

ИСТОРИЯ И ТЕОРИЯ МУЗЫКАЛЬНОГО ОБРАЗОВАНИЯ И ВОСПИТАНИЯ БУДУЩИХ УЧИТЕЛЕЙ НАЧАЛЬНЫХ КЛАССОВ

Хайруллоев Б.

Таджикский государственный педагогический университет им. С. Айни

В процессе обновления демократизации общества, когда заново осмысливается история, пересматривается содержание образования, возвращается забытое или ранее запрещенное, упущенное в духовной жизни народов, возрастает актуальность возрождения культурно-исторического наследия прошлого. Одним из его компонентов является народная музыкальная педагогика – с ее богатейшими нравственно-эстетическими традициями и опытом, в том числе музыкальным воспитанием подрастающего поколения.

Возрождение утраченных духовных и нравственных ценностей национальной культуры, любви к своей Родине и ее традициям, требует нового подхода к решению вопросов воспитания личности, формирования самосознания, необходимости реформирования и совершенствования всей системы образования.

Выдвижение на одно из первых мест гуманистического воспитания обусловлено потерей идеалов, так называемого «дефицита духовности». Сферы морали и этики, нравственности, как известно, непосредственно связаны с музыкой, являющейся составной частью духовного богатства человека. Гармоническое развитие подрастающего поколения невозможно представить вне совершенствования системы музыкального образования. Важность этой проблемы возрастает в связи с развитием духовной сферы общества, осмыслением культурно-исторического потенциала государства.

Одной из важнейших задач, декларируемой Законом Республики Таджикистан «Об образовании», в условиях демократического светского правового унитарного государства являются: развитие индивидуальных творческих способностей, развитие культуры и защита национальных традиций, подготовка и воспитание личности, обладающей чувством высокой гражданской ответственности, благоактивного участия в культурной жизни, высокообразованных, творчески мыслящих, гармонично развитых граждан, обладающих глубокими знаниями, профессиональными навыками, проникнутых идеями миролюбия, гуманизма и патриотизма (2, с.16).

Этому в полной мере содействует музыкальное образование учащейся молодежи, ее музыкальная подготовка основанная на познании художественно-музыкальных ценностей народа. Поэтому совершенствование учебно-воспитательного процесса, в системе музыкального образования, является одним из решающих направлений реализации его качественных преобразований.

На сегодняшний день музыкальная подготовка учителей начальных классов считается актуальнейшей проблемой, так как существующая в Таджикистане методика музыкального воспитания, основанная на общевосточных традициях, еще не учитывает всех особенностей таджикской национальной музыки и пения а также ее традиций.

В этой связи необходимо найти связующее звено в механизме воздействия этих систем – музыкальной, педагогической и профессиональной. Для осуществления этой задачи требуются соответственно подготовленные высококвалифицированные педагогические кадры. В тоже время в республике не хватает учителей музыки и пения с профессиональным музыкальным образованием. С 1973 года и по сегодняшний день главной кузницей подготовки учителей музыки и пения являются музыкально-педагогический факультет Таджикского государственного института искусств и отделение методики начального обучения и музыки Таджикский государственный педагогический университет им. К.Давудаева (ПГУ).

Ежегодно эти два вуза выпускают на 20-30 учителей-специалистов, но и они не идут работать в школы, так как низкая зарплата не удовлетворяет их и они идут в театры, ансамбли, оркестры, а зачастую обслуживают местные празднества.

В Концепции национальной школы Республики Таджикистан особое внимание уделяется повышению качества музыкально-эстетической подготовки младших школьников, так как именно на начальном этапе обучения закладывается фундамент эстетической воспитанности и музыкальной образованности подрастающего поколения. Важная роль в решении этой задачи принадлежит учителю начальной школы. Только специалист с достаточно высокой профессиональной подготовкой может целенаправленно воспитывать и обучать детей с малого возраста и поэтому роль педагога в обучении и воспитании детей трудно переоценить (3, с.52).
