Cross-cultural Communication and Aging in the United States Hana Noor Al-Deen, 2013-10-18 Recently the communication discipline has devoted increasing energy toward the study of aging yet most of the research has insufficiently addressed a crucial factor in communicative relationships culture Meanwhile cross cultural intercultural communication has not adequately addressed the aging process Combining three powerful elements communication aging and culture all of which have an increasingly profound impact on today's multicultural society this book focuses on older Americans in various communicative contexts within the framework of their cultures Composed of original research by experts in their respective fields the book combines communication aging and culture for a unique examination of those elements in American society Section 1 deals with perspectives in cross cultural communication and aging These perspectives both illustrate the issues that greatly affect the lives of our elders and suggest ways to improve their status Section 2 showcases three American co cultures Hawaiian Arab and Mormon illustrate how language attitudes and mentoring can serve as the links for maintaining cross generational continuity in multicultural society Section 3 demonstrates that many American organizations frequently contribute to the hardships that both internal elder customers employees and external elder customers residents and patients must endure Section 4 incorporates popular culture and

aging It presents the role of selective popular media in portraying our elders Because Americans rely heavily on the media their mediated perceptions can have a profound impact on their attitudes toward the older population Designed as a reader or supplementary text for college students in communication gerontology anthropology sociology and other related fields this text can also be used by professionals in gerontological service areas by libraries and as a personal reference It offers extensive appendices figures and tables for additional reference *Urban Foodways and Communication* Casey Man Kong Lum, Marc de Ferrière le Vayer, 2016-05-19 Embedded in the quest for ways to preserve and promote heritage of any kind and in particular food heritage is an appreciation or a sense of an impending loss of a particular way of life knowledge skills set traditions deemed vital to the survival of a culture or community Foodways places the production procurement preparation and sharing or consumption of food at an intersection among culture tradition and history Thus foodways is an important material and symbolic marker of identity race and ethnicity gender class ideology and social relations *Urban Foodways and Communication* seeks to enrich our understanding of unique foodways in urban settings around the world as forms of intangible cultural heritage Each ethnographic case study focuses its analysis on how the featured foodways manifests itself symbolically through and in communication The book helps advance our knowledge of urban food heritages in order to contribute to their appreciation preservation and promotion *Measuring Up* Vickie Rutledge Shields, 2013-03-01 The mute gestures of advertising images are frozen for posterity by photographers and illustrators gestures that for better or worse perpetuate a certain aesthetic and eventually become emblematic of a period The images of today display the values of a society that has more interest in the body than the mind They are technoenhanced labyrinths of unattainable appearances that leave women and men feeling horrified estranged and restricted by unrealistic silent mandates *Measuring Up* looks at advertising as more than just a way to extract money from unsuspecting people but as a vehicle for conveying the larger views of a confining body obsessed culture By weaving theoretical and textual insights from feminist and cultural studies with the voices of real women and men *Measuring Up* offers a unique reception analysis of the effects of repetitious exposure to advertisements of perfect bodies in our everyday lives Shields examines a particular complex relationship between the idealized images of gender we see in advertising and our own thoughts feelings and behavior in relation to these images The study is unique in presenting audience reception in terms of ethnographic data not textual interpretations alone *Measuring Up* engages with and informs current theoretical debates within these sometimes complementary and sometimes contradictory literatures feminist media studies feminist film theory critical social theory cultural studies and critical ethnography This is an important work that explores the forms and channels of power used in one of the most insidious and overt means of mass influence in popular culture *Barbie in the Media* Emily R. Aguiló-Pérez, Rebecca C. Hains, 2025-09-26 What is the significance of Barbie s journey from toy aisles to screens Barbie in the Media offers a groundbreaking exploration of Barbie as a transmedia phenomenon In examining the brand s multifaceted

media presence this volume's chapters consider both Mattel's corporate storytelling about and fans' reinterpretations of the iconic doll. Collectively they reveal that these mediated negotiations of Barbie reflect and contribute to broader discourses about gender and identity in evolving sociopolitical contexts inscribing the doll with ever-changing and often conflicting anxieties and dreams. These render the brand's media presence a fascinating site of contested meaning worthy of the sustained critique that Barbie in the Media offers readers.

Semiotic Analysis and Public Policy

Christopher L. Atkinson, 2019-03-20 Semiotic Analysis and Public Policy evaluates several key areas of public policy that are dependent on narrative naming sign and branding to create meaning Semiotic analysis drawing on the work of Saussure Peirce and others allows for creation of a case oriented model of brand versus product and of medium compared with message Using a critical Habermasian lens Atkinson convincingly exposes approaches focusing too heavily on instrumentality and rhetoric that claims a resolution of complex societal dilemmas Rooted in the literature on public policy and semiotics Atkinson creates an opportunity to delve more fully into the creation of narratives and meaning in policy and the origins and maintenance of public programs Evaluation of such programs shows various levels of disconnect between popular understanding of public considerations political outcomes and what results from the administrative regulatory process in support of the law This book will be of interest for scholars and researchers of public policy policy analysis public administration public management and policy implementation

Theories of Human Communication

Stephen W. Littlejohn, Karen A. Foss, 2010-11-04 For almost four decades Theories of Human Communication has offered readers an engaging and informative guide to the rich array of theories that influence our understanding of communication The first edition broke new ground with its comprehensive discussion of theorizing by communication scholars Since that time the field has expanded tremendously from a small cluster of explanations and relatively unconnected theories to a huge body of work from numerous traditions or communities of scholarship The tenth edition covers both classic and recent theories created by communication scholars and informed by scholars in other fields Littlejohn and Foss organize communication theory around two intersecting elements contexts and theoretical traditions and emphasize the connections trajectories and relationships among the theories They provide clear accessible explanations that synthesize without oversimplifying Their extensive use of examples presents theorizing as a natural process and invites readers to reflect on their own experiences and to become active participants in continuing the conversation In addition to the authors lucid explanations of theories the text includes From the Source boxes in which the theorists share their perspectives on communication The extensive bibliography almost 1 200 entries and chapter citations are invaluable resources for more in depth study
