Reaching For The Reins:

Reaching for the Reins Tara Carlsen, 2013-10-21 Tara Carlsen wanted to help at risk students learn without relying on stale clinical teaching methods. Instead of trying to find solutions in the classroom, the mathematics teacher transplanted failing students from an alternative high school to a horse ranch. There, she encouraged them to reach for the reins, and she witnessed dramatic results. Students who could not relate to their peers or teachers could relate to horses, and suddenly their futures looked a whole lot brighter. Carlsen and her students proceeded to take an inspiring journey learning the basics of horsemanship through equine-assisted learning, a therapeutic approach to interpersonal development using horse-related activities. After learning the basics, the students taught peers with special needs what they'd learned, drawing upon their own struggles and triumphs to help them achieve success. Punctuated with humor, heartbreak, and hard-won triumph, *Reaching for the Reins* chronicles the struggles and successes of these students over five years. *The Book of Gideon* Timothy

Estorga, 2021-06-29 This story is not intended to demonize one side and glorify another, nor is it to romanticize death. For death is not romantic to those who stand face to face with it. It will simply try to tell of a generation of civilians caught in the middle of a war that lies just right outside their front door. Even though they may have escaped from the shells falling from above, they were devastated by it. Volume one of *The Book of Gideon* is told through the eyes of a French farming family trying their best to survive the very beginnings of the Great War. *Sarah M. Peale: America's First Woman Artist* Joan King, 2012-07-10 Practically every member of the Peale family contributed to America's early art and culture, and Sarah Peale was the first woman artist to have made a living from her work. Having learned to paint from her renowned father, she painted several famous people, including Lafayette, Andrew Jackson, Thomas Hart Benson, and Daniel Webster. Sarah was a passionate woman bent on being successful as an artist. She was also a woman of strong passion with a will to love and to be in love. Though unmarried, she nevertheless loved her men fiercely. As a respected artist in Baltimore and in Washington, Sarah can truly be considered America's first woman professional artist, her art work continuously being in demand during her days and now hanging on the walls of prominent American museums. *The Web* Jerry Ahern, John Thomas Rourke M.D. ex CIA Covert Operations Officer, weapons expert, and survival authority has accomplished one of his goals: he's helped his young friend Paul Rubinstein locate his parents. Now Rourke's search for his own family must continue, hampered by severe storms raging along the Eastern Seaboard caused by the earthquakes which destroyed Florida. Rourke picks up his relentless quest, avoiding the Russian troops searching for the missing data on the enigmatic Eden Project and rides into the most bizarre situation he's discovered since the Night of the War. Life in the Tennessee mountain village is all too normal, seemingly unaffected by the war. It is there that John Thomas Rourke finds himself in the middle of a mass suicide pact and is expected to participate. While battles rage and blizzards roar, Rourke fights to escape. He must go on; he is The Survivalist.

Throwaways D. R. Strahan,2010-11-05 In the city of At il there were two laws strictly enforced Number one it was against the law to feed the children and number two it was against the law to leave the city Fox the thirteen year old son of the governor had done both When he and two friends eight year old Hawk and Wolf age twelve were invited to visit a family compound outside the city Fox deliberated hard and long about the situation Breaking the law as a loner was one thing but when it involved others the decision was much more difficult It brought back memories of his first time outside the city walls the broad unending space of earth and sky he experienced had been a shock to his well being It had taken him some time before the freedom of boundaries was a comfortable experience He was afraid this unknown may be too much of an adjustment for his friends since they had never ventured further than the guard shack steps at the city entrance True he and his friends were only children numbers on the city records If they were ever found missing as Throwaways they would just be crossed off the list of city residents
