## Sense Of Honour:

**Honor** Frank Henderson Stewart,1994 What is honor Is it the same as reputation Or is it rather a sentiment Is it a character trait like integrity Or is it simply a concept too vague or incoherent to be fully analyzed In the first sustained comparative analysis of this elusive notion Frank Stewart writes that none of these ideas is correct Drawing on information about Western ideas of honor from sources as diverse as medieval Arthurian romances Spanish dramas of the sixteenth and seventeenth centuries and the writings of German jurists of the nineteenth and twentieth centuries and comparing the European ideas with the ideas of a non Western society the Bedouin Stewart argues that honor must be understood as a right basically a right to respect He shows that by understanding honor this way we can resolve some of the paradoxes that have long troubled scholars and can make sense of certain institutions for instance the medieval European pledge of honor that have not hitherto been properly understood Offering a powerful new way to understand this complex notion Honor has important implications not only for the social sciences but also for the whole history of European sensibility **The Spirit of Russia** Tomáš Garrigue Masaryk,1919 *Realizing Freedom: Hegel, Sartre and the Alienation of Human Being* G. Rae,2011-10-12 A first in English this book engages with the ways in which Hegel and Sartre answer the difficult questions What is it to be human What place do we have in the world How should we live What can we be *The Law of War and Peace* Hugo Grotius,1925 *Realizing Freedom: Hegel, Sartre and the Alienation of Human Being* B. Spiers,1882 *Theology in a Suffering World* Christopher Southgate,2018-08-30 The book proposes a new way of understanding the glory of God in Christian theology based on glory as sign *The Civilisation of the Renaissance in Italy* Jacob Burckhardt,Samuel George Chetwynd Middlemore,1921 **The dictionary of English history, ed. by S. J. Low and F. S. Pulling** English history,1897 **When Honour's at the Stake (Routledge Revivals)** Norman Council,2014-06-27 Renaissance ideas of honour had a profound influence on the English people who formed Shakespeare s audiences In *When Honour s at the Stake* first published in 1973 Norman Council describes the increasing importance of these ideas to the themes and structure of a number of Shakespeare s major plays The validity of the most widely approved code of honour was being challenged on a variety of fronts yet both personal standards of behaviour and public affairs were habitually understood in terms of honour A series of tragedies are given their basic form by dramatizing the pernicious effects of man s disobedience to the various demands of honour in *Julius Caesar* *Troilus and Cressida* *Hamlet* *Othello* and *King Lear* honour is among the principal motives of tragedy In this way the modern reader s comprehension of the plays can be greatly enhanced by reference to Elizabethan honour codes **Making Sense in (and of) the First Christian Century** Francis Gerald Downing,2000-08-01 The first Christian century must be approached with careful attention to its cultural and linguistic heterogeneity It should not simply be assumed that this past is a different place they do things differently there Downing treats the ways in which early Christians tried to make things make sense within their cultures noting both the similarities and differences between their ways and contemporary ones and

stressing the variety of contexts and influences on first century communication Downing brings his renowned expertise to bear in illuminating the cultural features of early Christian society with a range of fascinating and telling examples

**Common Sense** ,1738      **The Measure of Greatness** Sophia Vasalou,2019-10-24 Magnanimity is a virtue that has led many lives Foregrounded early on by Plato as a philosophical virtue par excellence it became one of the crown jewels in Aristotle s account of human excellence and was accorded equally salient place by other ancient thinkers It is one of the most distinctive elements of the ancient tradition to filter into the medieval Islamic and Christian worlds It sparked important intellectual engagements and went on to carve deep tracks through several of the later philosophies to inherit from this tradition Under changing names and reworked forms it would continue to breathe in the thought of Descartes and Hume Kant and Nietzsche Its many lives have been joined by important continuities yet they have also been fragmented by discontinuities discontinuities reflecting larger shifts in ethical perspectives and competing answers to questions about the nature of the good life the moral nature of human beings and their relationship to the social and natural world they inhabit They have also been punctuated by moments of intense controversy in which the vision of human greatness has itself been called into doubt The aim of this volume is to provide an insight into the complex trajectory of a virtue whose glitter has at times been as dazzling as it has been divisive By exploring the many lives it has lived we will be in a better position to evaluate whether this is a virtue we still want to make central to our own ethical lives and why      Harmsworth Monthly

Pictorial Magazine ,1903      **The Virtues of Captain America** Mark D. White,2024-06-26 Learn how Captain America s timeless ethical code is just as relevant in the twenty first century as it was during the 1940s Captain America or simply Cap provides an example of the virtues that define personal excellence as well as the ideals and principles upon which the United States of America was founded In *The Virtues of Captain America* philosopher and long time comics fan Mark D White shows us that this fictional superhero s old fashioned moral code is exactly what we need today to restore kindness and respect in our personal and civic lives Presenting Captain America s personal morality within a virtue ethics framework the book opens with an introduction to basic concepts in moral and political philosophy and addresses issues surrounding the use of fictional characters as role models The following chapters examine Captain America in detail exploring the individual virtues that Cap exemplifies the qualities that describe his moral character his particular brand of patriotism his ongoing battle with fascism his personal vision of the American Dream his moral integrity and sense of honor and much more Now in its second edition *The Virtues of Captain America* is updated to include all the new developments in Captain America s saga including new examples from the last ten years of Captain America s appearances in Marvel Comics New coverage of the recent Secret Empire storyline in which Captain America was brainwashed by the fascist organization Hydra features new sections examining the nature of fascism and how Captain America s character and virtues were affected by the change This edition also offers new material on Sam Wilson formerly Captain America s partner the Falcon who recently became Captain

America himself and how his interpretation of the role compares to Steve Rogers Showing how we can be better people if we pay attention to the choices made by the Sentinel of Liberty The Virtues of Captain America Examines the moral and political philosophy behind 80 years of Captain America comics and movies in a light hearted often humorous tone Demonstrates that the core principles and judgment exhibited by Captain America in the 1940s remain relevant in the twenty first century Describes the basic themes of Captain America s ethics such as courage humility perseverance honesty and loyalty Illustrates how Captain America stands for the basic ideals of America not its politics or government Requiring no background in philosophy or familiarity with the source material the second edition of The Virtues of Captain America Modern Day Lessons on Character from a World War II Superhero remains a must read for everyone wanting to make ethical decisions in complex real world situations and tackle the personal and political issues of today with integrity and respect

Drought,1888      *The Century Illustrated Monthly Magazine* ,1900      *The Apocalypse, Or Book of Revelations, Explained According to the Spiritual Sense; in which are Revealed the Arcana which are There Predicted, and Have Been Hitherto Deeply Concealed* ,1815      **The Apocalypse, Or Book of Revelations, Explained According to the Spiritual Sense; in which are Revealed the Arcana which are There Predicted, and Have Been Hitherto Deeply Concealed. Translated Into English from a Latin Posthumous Work of ... Emanuel Swedenborg [by William Hill] and Revised by the Translator of the Arcana Cœlestia [i.e. John Clowes]. (To which is Subjoined a Summary Exposition of the Internal Sense of the Prophetical Books of the Word of the Old Testament, and of the Psalms of David.) [With the Text.]** ,1811      [The Sense of Mission in Russian Foreign Policy](#)

Alicja Curanović,2021-03-05 This book explores how far messianism the conviction that Russia has a special historical destiny is present in and affects Russian foreign policy Based on extensive original research including analysis of public statements policy documents and opinion polls the book argues that a sense of mission is present in Russian foreign policy that it is very similar in its nature to thinking about Russia s mission in Tsarist times that the sense of mission matters more for Russia s elites than for Russia s masses and that Russia s special mission is emphasised more when there are questions about the regime s legitimacy as well as great power status Overall the book demonstrates that a sense of mission is an important factor in Russian foreign policy
