Re Making Love The Feminization Of Sex:

Re-making Love Barbara Ehrenreich, Elizabeth Hess, Gloria Jacobs, 1986 This provocative book reveals how the real sexual revolution was initiated by women not men and how it transformed both our behavior and our understanding of what sex means in our lives Copyright Libri GmbH All rights reserved The New Temperance David Wagner, 2018-02-12 The war on drugs the campaigns against smoking cigarettes v chips to control what children watch on TV censoring the Internet and Calvin Klein jeans ads bipartisan lectures about the dangers of teen sex constant warnings about food and fat all are examples of what David Wagner terms the New Temperance The New Temperance contrasts the new obsession with personal behavior in America during the last two decades with the brief period of relative freedom in the 1960s and early 1970s and suggests strong consistencies with our past In particular the late twentieth century appears to have re created the mood of the Victorian and Progressive Periods when social movements such as the Temperance Social Purity and Vice and Vigilance movements held sway The New Temperance questions the constant mantra in the media and in political debates about the dangers of personal behavior and challenges America s love affair with repression **Neo-Feminist Cinema**

Hilary Radner, 2010-11-01 What lies behind current feminist discontent with contemporary cinema Through a combination of cultural and industry analysis Hilary Radner s *Neo Feminist Cinema* *Girly Films* *Chick Flicks* and *Consumer Culture* shows how the needs of conglomerate Hollywood have encouraged an emphasis on consumer culture within films made for women By exploring a number of representative girly films including *Pretty Woman* *Legally Blonde* *Maid in Manhattan* *The Devil Wears Prada* and *Sex and the City* The Movie Radner proposes that rather than being post feminist as is usually assumed such films are better described as neo feminist Examining their narrative format as it revolves around the story of an ambitious unmarried woman who defines herself through consumer culture as much as through work or romance Radner argues that these films exemplify neo liberalist values rather than those of feminism As such *Neo Feminist Cinema* offers a new explanation as to why feminist oriented scholars and audiences who are seeking more than labels and love from their film experience have viewed recent girly films as a betrayal of second wave feminism and why on the other hand such films have proven to be so successful at the box office *The Boundaryless Career* Michael B. Rousseau, 2001-07-26 Organizational restructuring and global hypercompetition have revolutionized careers and destroyed the traditional blueprint for advancement and career success This book details the new forms work takes in the new organizational era where worker mobility has become critical to the well being and learning of both people and firms *The Boundaryless Career* approaches the new principle of the boundaryless career in five directions The first section helps the reader explore the nature of boundaryless careers by highlighting some of their essential elements The second section turns to competitive advantage and the role of workers knowledge The thirs section concentrates on the role of the social structure in the organizing of work The fourth section turns to focus on how boundaryless careers affect personal development and

growth The fifth section addresses the demands boundaryless careers create for schools communities and other social institutions Introductory and concluding chapters by the editors offer frameworks for conceptualizing careers now and in the future The Boundaryless Career provides a conceptual map of new career and employment forms to the prospective benefit of people making career choices companies re crafting human resource practices schools and universities re considering their roles and policy makers concerned with regional or national competitiveness It will be essential reading for scholars in a range of social science disciplines spanning themes of economics management education organizational behavior and the psychology and sociology of work It will also appeal broadly to free thinkers interested in the changing nature of careers and employment as both people and firms tackle the realities of increasingly open markets and global competition A New View of Women's Sexual Problems Ellyn Kaschak, Leonore Tiefer, 2014-02-25 Take a new look at women s sexuality This fascinating book looks at the wide ranging therapeutic social and political implications of the new paradigm of women s sexuality International in scope and multidisciplinary in approach A New View of Women s Sexual Problems examines the theoretical and practical effects of the landmark document produced by the Working Group on a New View of Women s Sexuality The book brings together gender theory psychology social science and medicine in a powerful cultural critique of the reigning medical approach to women s sexual health International experts from India Costa Rica Israel the US and many other cultures place this revolutionary idea in cultural and political context as well as extrapolating fresh new treatment options for dealing with women s sexual problems A New View of Women s Sexual Problems analyzes the new paradigm s implications in many fields including family medicine couples counseling for straight and lesbian partners STD prevention and sexual health issues sex therapy sex education feminist theory developmental psychology *Gender, Race, and Class in Media* Bill Yousman, William E Yousman, Lori Bindig Yousman, Gail Dines, Jean McMahon Humez, 2020-07-24 Incisive analyses of mass media including such forms as talk shows MTV the internet soap operas television sitcoms dramatic series pornography and advertising enable this provocative new edition of Gender Race and Class in Media to engage students in critical mass media scholarship Issues of power related to gender race and class are integrated into a wide range of articles examining the economic and cultural implications of mass media as institutions including the political economy of media production textual analysis and media consumption Throughout Gender Race and Class in Media examines the mass media as economic and cultural institutions that shape our social identities especially in regard to gender race and class Virgin Territory Tamar Jeffers McDonald, 2010 A critical investigation of how virginity is represented in film It considers virginity as it is produced and marketed in film With chapters that span a range of periods genres and performances it intends to prove that although it seems like an obvious quality at first glance virginity in film is anything but simple **Sex and the Goddess** Karin E Weiss Ph.D., PhD, 2019-11-25 It has been over twenty years since the full manuscript of my book was edited for publication in 1998 I had begun writing it in the previous decade the 1980 s a period of flourishing women s liberation

movements against the patriarchal status quo Books about women s sexuality and spirituality were flooding the bookstores and many writers were producing profound studies of the untold heroism of women throughout history I was a pioneer in the burgeoning field of Sex therapy and education at the University of Minnesota Medical School s Program in Human Sexuality In addition I conducted women s self enrichment groups and workshops in my private practice Woman s Discovery Institute where I also gave professional Astrology readings and classes This rich mix of psychology philosophy spirituality and a knowledge of the cyclic patterns of life shown by astrology created within me an avid interest in researching women s unsung heroism throughout history It brewed in me a heady fascination to stitch it all together in a circle montage that connects all women and all aspects of our multi layered lives I based my theory on the lunar cycle which is eternally linked to women s menstrual emotional and psychic cycles With a friend I created a series of workshops for women to celebrate their many faceted selves and gain confidence to pursue their goals Yet for various reasons my book manuscript remained in my own bookshelf never getting published Until now the times again call for women to claim their autonomy and gain equality in an overly male dominated and viciously callous world I am blessed to find in Xlibris a publisher ready to take on the project with me I am thrilled to finally see my Life s Masterwork in print You will find many divergent ideas in these two volumes No single woman encompasses all that are described but as you read and recognize these characters in yourselves and your friends I hope it will help you gain a full appreciation of your own awesome erotic spirit and sacred sexual powers *Talk about Sex* Janice M. Irvine, 2002-09-02 Examining a range of issues played out in living rooms and schools since the 1960s she shows how a newly emerging Christian Right chose sex education as one of its first battlegrounds then went on to dominate the public conversation on the subject *Talk about Sex* is a rich and fascinating consideration of American sex education s strategic place in the long history of efforts to regulate sexual morality by controlling sexual speech BOOK JACKET *A Woman Scorned* Peggy Reeves Sanday, 1997-01-01 In this bracing study of American sexual culture and the politics of acquaintance rape esteemed anthropologist Peggy Reeves Sanday identifies the sexual stereotypes that continue to obstruct justice and diminish women Beginning with a harrowing account of the St John s rape case Sanday reaches back through British and American landmark rape cases to explain how with the exception of earliest Colonial times rape has been a crime notable for placing the woman on trial A ground breaking work of scholarship *A Woman Scorned* brings a broader perspective to our understanding of acquaintance rape and envisions finally a new paradigm for female sexual equality
