Sense Of Sexuality:

A Sense of Sexuality Evelyn Eaton Whitehead, James D. Whitehead, 1989 The overarching objective of this book is that the reader will recover the sense of sexuality as a gift which implies risk taking to achieve freedom The authors call for a more incarnational attitude toward sexuality a spirituality that is more comfortable with the flesh Beyond Common Sense: Sexuality And Gender In Contemporary Japan Wim Lunsing, 2015-12-22 First published in 2001 This volume is based on the author's visit to Japan in Summer 1986 on his findings about some of the questions he was asked whilst there He was 25 and these questions centred around asking if he was married or had a girlfriend when in his homeland of the Netherlands he openly identified as gay This research is an investigation of how gay and lesbian people women's and men's liberationists singles and other people such as transsexuals transvestites and hermaphrodites whose ideas feelings or lifestyles are at variance with Japanese constructions of marriage and inherently the construction of life live in Japan **Libido** Alphonso Lingis, 1985 Alphonso Lingis's engaging book studies the phenomenological and postphenomenological theories of sexuality of six contemporary French philosophers Jean Paul Sartre Maurice Merleau Ponty Emmanuel Levinas Jean Fran ois Lyotard Gilles Deleuze and F lix Guattari After centuries of philosophical silence on the matter these writers during the last forty years have undertaken the first extended exploration of human sexuality in Western philosophical literature Lingis presents the arguments developed by the six philosophers critically assesses them and offers his own explanation of how the libidinal body can be characterized what the libidinal drive is and what alterity commands in the erotic imperative *Readings in Sexualities from Africa* Rachel Spronk, Thomas Hendriks, 2020-02-04 Images and stories about African sexuality abound in today's globalized media Frequently old stereotypes and popular opinion inform these stories and sex in the media is predominately approached as a problem in need of solutions and intervention The authors gathered here refuse an easy characterization of African sexuality and instead seek to understand the various erotic realities sexual practices and gendered changes taking place across the continent They present a nuanced and comprehensive overview of the field of sex and sexuality in Africa to serve as a guide though the quickly expanding literature This collection offers a set of texts that use sexuality as a prism for studying how communities coalesce against the canvas of larger political and economic contexts and how personal lives evolve therein Scholars working in Africa the U S and Europe reflect on issues of representation health and bio politics same sex relationships and identity transactional economies of sex religion and tradition and the importance of pleasure and agency This multidimensional reader provides a comprehensive view of sexuality from an African perspective *Heterosexuality in Question* Stevi Jackson, 1999-09-13 With heterosexuality currently being examined more rigorously than ever before this accessible and engaging book charts the development of feminist and sociological theorizing on sexuality and the emergence of a radical critique of heterosexuality Stevi Jackson reviews a range of important theoretical and substantive issues and she demonstrates an important shift in feminist thinking from an emphasis on male dominance

within heterosexual relations to a critical perspective on heterosexuality itself Her book will be relevant to scholars and students in the fields of women s studies lesbian and gay studies and the sociology of sexuality **Women's Space** Virginia Chieffo Raguin,Sarah Stanbury,2006-01-01 This interdisciplinary collection addresses the location of women and their bequests within the single most important public and social space in pre Reformation Europe the Roman Catholic Church This innovative focus brings attention to gender and space as experienced in the medieval parish as well as in monastic and cathedral space Through provocative handling of historical content and theory the contributors explore strategies of exclusion and of inclusion and note patterns of later writers who neglect or rewrite records of female presence Essays on the York religious cycle the chronicle of the monastery at Ely and The Book of Margery Kempe explore how medieval writers used texts as fictive spaces on which to graft responses to the gendered uses of real church buildings These text based essays are juxtaposed with tightly focused archival research in art history and history on Florentine patronage and English parish seating as well as with more broadly synthetic studies on access of women to shrines and on gendered left right placement in ritual art **Women and the Psychosocial Construction of Madness** Marie Brown,, Marilyn Charles,2019-08-01 Women and the Psychosocial Construction of Madness focuses on the question of madness as it is experienced by women within gendered sociopolitical contexts Contributors to this edited collection engage with a diverse range of topics including black and ethnic minority women s experiences of psychosis psychosis in transwomen sexual trauma and psychosis the doctor patient relationship and women s experiences of mental health treatment and recovery Chapters span the disciplines of psychoanalysis sociology women s studies critical theory and madness studies **Body Aesthetics** Sherri Irvin,2016-09-06 The body is a rich object for aesthetic inquiry We aesthetically assess both our own bodies and those of others and our felt bodily experiences as we eat have sex and engage in other everyday activities have aesthetic qualities The body whether depicted or actively performing features centrally in aesthetic experiences of visual art theatre dance and sports Body aesthetics can be a source of delight for both the subject and the object of the gaze But aesthetic consideration of bodies also raises acute ethical questions the body is deeply intertwined with one s identity and sense of self and aesthetic assessment of bodies can perpetuate oppression based on race gender identity sexual orientation age size and disability Artistic and media representations shape how we see and engage with bodies with consequences both personal and political This volume contains sixteen original essays by contributors in philosophy sociology dance disability theory critical race studies feminist theory medicine and law Contributors take on bodily beauty sexual attractiveness the role of images in power relations the distinct aesthetics of disabled bodies the construction of national identity the creation of compassion through bodily presence the role of bodily style in moral comportment and the somatic aesthetics of racialized police violence **The Yoga Book** Kriyananda Swami,2003-08-30 The Yoga Book is a core text it explains the true meaning of Yoga and demonstrates the practices and postures of Ashtanga Yoga that will enable the reader to achieve mastery over the mind and body and can

[Surfacing the Politics of Desire](#) Rajeshwari S. Vallury,2008-08-09 A particular model of masculine desire has traditionally been evoked in an effort to understand the subordinate role of women in male authored fiction Because of this the belief that male authored texts are unfailingly built upon the denial of feminine difference has come to dominate many aspects of literary studies Surfacing the Politics of Desire re examines the myths of masculine desire in order to challenge this premise placing literature at the centre of recent

feminist debates over the ontology and politics of sexual difference Citing examples of textual resistance to analytical feminist thought Rajeshwari S Vallury argues that literature is expressive of desires that are not always configured in terms of oppression or the denial of difference In other words a particular politics of reading obscures the multiplicity of desire that literature is capable of affirming and risks sacrificing the possibilities of both literature and desire Through a re evaluation of the sexual politics practiced by nineteenth century male writers such as Balzac Gautier and Maupassant Vallury moves towards a reconfiguration of the relationship between aesthetics and politics Surfacing the Politics of Desire calls into question dominant feminist approaches to the literary representation of gender Enlisting the philosophy of Deleuze and Guattari Vallury calls for a different method of reading one based on a deeper understanding of the politics of literature
