Rattlers Roost:

Larry Brown and the Blue-collar South Jean W. Cash, Keith Ronald Perry, 2008 A critical assessment of a great Mississippi writer's empathy with the working class Rattlers Roost Robert Kammen, 1993 Somewhere between west Texas and Montana Guy Jarrett's herd of 2 000 cattle and trail crew disappeared But as he rode north on the trail of the bloodthirsty cow thieves all the varmints he'd been tracking kept turning up dead Someone was trying to cover his tracks and had the weight of every crooked lawman behind him But all the weight Jarrett needed was the 44 Colt he carried on his hip

Redemption Olen Baker, 2023-05-23 In the harsh confines of a Texas prison Bodhi a former EMT convicted of manslaughter has just days remaining on his sentence when violence erupts around him After his cellmate is brutally attacked Bodhi finds himself caught in a deadly power struggle between prison gangs corrupt guards and something far more sinister a satanic cult calling themselves Las Hermanas Del Muerte When Bodhi's new cellmate an Irish priest named Caedmon Murphy is stabbed while defending him Bodhi is forced to confront not only the physical threats surrounding him but also his own spiritual emptiness As supernatural forces manifest within the prison walls Bodhi discovers he's been chosen for a purpose beyond mere survival Released into a world where his enemies still hunt him Bodhi joins forces with a motorcycle club offering him sanctuary But the cult's reach extends beyond prison walls and soon he's fighting not just for his own redemption but to save innocent lives from darkness With time running out and enemies closing in Bodhi must decide if he's willing to embrace a calling that demands everything of him including faith in a God he's never believed in His journey from guilt to redemption becomes a brutal battle for his soul and the souls of those he's sworn to protect If you enjoyed Shawshank Redemption The Green Mile and American Gods you'll love Redemption Governed by Independence

perhaps the first full description of this social and environmental phenomenon tracking its popularity its participants its opponents its impact on the communities where it occurs and as much as is possible its effects on the rattlesnake itself In recent years the commercial trade in Texas animals has emerged as a serious and controversial issue and the number of roundups has declined sharply Texas Rattlesnake Roundups promises to provide a balanced starting point for all those interested in knowing more about this curious custom

Across the Divide Elizabeth Bernays, 2023-05-31 Nothing prepared Liz the academic scientist with a background in Australia and UK for Linda the quick witted eighth grade dropout from Texas excelling in malapropisms and outlandish jokes Linda was still married and Liz a grieving widow How could they sustain a relationship when they had such different personalities backgrounds and interests But despite obvious incompatibilities their chemistry was undeniable and the extraordinary contrast was exciting for both of them Over time each of them enthusiastically engaged the other in different pursuits and each of them bonded over the novelties They introduced each other to their favorite entertainments with mixed results Linda found opera boring Liz cheered for the wrong team at a University of Arizona basketball game Linda s jokes kept them constantly alive to humor that offset the complexities of the lives they led when they were apart But slowly their shared love of nature carefree RV trips and travel abroad with the help of anti-anxiety meds for Linda s first time on a plane brought them ever closer Maybe they realized they were more alike than they thought as each pondered their love of being rebels Maybe their differences were to be celebrated rather than overcome With humor and heart Across the Divide The Strangest Love Affair reveals how possibilities unfold when we open ourselves to unlikely opportunities

Bartlett, 2010-06-28 With a deep belief in partnerships for conservation Richard C Bartlett Chairman of The Nature Conservancy of Texas explores the past and ongoing efforts of individuals and groups private public federal and state to save the best of Texas natural landscapes and the myriad species of plants and animals they support Drawing on some 100 000 miles of backroads travel Bartlett vividly describes many of the areas that through a commitment to partnerships have already been preserved in their natural state Fine color photographs by Leroy Williamson provide a striking visual

counterpoint to the text These words and images give well deserved credit to the people responsible for saving some of the best of Texas They also highlight the need to continue to join together to preserve our natural environment so that the beauty and diversity we enjoy today will be available for future generations It is the author s hope that Saving the Best of Texas will be a catalyst in that process
