The Re-discovery of the Old Testament Harold Henry Rowley, 1969 *The Rediscovery of the Old Testament* H H Rowley, 2012-02-23 A reprint of a classic exposition of the understanding of the Old Testament Rowley brings the Old Testament back to the forefront of Scholarship and finds rich meaning in much of what has previously been buried Increasingly men are turning their thoughts to the deeper message of the Old Testament and finding richer meaning in the light of all work that has been done The Old Testament need not to be buried beneath the weight of scholarship but may rather stand on the foundation of scholarship sustained by it and firmly upheld before men from the Preface

Re-Discovery of the Old Testament (Classic Reprint) Harold Henry Rowley, 2018-01-25 Excerpt from Re Discovery of the Old Testament For Biblical quotations I have kept largely to familiar words though I have frequently modified the translation to some extent for reasons which are not stated since they would distract the general reader In no case has a change been introduced for a priori or dogmatic reasons but only where philological or textual support could be provided to justify the change It is a deep grief to me that while this book has been in the press Principal H Wheeler Robinson has passed from our midst I have left the Dedication unchanged I have to thank Professor A R Johnson for his help in reading the proofs and for his stimulating friendship which has yielded many suggestions embodied in this book I have also to thank Professor T W Manson for reading my work in proof and for many other kindnesses About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works The

Re-discovery of the Old Testament Harold Henry Rowley, 1969 **Baptist Theology** James Leo Garrett, 2009 This title offers a comprehensive analysis of Baptist theology Embracing in one common trajectory the major Baptist confessions of faith the major Baptist theologians and the principal Baptist theological movements and controversies this book spans four

centuries of Baptist doctrinal history Acknowledging first the pre 1609 roots patristic medieval and Reformational of Baptist theology it examines the Arminian versus Calvinist issues that were first expressed by the General Baptists and the Particular Baptists that dominated English and American Baptist theology during the seventeenth and eighteenth centuries from Helwys and Smyth and from Bunyan and Kiffin to Gill Fuller Backus and Boyce and that were quickened by the awakenings and the missionary movement Concurrently there were the Baptist defense of the Baptist distinctives vis a vis the pedobaptist world and the unfolding of a strong Baptist confessional tradition Then during the nineteenth and twentieth centuries the liberal versus evangelical issues became dominant with Hovey Strong Rauschenbusch and Henry in the North and Mullins Conner Hobbs and Criswell in the South even as a distinctive Baptist Landmarkism developed the discipline of biblical theology was practiced and a structured ecumenism was pursued Missiology both impacted Baptist theology and took it to all the continents where it became increasingly indigenous Conscious that Baptists belong to the free churches and to the believers churches a new generation of Baptist theologians at the advent of the twenty first century appears somewhat more Calvinist than Arminian and decidedly more evangelical than liberal

The Cambridge Companion to the Hebrew Bible/Old Testament Stephen B. Chapman, Marvin A. Sweeney, 2016-07-11 This Companion offers a concise and engaging introduction to the Hebrew Bible or Old Testament Providing an up to date snapshot of scholarship it includes essays specially commissioned for this volume by twenty three leading scholars The volume examines a range of topics including the historical and religious contexts for the contents of the biblical canon and critical approaches and methods as well as newer topics such as the Hebrew Bible in Islam Western art and literature and contemporary politics This Companion is an excellent resource for students at university and graduate level as well as for laypeople and scholars in other fields who would like to gain an understanding of the current state of the academic discussion The book does not presume prior knowledge nor does it engage in highly technical discussions but it does go into greater detail than a typical introductory textbook

Prophetic Drama in the Old Testament David Stacey, 2018-09-12 Most books on the prophets contain a page or two on what is usually called prophetic symbolism but full scale treatments are remarkably few and in English entirely lacking Dr Stacey examines all the evidence in detail considers the various explanations of the phenomenon that have been offered gives particular attention to the apparent link with magic and provides a model whereby these dramatic actions can be properly understood This book is significant for the study of Hebrew religion it also paves the way for further investigation of similar actions in the New Testament
