Reactionary Essays On Poetry And Ideas

Radcliffe Squires

Reactionary Essays On Poetry And Ideas:

Reactionary Essays on Poetry and Ideas Allen Tate, 1936 Essays concerning American poetry John Donne Elizabethan satire and other topics **Poetry and the Public** Joseph Harrington, 2002-06-03 An informative account of the social meaning of poetry in the 20th century US Allen Tate and His Work Radcliffe Squires, 1972-01-01 *The Poetics of Palliation* Brittany Pladek, 2019 The Poetics of Palliation argues that Romanticism developed richer literary therapies than its contemporary reception remembers By reading Romantic writers against Georgian medical ethics Poetics recovers their models of literature as comfort and sustenance challenging a health humanities tradition that sees literary therapy primarily as cure *Approaches to Organic Form* F.R. Burwick, 2012-12-06 Frederick Burwick's modest but comprehensive and insightful introduction is preface enough to these sensible essays in the history and philosophical criticism of ideas If we want to understand how some inquiring and intelligent thinkers sought to go beyond mechanism and vitalism we will find Burwick's labors of assembling others and reflecting on his own part to be as stimulating as anywhere to be found And yet his initial cautious remark is right approaches not attainments The problems associated with clarifying matter and form are still beyond any consensus as to their solution Even more do we recognize the many forms and meanings of form and this is so even for organic form That wise scientist philosopher engineer Lancelot Law Whyte struggled in a place neighboring to Burwick's and his essay of thirty years ago might be a scientist's preface to Burwick and his colleagues see Whyte S Accent on Form N Y Harper 1954 and his Symposium of 1951 Aspects of Form London Percy Lund Humphries 1951 and Indiana University Press 1961 itself arranged in honor of D Arcy Thompson's classical monograph On Growth and Form Philosophy and history of science must deal with these issues and with the mixture of hard headedness and imagination that they demand *The Oxford Companion to Modern Poetry in English* Jeremy Noel-Tod, Ian Hamilton, 2013-05-23 This impressive volume provides over 1 700 biographical entries on poets writing in English from 1910 to the present day including T S Eliot Dylan Thomas and Carol Ann Duffy Authoritative and accessible it is a must have for students of English and creative writing as well as for anyone with an interest in poetry **God and the American Writer** Alfred Kazin, 2013-09-11 God and the American Writer does more to illuminate the fundamental purposes and motivations of our greatest writers from Hawthorne to Faulkner than any study I have read in the past fifty five years that is since the same author's On Native Grounds Louis S Auchincloss This is the culminating work of the finest living critic of American literature Alfred Kazin brings a lifetime of thought and reading to the triumphant elucidation of his fascinating and slippery subjects what the meaning of God has been for American writers and how those writers from the New England Calvinists to William Faulkner have expressed it In a series of trenchant critical studies of writers as divergent as Hawthorne Melville Emerson Lincoln Whitman Dickinson Twain William James Eliot Frost and Faulkner Kazin gives a profound sense of each and his quotations from their works are artfully chosen to pursue the main theme The centerpiece of the book is the reflection in American writing of the great American

tragedy the Civil War so deeply involved in the whole complex issue of religion in America An enthralling book by a major writer This is a book about the place of God in the imaginative life of a country that for two centuries countenanced slavery and then engaged in a fratricidal war to end it For Americans no subject is more compelling or in its entanglement with the deepest roots of the national soul more terrible And no one has ever written as incisively as movingly or as unforgivingly about it as Alfred Kazin has here Louis Menand In the era of willful obfuscation Alfred Kazin is the good clear word a brilliant scholar and an original reader His latest book *God and the American Writer* which comes fifty five years after *On Native Grounds* proves he has lost nothing and gives us everything he has David Remnick American writers have been born into all sorts of religious sects but have had to struggle in solitude to make sense of God Alfred Kazin a cosmos unto himself has written brilliantly and affectingly of how a dozen or so of our finest authors poets novelists philosophers and one president endured and illuminated that struggle Kazin is sometimes passionate even fierce especially in his discussions of slavery and of his hero and mine Abraham Lincoln But as ever Kazin s writing is tempered by an enormous American empathy and by his sense of irony about our country and its spiritual predicaments Spare sharp and immensely learned *God and the American Writer* is the most moving volume of criticism yet by our greatest living critic Sean Wilentz [The Value of Emily Dickinson](#) Mary Loeffelholz,2016-06-23 This is the first compact introduction to Emily Dickinson to focus principally on her poems and their significance to readers It addresses the question of literary value considering current controversies over whether Dickinson s writings are best appreciated as visual works or as rhymed and metered poems intended for the ear **The Lyric Theory Reader** Virginia Walker Jackson,Yopie Prins,2014-02 Reading lyric poetry over the past century The Lyric Theory Reader collects major essays on the modern idea of lyric made available here for the first time in one place Representing a wide range of perspectives in Anglo American literary criticism from the twentieth and twenty first centuries the collection as a whole documents the diversity and energy of ongoing critical conversations about lyric poetry Virginia Jackson and Yopie Prins frame these conversations with a general introduction bibliographies for further reading and introductions to each of the anthology s ten sections genre theory historical models of lyric New Criticism structuralist and post structuralist reading Frankfurt School approaches phenomenologies of lyric reading avant garde anti lyricism lyric and sexual difference and comparative lyric Designed for students teachers scholars poets and readers with a general interest in poetics this book presents an intellectual history of the theory of lyric reading that has circulated both within and beyond the classroom wherever poetry is taught read discussed and debated today [Authors and Authority](#) Patrick Parrinder,1991 One of the great paradoxes of modern times is that the more scientists understand the natural world the more we discover that our everyday beliefs about it are wrong Neil F Comins has identified and classified by origin and topic over 1 700 commonly held misconceptions about the universe He presents the reader with the tools needed to probe erroneous notions so that we can begin to question for ourselves and to think more like scientists
