Biological Influences on Criminal Behavior Gail S. Anderson,2006-11-02 In reviewing introductory texts available to criminologists one is left with the impression that biological factors are irrelevant to the formulation of criminal behavior Where biology is mentioned at all it receives infinitesimal coverage This dearth of attention could at one time be blamed on shoddy research and the legitimate fear that evide

How Children Develop Robert S. Siegler,Judy S. DeLoache,Nancy Eisenberg,2006 In its first edition this highly anticipated textbook for the topically organized child development course provided a fresh non encyclopedic approach offering the latest straight from the research understanding of child development without overwhelming the student with inessential detail The new edition brings those hallmark features forward again providing a thoroughly contemporary streamlined introduction to the study of child development that emphasizes fundamental principles enduring themes and important recent studies Student friendly pedagogy a new chapter on gender and an enhanced media and supplements package further enrich this accessible engaging and informative text

Alone in the Mirror Barbara Klein,2012-05-04 *Alone in the Mirror* Twins in Therapy chronicles the triumphs and struggles of twins as they separate from one another and find their individuality in a world of non twins The text is grounded in issues of attachment and intimacy and is highlighted by Dr Barbara Klein s scholarly research clinical experiences with twins in therapy and her own identity struggles as a twin all of which allow her to present insights into the rare complicated and misunderstood twin identity She presents psychologically focused real life histories which demonstrate how childhood experiences shape the twin attachment and individual development and she describes implications for twins in therapy their therapists and parents of twins Unique to this book are effective therapeutic practices developed specifically for twins and designed to raise the consciousness of parents as well Readers will find these practices and the insights within invaluable whether they use them to communicate with twin patients family members or if they are part of a twinship themselves

Switched at Birth Leigh Lennon,2023-10-26 What happens when two souls meant to live their life together are

separated at birth Would fate find a way to reunite them where they fall in love without knowing their lineage Could fate be that cruel This is the question posed at the start of a story so complicated no one could predict how these men would find their way back to one another This is the story of Noah James and Ashton Brooks Noah was born as a twin with his brother Liam leading an everyday life with wealthy and loving parents Ashton was raised by a single mom Even though Noah and Ashton always knew love their lives were in complete contrast until they met and shared a chemistry that transcended time and understanding Trigger warning highly taboo Both MCs are over 18 Written in first person [The Mismeasure of Desire](#) Edward Stein,2001-04-12 In recent years scientific research popular opinion have favoured the idea that sexual orientations are determined at birth but Edward Stein argues that this may be wrong This book offers an examination of contemporary thinking on this issue *Introduction to Criminology* Pamela J. Schram,Joseph A. Schwartz,Stephen G. Tibbetts,2024-02-16 *Introduction to Criminology Why Do They Do It* offers a contemporary and integrated discussion of key criminological theories to help students understand crime in the 21st century Focusing on why offenders commit crimes authors Pamela J Schram Joseph A Schwartz and Stephen G Tibbetts apply established theories to real life examples to explain criminal behavior Coverage of violent and property crimes is included throughout theory chapters so that students can clearly understand the application of theory to criminal behavior Updates to the Fourth Edition include recent major social events such as the George Floyd protests changes in crime trends and criminal behavior as a result of the COVID 19 pandemic updated crime statistics case studies as well as contemporary topics such as mass shooting events and the legalization of marijuana use *The Dependent Gene* David S. Moore,2003-02-05 This book provides an analysis of the nature vs nurture debate arguing for an end to the either/or nature of the discussions in favor of a recognition that environmental and genetic factors interact throughout life to form human traits *The Gene Illusion* Jay Joseph,2004 In a provocative challenge to current genetic theories about mental health a clinical psychologist practicing in the San Francisco Bay area critiques the research cited to support a biologically based psychiatry Joseph particularly questions the validity of twin studies in relation to psychiatric disorders IQ and criminal behaviors and makes m [Psychology](#) David G. Myers,2001 This sixth edition of David G Myers *Psychology* includes new chapters on the nature and nurture of behaviour and references to statistical methods streamlined development coverage and more **Nature's Thumbprint** Peter B. Neubauer,Alexander Neubauer,1996 Examining the interactive roles of nature and nurture in psychological and physical development Neubauer and Neubauer show how each person is greater than the sum of his or her parts They discuss how temperament tastes and skills unfold throughout life and the need for this to remain unimpeded *Encyclopedia of Evolution* Stanley A. Rice,2009 Evolutionary science is not only one of the greatest breakthroughs of modern science but also one of the most controversial Perhaps more than any other scientific area evolutionary science has caused us all to question what we are where we came from and how we relate to the rest of the universe *Encyclopedia of Evolution* contains more than 200 entries that span

modern evolutionary science and the history of its development This comprehensive volume clarifies many common misconceptions about evolution For example many people have grown up being told that the fossil record does not demonstrate an evolutionary pattern and that there are many missing links In fact most of these missing links have been found and their modern representatives are often still alive today The biographical entries represent evolutionary scientists within the United States who have had and continue to have a major impact on the broad outline of evolutionary science The biographies chosen reflect the viewpoints of scientists working within the United States Five essays that explore interesting questions resulting from studies in evolutionary science are included as well The appendix consists of a summary of Charles Darwin s Origin of Species which is widely considered to be the foundational work of evolutionary science and one of the most important books in human history The five essays include How much do genes control human behavior What are the ghosts of evolution Can an evolutionary scientist be religious Why do humans die Are humans alone in the universe
