The A to Z of the Jacksonian Era and Manifest Destiny Terry Corps,2009 The brief period from 1829 to 1849 was one of the most important in American history During just two decades the American government was strengthened the political system consolidated and the economy diversified All the while literature and the arts the press and philanthropy urbanization and religious revivalism sparked other changes The belief in Manifest Destiny simultaneously caused expansion across the continent and the wretched treatment of the Native Americans while arguments over slavery slowly tore a rift in the country as sectional divisions grew and a national crisis became almost inevitable **Private Woman, Public Stage** Mary Kelley,2017-11-01 In the decades spanning the nineteenth century thousands of women entered the literary marketplace

Twelve of the century's most successful women writers provide the focus for Mary Kelley's landmark study *Maria Cummins Caroline Howard Gilman Caroline Lee Hentz Mary Jane Holmes Maria McIntosh Sara Parton Catharine Maria Sedgwick E D E N Southworth Harriet Beecher Stowe Mary Virginia Terhune Susan Warner and Augusta Evans Wilson*. These women shared more than commercial success. Collectively they created fictions that Kelley terms literary domesticity books that both embraced and called into question the complicated expectations shaping the lives of so many nineteenth century women. Matured in a culture of domesticity and dismissed by a male writing establishment they struggled to reconcile public recognition with the traditional roles of wife and mother. Drawing on the 200 volumes of published prose and on the letters diaries and journals of these writers Kelley explores the tensions that accompanied their unprecedented literary success. In a new preface she discusses the explosion in the scholarship on writing women since the original 1984 publication of *Private Woman Public Stage* and reflects on the book's ongoing relevance.

Improving Passions Charles Burnett, 2017-06-26
Reveals a fascinating history of aesthetic debate concerning the emotional and moral functions of art. When did the sentimental start to mean awful? Why are so many popular mainstream films dismissed for their sentimentality and are there any meaningful differences between the sentimental and the melodramatic? These are some of the questions addressed in Charles Burnett's illuminating genealogy of the concept as both a literary genre and an aesthetic philosophy, a tradition that prefigures the advent of film yet serves as a vital framework for understanding its emotional and ethical appeal. Examining eighteenth century amoral sense philosophy as a neglected but still important intellectual area for film theory and drawing on case studies of film sentimentality during the early classical and post classical eras of US cinema *Improving Passions* is an innovative exploration of the sentimental tradition as both theatrical genre and cultural logic.

Key features: Examines eighteenth century amoral sense philosophy and asensibility as neglected but important intellectual areas for film theory. Provides case studies of film sentimentality during early classical and post classical eras of US cinema focusing specifically on issues of critical reception. Engages with speculation by classical and contemporary film theorists about the ethical and affective possibilities of film. Examines new approaches to affect in film and media philosophy that draw directly on and reconfigure a sentimental aesthetics.

Prodigal Daughters Marion Rust, 2012-12-01
Susanna Rowson, novelist, actress, playwright.

poet school founder and early national celebrity bears little resemblance to the title character in her most famous creation Charlotte Temple Yet this best selling novel has long been perceived as the prime exemplar of female passivity and subjugation in the early Republic Marion Rust disrupts this view by placing the novel in the context of Rowson's life and other writings Rust shows how an early form of American sentimentalism mediated the constantly shifting balance between autonomy and submission that is key to understanding both Rowson's work and the lives of early American women Rust proposes that Rowson found a wide female audience in the young Republic because she articulated meaningful female agency without sacrificing accountability to authority a particularly useful skill in a nation that idealized womanhood while denying women the most basic rights Rowson herself an expert at personal reinvention invited her readers theatrical audiences and students to value carefully crafted female self presentation as an instrument for the attainment of greater influence Prodigal Daughters demonstrates some of the ways in which literature and lived experience overlapped especially for women trying to find room for themselves in an increasingly hostile public arena

The Many Faces of Judge Lynch C. Waldrep, 2002-11-08 The U S is the most violent industrialized country in the world and lynching that is murder endorsed by the community may be a key to understanding America's heritage of violence and perhaps point to solutions that can eradicate it While lynchings are predominantly racial in tone and motive Christopher Waldrep's sweeping study of the meaning and uses of lynching from the colonial period to the present reveals that the definition of the term has shifted dramatically over time and that the victims and perpetrators of lynching were as diverse as its many meanings By examining lynching from a comparative and temporal perspective Waldrep teaches us important lessons not only about racial violence in America but about the ways in which communities define and justify crime and the punishment of its criminals
