Why Reading Books Still Matters Martha C. Pennington, Robert P. Waxler, 2017-08-29 Bringing together strands of public discourse about valuing personal achievement at the expense of social values and the impacts of global capitalism mass media and digital culture on the lives of children this book challenges the potential of science and business to solve the world's problems without a complementary emphasis on social values The selection of literary works discussed illustrates the power of literature and human arts to instill such values and foster change The book offers a valuable foundation for the field of literacy education by providing knowledge about the importance of language and literature that educators can use in their own teaching and advocacy work

Why You Matter (Perspectives: A Summit Ministries Series) Michael Sherrard, 2021-03-02 What makes life meaningful More to the point what makes our life meaningful Without a good answer to that question we can expend much energy and experience much anxiety as we attempt to live lives of significance only to find that in the end we missed the point entirely and along the way were deeply dissatisfied But there is hope In *Why You Matter* Michael Sherrard shows that life is only meaningful if God exists He then shows how that fundamental fact provides clarity for some of the most important questions of our lives including Who am I How should I treat others What should I do with my life How do I make sense of suffering If you have struggled with a sense of self worth and direction in your life or if you have a friend colleague or family member who is searching for meaning in a world of suffering chaos and uncertainty *Why You Matter* will give you confidence that your life matters but maybe not for the reasons you think

Our Why Is More Important than Our What David Rhea, 2022-06-10 *Our Why Is More Important than Our What* is about how God looks at our decisions God has always been concerned about our hearts and our relationship to him Your why always looks to your heart's motives What we do for the cause of Christ is important but why we do it shows our heart's desire We are to do the things we do because we love Jesus out of a pure motive not because we are forced or compelled by servitude or from some contract we think we can force onto God for admittance into heaven Salvation always has been freely given upon our confession and repentance of sin our heart's desire to accept Jesus as our Savior and our desire to follow him the rest of our lives Then the adventure really begins for us as we follow after Jesus and he leads us ever deeper and deeper into his love grace and mercies and we become more like him
