More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries.

Adaptations of Laurence Sterne's Fiction Mary-Celine Newbould, 2016-03-23 Exploring how readers received and responded to literary works in the long eighteenth century M C Newbould focuses on the role played by Laurence Sterne's fiction and its adaptations. Literary adaptation flourished throughout the eighteenth century encouraging an interactive relationship between writers, readers and artists when well known works were transformed into new forms across a variety of media. Laurence Sterne offers a particularly dynamic subject: the immense interest provoked by *The Life and Opinions of Tristram Shandy Gentleman* and *A Sentimental Journey through France and Italy* inspired an unrivalled number and range of adaptations from their initial publication onwards. In placing her examination of Sterneana within the context of its production, Newbould demonstrates how literary adaptation operates across generic and formal boundaries. She breaks new ground by bringing together several potentially disparate aspects of Sterneana belonging to areas of literary studies that include drama, music, travel, writing, sentimental fiction and the visual. Her study is a vital resource for Sterne scholars and for readers generally interested in cultural productivity in this period. *Elegant Extracts, Or, Useful and Entertaining Passages in Prose, Selected for the Improvement of Young Persons* ,1794 *Johnson's Dictionary on the English Language in Miniature* Sally Johnson, 1809 Johnson's Dictionary of the English language, in miniature.
