An Introduction to English Sentence Structure Andrew Radford, 2020-10-15 This new edition of Andrew Radford's outstanding resource for students is a step by step practical introduction to English syntax and syntactic principles written by a globally renowned expert in the field. Assuming little or no prior background in syntax, Radford outlines key concepts and how they can be used to describe various aspects of English sentence structure. Each chapter contains core modules focusing on a specific topic, a summary recapitulating the main points of the chapter, and a bibliographical section providing references to original source material. This edition has been extensively updated with new analyses, exercise materials, references, and a brand new chapter on adjuncts. Students will benefit from the online workbook which contains a vast amount of exercise material for each module, including self-study materials and a student answerbook for these. Teachers will value the extensive PowerPoints outlining module contents and the comprehensive teacher answerbook which covers all workbook and PowerPoint exercises.

Sentence Structure Nigel Fabb, 2004-11-23 Sentence Structure introduces the evidence for sentence structure and reveals its purpose, is based on a problem-solving approach to language, teaches the reader how to identify word classes such as noun, preposition, and demonstrative, uses simple tree structures to analyse sentences, contains numerous exercises to encourage practical skills of sentence analysis, includes a database and exercises that compare the structure of English with other languages. The second edition of Sentence Structure has been revised and updated throughout and includes new material on tense, aspect, modality, and the verb phrase, whilst the order of topics has been rearranged to improve clarity.

An Introduction to English Sentence Structure International Student Edition Andrew Radford, 2010-02-25 This outstanding resource for students offers a step by step practical introduction to English syntax and syntactic principles as developed by Chomsky over the past 15 years. Assuming little or no prior background in syntax, Andrew Radford outlines the core concepts and how they can be used to describe various aspects of English sentence structure. This is an abridged version of Radford's major new textbook *Analysing English Sentences*, also published by Cambridge University Press, and will be welcomed as a handy introduction to current syntactic theory.
