Allen,Jerome M. Clubb,2009-01-01 In Race Class and the Death Penalty Howard W Allen and Jerome M Clubb examine historical trends in the use of capital punishment in the United States Employing empirical data the authors explore how frequently the death penalty has been used and how its frequency of use has changed where the death penalty was used most often the offenses charged and the characteristics of the executed Not surprisingly their findings indicate that minority groups particularly African Americans and those of lower social and economic status in general have been executed in disproportionate numbers The authors conclude that while the

use of the death penalty has progressively declined and the range of capital offenses has narrowed disparities in the use of capital punishment between social groups and regions that appeared in the colonial period have persisted into the twenty first century

Privilege and Punishment Matthew Clair, 2022-06-21. How the attorney-client relationship favors the privileged in criminal court and denies justice to the poor and to working class people of color. The number of Americans arrested, brought to court, and incarcerated has skyrocketed in recent decades. Criminal defendants come from all races and economic walks of life but they experience punishment in vastly different ways. Privilege and Punishment examines how racial and class inequalities are embedded in the attorney-client relationship, providing a devastating portrait of inequality and injustice within and beyond the criminal courts. Matthew Clair conducted extensive fieldwork in the Boston court system, attending criminal hearings and interviewing defendants, lawyers, judges, police officers, and probation officers. In this eye-opening book, he uncovers how privilege and inequality play out in criminal court interactions. When disadvantaged defendants try to learn their legal rights and advocate for themselves, lawyers and judges often silence, coerce, and punish them. Privileged defendants, who are more likely to trust their defense attorneys, delegate authority to their lawyers, defer to judges, and are rewarded for their compliance. Clair shows how attempts to exercise legal rights often backfire on the poor and on working class people of color and how effective legal representation alone is no guarantee of justice. Superbly written and powerfully argued, Privilege and Punishment draws needed attention to the injustices that are perpetuated by the attorney-client relationship in today's criminal courts and describes the reforms needed to correct them.

Women and Capital Punishment in the United States David V. Baker, 2015-12-07. The history of the execution of women in the United States has largely been ignored, and scholars have given scant attention to gender issues in capital punishment. This historical analysis examines the social, political, and economic contexts in which the justice system has put women to death, revealing a pattern of patriarchal domination and female subordination. The book includes a discussion of condemned women granted executive clemency and judicial commutations, an inquiry into women falsely convicted in potentially capital cases, and a profile of the current female death row population.
