdrop to the evolving national developments of the New Deal this study stands at the intersection of political labor and ethnic history and provides a new perspective on how working people affected urban politics in the interwar era BOOK JACKET **Shadow of the Racketeer** David Scott Witwer,2009 A detailed account of labor corruption in the 1930s and the zealous journalist who railed against it

NAFTA and Labor in North America Norman Caulfield,2010-10-01 As companies increasingly look to the global market for capital cheaper commodities and labor and lower production costs the impact on Mexican and American workers and labor unions is significant National boundaries and the laws of governments that regulate social relations between laborers and management are less relevant in the era of globalization rendering ineffective the traditional union strategies of pressuring the state for reform Focusing especially on the effects of the North American Free Trade Agreement and the North American Agreement on Labor Cooperation the first international labor agreement linked to an international trade agreement Norman Caulfield notes the waning political influence of trade unions and their disunity and divergence on crucial issues such as labor migration and workers rights Comparing the labor movement s fortunes in the 1970s with its current weakened condition Caulfield notes the parallel decline in the United States hegemonic influence in an increasingly globalized economy As a result organized labor has been transformed from organizations that once pressured management and the state for worker concessions to organizations that now request that workers concede wages pensions and health benefits to remain competitive in the global marketplace Making Capitalism Safe Donald Wayne Rogers,2009 Workplaces in the United States are safer today than they were a hundred and twenty years ago In this book Donald W Rogers attributes this improvement partly to the development in the Progressive Era of surprisingly strong state level work safety and health regulatory agencies a patchwork of commissions and labor departments that advanced safety law from common law negligence to the modern system of administrative regulation Rogers examines the Wisconsin Industrial Commission and compares it to arrangements in Ohio California New York Illinois and Alabama Connecting this history to the creation of the Occupational Safety and Health Administration in 1970 Making Capitalism Safe will revise historical understandings of state regulation compensation insurance and labor law politics issues that remain pressing in our time Making the World Safe for Workers Elizabeth McKillen,2013-10-30 In this intellectually ambitious study Elizabeth McKillen explores the significance of Wilsonian internationalism for workers and the influence of American labor in both shaping and undermining the foreign policies and war mobilization efforts of Woodrow Wilson s administration McKillen highlights the major fault lines and

conflicts that emerged within labor circles as Wilson pursued his agenda in the context of Mexican and European revolutions World War I and the Versailles Peace Conference As McKillen shows the choice to collaborate with or resist U S foreign policy remained an important one for labor throughout the twentieth century In fact it continues to resonate today in debates over the global economy wars in Iraq and Afghanistan and the impact of U S policies on workers at home and abroad

Manhood on the Line Stephen Meyer,2016-04-15 Stephen Meyer charts the complex vagaries of men reinventing manhood in twentieth century America Their ideas of masculinity destroyed by principles of mass production workers created a white dominated culture that defended its turf against other racial groups and revived a crude hypersexualized treatment of women that went far beyond the shop floor At the same time they recast unionization battles as manly struggles against a system killing their very selves Drawing on a wealth of archival material Meyer recreates a social milieu in stunning detail the mean labor and stolen pleasures the battles on the street and in the soul and a masculinity that expressed itself in violence and sexism but also as a wellspring of the fortitude necessary to maintain one s dignity while doing hard work in hard world

The Tribe of Black Ulysses William Powell Jones,2005 The lumber industry employed more African American men than any southern economic sector outside agriculture yet those workers have been almost completely ignored by scholars Drawing on a substantial number of oral history interviews as well as on manuscript sources local newspapers and government documents The Tribe of Black Ulysses explores black men and women s changing relationship to industrial work in three sawmill communities Elizabethtown South Carolina Chapman Alabama and Bogalusa Louisiana By restoring black lumber workers to the history of southern industrialization William P Jones reveals that industrial employment was not incompatible as previous historians have assumed with the racial segregation and political disfranchisement that defined African American life in the Jim Crow South At the same time he complicates an older tradition of southern sociology that viewed industrialization as socially disruptive and morally corrupting to African American social and cultural traditions rooted in agriculture William P Jones is an assistant professor of history at the University of Wisconsin Milwaukee Barrett Alice Kessler Harris David Montgomery and Nelson Lichtenstein

Sweet Tyranny Kathleen Mapes,2010-10-01 In this innovative grassroots to global study Kathleen Mapes explores how the sugar beet industry transformed the rural Midwest by introducing large factories contract farming and foreign migrant labor Identifying rural areas as centers for modern American industrialism Mapes contributes to an ongoing reorientation of labor history from urban factory workers to rural migrant workers She engages with a full range of individuals including Midwestern family farmers industrialists Eastern European and Mexican immigrants child laborers rural reformers Washington politicians and colonial interests Engagingly written Sweet Tyranny demonstrates that capitalism was not solely a force from above but was influenced by the people below who defended their interests in an ever expanding imperialist market

We Are the Union Dana L. Cloud,2011-11-01 In this extraordinary tale of union democracy Dana L Cloud engages union reformers at Boeing in

Wichita and Seattle to reveal how ordinary workers attempted to take command of their futures by chipping away at the cozy partnership between union leadership and corporate management Taking readers into the central dilemma of having to fight an institution while simultaneously using it as a bastion of basic self defense *We Are the Union* offers a sophisticated exploration of the structural opportunities and balance of forces at play in modern unions told through a highly relevant case study Focusing on the 1995 strike at Boeing Cloud renders a multi layered account of the battles between company and the union and within the union led by Unionists for Democratic Change and two other dissident groups She gives voice to the company s claims of the hardships of competitiveness and the entrenched union leaders calls for concessions in the name of job security alongside the democratic union reformers fight for a rank and file upsurge against both the company and the union leaders *We Are the Union* is grounded in on site research and interviews and focuses on the efforts by Unionists for Democratic Change to reform unions from within Incorporating theory and methods from the fields of organizational communication as well as labor studies Cloud methodically uncovers and analyzes the goals strategies and dilemmas of the dissidents who while wanting to uphold the ideas and ideals of the union took up the gauntlet to make it more responsive to workers and less conciliatory toward management especially in times of economic stress or crisis Cloud calls for a revival of militant unionism as a response to union leaders embracing of management and training programs that put workers in the same camp as management arguing that reform groups should look to the emergence of powerful industrial unions in the United States for guidance on revolutionizing existing institutions and building new ones that truly accommodate workers needs Drawing from communication studies labor history and oral history and including a chapter co written with Boeing worker Keith Thomas *We Are the Union* contextualizes what happened at Boeing as an exemplar of agency that speaks both to the past and the future

The Great Black Migration Steven A. Reich,2014-04-17 Treating broad themes as well as specific topics this guide to the Great Black Migration will introduce high school students to a touchstone critical to shaping the history of African Americans in the United States The movement of Southern blacks to the urban North and West over the course of the 20th century had a profound impact on black life affecting everything from politics and labor to literature and the popular arts This encyclopedia provides readers and researchers with a comprehensive reference work on this central topic of African American history exploring the breadth of the black migration experience from its origins in the agricultural economy of the post Civil War South to the return migration of the late 20th century Entries cover such topics as the destinations that attracted black migrants the impact of the Great Migration on black religion the relationship between migration and black politics and the patterns of discrimination and racial violence migrants encountered Unlike more general reference works on African American history each entry in the encyclopedia situates its subject within the context of black migration and articulates connections between the subject of the entry and the overall history of the migration

Banded Together Jeremy Brecher,2011-05 Chiefly concerned with 1980s and 1990s

Workers in Hard Times Leon Fink,Joseph A.

McCartin, Joan Sangster, 2014-02-15 Seeking to historicize the 2007 2009 Great Recession this volume of essays situates the current economic crisis and its impact on workers in the context of previous abrupt shifts in the modern day capitalist marketplace Contributors use examples from industrialized North America South America Europe Asia and Australia to demonstrate how workers and states have responded to those shifts and to their disempowering effects on labor Since the Industrial Revolution contributors argue factors such as race sex and state intervention have mediated both the effect of economic depressions on workers lives and workers responses to those depressions Contributors also posit a varying dynamic between political upheaval and economic crises and between workers and the welfare state The volume ends with an examination of today s Great Recession its historical distinctiveness its connection to neoliberalism and its attendant expressions of worker status and agency around the world A sobering conclusion lays out a likely future for workers one not far removed from the instability and privation of the nineteenth century The essays in this volume offer up no easy solutions to the challenges facing today s workers Nevertheless they make clear that cogent historical thinking is crucial to understanding those challenges and they push us toward a rethinking of the relationship between capital and labor the waged and unwaged and the employed and jobless Contributors are Sven Beckert Sean Cadigan Leon Fink Alvin Finkel Wendy Goldman Gaetan Heroux Joseph A McCartin David Montgomery Edward Montgomery Scott Reynolds Nelson Melanie Nolan Bryan D Palmer Joan Sangster Judith Stein Hilary Wainright and Lu Zhang

Race Class And Power In The Alabama Coalfields 1908 21 Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Race Class And Power In The Alabama Coalfields 1908 21 free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Race Class And Power In The Alabama Coalfields 1908 21 free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying

the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Race Class And Power In The Alabama Coalfields 1908 21 free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Race Class And Power In The Alabama Coalfields 1908 21. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Race Class And Power In The Alabama Coalfields 1908 21 any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Race Class And Power In The Alabama Coalfields 1908 21 Books

1. Where can I buy Race Class And Power In The Alabama Coalfields 1908 21 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
