Cooper, 1987      How Religion Effects Child Development and Education: Brandi Jo Searcy Atkins, 2025-02-11 I had a calling to write and just started writing I had some issues arising at my job and this book was therapeutic for me to write My purpose for writing this book was my way to prove to college students and parents that Religion is extremely important in Child Development and Education It is right up there with Safety and Nutrition Did you know that Religion faith Bible God is talked about in various child development text books I'm only bringing out topics that is already in our curriculum I have found such an intolerance to anything Religious based amongst college students and often even the staff Adjunct college professors don't have academic freedom Academic Freedom is a professional right that protects teachers students and academic institutions from interference when pursuing knowledge It allows scholars researchers and educators to engage in teaching and scholarship without fear of censorship or retribution This includes the freedom to raise difficult subjects in a classroom discussion and publish a controversial research paper I could see how academic freedom can be taken to far with religion and politics That being said those that can't express their academic freedom will find legal means to do so Hence the book I'm writing In this book I discuss all the ways religion is brought up in the text book how it relates to children bible scriptures that go along with the topic the history of Christianity in Colleges and validity of the Bible      **Hearings, Reports and Prints of the Senate Committee on the Judiciary** United States.

**Welcoming The**

**Children** C. Truett Baker,2010-09-23 The Christian Church has been welcoming the children in everygeneration since Jesus earthly life The early church and generations of Christians since would find expressions of care appropriate for their times to help needy families and dependent children This story is about how the Christian church with the major focus upon Arizona Baptist Children s Services ABCS has responded to the mandate of Jesus to welcome the children whose families have been crippled or absent To tell that story the writer has chosen to go back in time to create a context of historical examples What ABCS and other Christians are doing in the Year of Our Lord 2010 is little different than the experience of how the church responded to the needs of children in the first fifth or eighteenth centuries Only the methods have changed The methods have evolved from foster family care to specialized services for children and families These state of the art modern methods of care are described in detail This should be helpful and informative to social workers and others who work with troubled families and children in out of home care in a faith based context
