for judging ecclesial authenticity stand up to third world churches canons of orthopraxy As the world church becomes increasingly the church of the Third World what is the future of the ecumenical movement According to Tesfai third world Christians demand that ecumenism be judged by its contribution to the struggle for liberation in a hostile world He shows convincingly that the weight given to canons of theological orthodoxy makes much of the ecumenical dialogue of the past fifty years unappealing to Christians in the Third World Here the criterion becomes how dialogue and ecclesial life direct the followers of Christ to open up to a broader ecumenism that seeks to overcome injustice and to realize the full freedom promised in the gospel
