Greenfield,2001-01-01 In 1995 and 1996 six film or television adaptations of Jane Austen s novels were produced an unprecedented number More amazing all were critical and or box office successes What accounts for this explosion of interest Much of the appeal of these films lies in our nostalgic desire at the end of the millennium for an age of greater politeness and sexual reticence Austen s ridicule of deceit and pretentiousness also appeals to our fin de si cle sensibilities The novels were changed however to enhance their appeal to a

wide popular audience and the revisions reveal much about our own culture and its values. These recent productions espouse explicitly twentieth century feminist notions and reshape the Austenian hero to make him conform to modern expectations. Linda Troost and Sayre Greenfield present fourteen essays examining the phenomenon of Jane Austen as cultural icon, providing thoughtful and sympathetic insights on the films through a variety of critical approaches. The contributors debate whether these productions enhance or undercut the subtle feminism that Austen promoted in her novels. From *Persuasion* to *Pride and Prejudice* from the three *Emmas* including *Clueless* to *Sense and Sensibility* these films succeed because they flatter our intelligence and education. And they have as much to tell us about ourselves as they do about the world of Jane Austen. This second edition includes a new chapter on the recent film version of *Mansfield Park*. **Jane Austen and**

experiences then influence their social relationships in real life She focuses on a range of topics from intimate articulations of sexual desire gender identity ambition and rivalry to larger issues brought on by rapid historical and economic change Vermeule discusses the phenomenon of emotional attachment to literary characters primarily in terms of 18th century British fiction but also considers the postmodern work of Thomas Mann J M Coetzee Ian McEwan and Chinua Achebe From the perspective of cognitive science Vermeule finds that caring about literary characters is not all that different from caring about other people especially strangers The tools used by literary authors to sharpen and focus reader interest tap into evolved neural mechanisms that trigger a caring response This book contributes to the emerging field of evolutionary literary criticism Vermeule draws upon recent research in cognitive science to understand the mental processes underlying human social interactions without sacrificing solid literary criticism People interested in literary theory in cognitive analyses of the arts and in Darwinian approaches to human culture will find much to ponder in *Why Do We Care about Literary Characters*

**Emma Adapted** Marc Di Paolo, 2007 This work of literary and film criticism examines all eight filmed adaptations of Jane Austen's *Emma* produced between 1948 and 1996 as vastly different interpretations of the source novel Instead of condemning the movies and television specials as being not as good as the book Marc DiPaolo considers how each adaptation might be understood as a valid reading of Austen's text For example he demonstrates how the Gwyneth Paltrow film *Emma* is both a romance and a female coming of age story the 1972 BBC miniseries dramatizes *Emma*'s world as claustrophobic and *Emma* herself as suffering from depression and the modern day teen comedy *Clueless* comes closest of all to bringing a feminist reading of the novel to the screen Each version illuminates a different legitimate way of reading the novel that is rewarding for Austen fans scholars and students alike
