Reaction And Reform The Politics Of The Conservative Party Under R B Bennett 1927 1938:

Reaction and Reform Larry Arthur Glassford, 1992 When R B Bennett assumed the leadership of the Conservative Party of Canada in 1926 he inherited a party out of step with a modernizing Canada Three years later in the early days of the Depression he led the Tories to power with a mandate to bring back prosperity Larry A Glassford explores the politics of Bennett s leadership the strategies with which he tackled the Depression and the reception he and the Conservative party received from the voters of the day Bennett s initial efforts to tackle the Depression took the form of activist reactionL raising tariffs trying to balance the budget defending the dollar When these measures all failed to bring recovery the Bennett led government edged towards a reform program creating such permanent insitutiions as the Canadian Radio Broadcasting Commission later the CBC the Bank of Canada and the Wheat Board Bennett tried to package his reforms as a Canadian New Deal a daring move but one that failed to revive the party The voters were confused did the Conservative party stand for raction or reform Tories themselves could not decide The Liberals swept back into power in 1935 At the 1938 Conservative convention which chose Bennett s successor the perplexing dichotomy remained Fifty years after the Great Depression the common perception of Bennett is still of the great Canadian captialist driving his government his party and the country to the never never land of American style high traiffs and British style imperialism Glassford demonstrates the inaccuracy of that caricature and offers instead a fresh analysis of Bennett and his party Reaction and Reform Larry A.

McConnell William Fong, 2008-10-24 J W McConnell 1877 1963 born to a poor farming family in Ontario became one of the wealthiest and most powerful businessmen of his generation in Canada and

internationally Early in his career McConnell established the Montreal office of the Standard Chemical Company and began selling bonds and shares in both North America and Europe establishing relationships that would lead to his enormous financial success He was involved in numerous businesses from tramways to ladies fashion to mining and served on the boards of several corporations For nearly fifty years he was president of St Laurence Sugar and late in life he became the owner and publisher of the Montreal Star McConnell was an indefatigable and formidable fundraiser for the YMCA the war effort of 1914 18 hospitals and McGill University where he served as governor for almost three decades In 1937 he established what would become The J W McConnell Family Foundation the first major foundation in Canada and still one of the best endowed J W McConnell was a principled and brilliant visionary with a strong work ethic and a deep commitment to the public good a Rockefellerian figure in both big business and high society who quietly became one of the greatest philanthropists of his time His life story told in uncompromising detail by William Fong is a study of raising spending and giving away money on the grandest scale The Measure of Democracy Daniel J. Robinson, 1999-04-24 Politicians government officials and public relations officers lean heavily on polling when fashioning public policy Proponents say this is for the best arguing that surveys bring the views of citizens closer to civic officials Critics decry polling s promotion of sycophantic politicians who pander to the whims of public sentiment or conversely the use of surveys by special interest groups to thwart the majority will Similar claims and criticisms were made during the early days of polling When George Gallup began polling Americans in 1935 he heralded it as a bold step in popular democracy The views of ordinary citizens could now be heard alongside those of organized interest groups When brought to Canada in 1941 the Gallup Poll promised similar democratic rejuvenation In actual practice traditionally disadvantaged constituencies such as women the poor French Canadians and African Americans were often heavily underrepresented in Gallup surveys Preoccupied with election forecasting Gallup pollsters undercounted social groups thought less likely or unable to vote leading to a considerable gap between the polling results of the sampled polity and the opinions of the general public Examining the origins and early years of public opinion polling in Canada Robinson situates polling within the larger context of its forerunners market research surveys and American opinion polling and charts its growth until its first uses by political parties *Art of Sharing* Mary Janigan, 2020-07-23 In 1957 after a century of scathing debates and threats of provincial separation Ottawa finally tackled the dangerous fiscal inequalities among its richer and poorer provinces Equalization grants allowed the poorer provinces to provide relatively equal services for relatively equal levels of taxation The Art of Sharing tells the dramatic history of Canada s efforts to save itself The introduction of federal equalization grants was controversial and wealthier provinces such as Alberta wanting to keep more of their taxpayers money for their own governments continue to attack them today Mary Janigan argues that the elusive ideal of fiscal equity in spite of dissent from richer provinces has helped preserve Canada as a united nation Janigan goes back to Confederation to trace the escalating tensions among the provinces across decades as

voters demanded more services to survive in a changing world She also uncovers the continuing contacts between Canada and Australia as both dominions struggled to placate disgruntled member states and provinces that blamed the very act of federation for their woes By the mid twentieth century trapped between the demands of social activists and Quebec's insistence on its right to run its own social programs Ottawa adopted non conditional grants in compromise The history of equalization in Canada has never been fully explored Introducing the idealistic Canadians who fought for equity along with their radically different proposals to achieve it The Art of Sharing makes the case that a willingness to share financial resources is the real tie that has bound the federation together into the twenty first century *Partisan Odysseys* Nelson Wiseman,2020-05-12 In *Partisan Odysseys* Nelson Wiseman sets out to survey the history of Canada's political parties Uncovering distinctive motifs and events in Canadian party politics from pre Confederation to the present Wiseman shows how parties have adjusted adapted and reinvented themselves in response to significant social and economic changes as well as how parties have in turn shaped or reinforced these social forces The book begins by tracing the rise of four different types of parties in the nineteenth century by the end of the century the Conservative and Liberal parties that continue to this day were firmly established The book also explores nationalism minority governments third parties and the reconfiguration of party positions Wiseman concludes by examining changes in the way Canada's ever evolving parties have operated and the rise of the modern party as a nimble enterprising institution compared to its historical antecedent Substantial yet accessible *Partisan Odysseys* will enlighten students scholars and general readers alike The Golden Dream Ronald Stagg,2010-04-05 In the early twentieth century a movement flourished in the Midwestern states bordering the Great Lakes to champion the St Lawrence route as the answer to easily transporting goods in and out of the centre of the continent Internal rivalries in the United States and Canada held back the project for fifty years until Canada suddenly decided to build a seaway alone pressuring the American Congress to co operate The building of the Seaway and its completion in 1959 involved engineering on an unprecedented scale and significant human dislocation During construction communities along the Great Lakes planned for increased prosperity but changes in transportation aging infrastructure and environmental problems have meant that the Golden Dream has not been fully realized even today This popular history chronicles the rise of one of the great engineering projects in Canadian history and its controversial impact on the people living along the St Lawrence River

Cigarette Nation Daniel J. Robinson,2021-02-05 In the 1950s the causal link between smoking and lung cancer surfaced in medical journals and mainstream media Yet the best years for the Canadian cigarette industry were still to come as per capita cigarette consumption rose steadily in the 1960s and 1970s In *Cigarette Nation* Daniel Robinson examines the vibrant and contentious history of smoking to discover why Canadians continued to light up despite the publicized health risks Highlighting the prolific marketing and advertising practices that helped make smoking a staple of everyday life Robinson explores socio cultural aspects of cigarette use from the 1930s to the 1950s and recounts the views and actions of tobacco

executives government officials and Canadian smokers as they responded to mounting evidence that cigarette use was harmful The persistence of smoking owes to such factors as product development marketing and retailing innovation public relations sponsored science and government inaction Domestic and international tobacco firms worked to furnish Canadian smokers with hope and doubt hope in the form of reassuring marketing as seen with light and mild cigarette brands and doubt by means of disinformation campaigns attacking medical research and press accounts that aligned cigarettes with serious disease Drawing on a wide range of primary sources including thousands of industry records released during a landmark tobacco class action trial in 2015 Cigarette Nation documents in rich detail the history of one of Canada s foremost public health issues
