**The Jews of the Middle East and North Africa in Modern Times** Reeva Spector Simon, Michael Menachem Laskier, Sara Reguer, 2003-04-30 Despite considerable research on the Jewish diaspora in the Middle East and North Africa since 1800 there has until now been no comprehensive synthesis that illuminates both the differences and commonalities in Jewish experience across a range of countries and cultures This lacuna in both Jewish and Middle Eastern studies is due partly to the fact that in general histories of the region Jews have been omitted from the standard narrative As part of the religious and ethnic mosaic that was traditional Islamic society Jews were but one among numerous minorities and so have lacked a systematic treatment Addressing this important oversight this volume documents the variety and diversity of Jewish life in the region over the last two hundred years It explains the changes that affected the communities under Islamic rule during its golden age and describes the processes of modernization that enabled the Jews to play a pivotal role in their respective countries in the nineteenth and twentieth centuries The first half of the book is thematic covering topics ranging from languages to economic life and from religion and music to the world of women The second half is a country by country survey that covers Turkey Syria Lebanon Israel Palestine Iraq Iran Afghanistan Yemen Egypt the Sudan Libya Tunisia Algeria and Morocco

**A History of Muslims, Christians, and Jews in the Middle East** Heather J. Sharkey, 2017-04-03 Across centuries the Islamic Middle East hosted large populations of Christians and Jews in addition to Muslims Today this diversity is mostly absent In this book Heather J Sharkey examines the history that Muslims Christians and Jews once shared against the shifting backdrop of state policies Focusing on the Ottoman Middle East before World War I Sharkey offers a vivid and lively analysis of everyday social contacts dress music food bathing and more as they brought people together or pushed them apart Historically Islamic traditions of statecraft and law which the Ottoman Empire maintained and adapted treated Christians and Jews as protected subordinates to Muslims while prescribing limits to social mixing Sharkey shows how amid the pivotal changes of the modern era efforts to simultaneously preserve and dismantle these hierarchies heightened tensions along religious lines and set the stage for the twentieth century Middle East

Lehmann, 2005-11-03 In this pathbreaking book Matthias B Lehmann explores Ottoman Sephardic culture in an era of change through a close study of popularized rabbinic texts written in Ladino the vernacular language of the Ottoman Jews This vernacular literature standing at the crossroads of rabbinic elite and popular cultures and of Hebrew and Ladino discourses sheds valuable light on the modernization of Sephardic Jewry in the Eastern Mediterranean in the 19th century By helping to form a Ladino reading public and imparting shape to its values the authors of this literature negotiated between perpetuating rabbinic tradition and addressing the challenges of modernity The book offers close readings of works that examine issues such as social inequality

*French Mediterraneans* Patricia M. E. Lorcin, Todd Shepard, 2016-05 While the Mediterranean is often considered a distinct unified space recent scholarship on the early modern history of the sea has suggested that this perspective is essentially a Western one devised from the vantage point of imperial power that historically patrolled the region's seas and controlled its ports By contrast for the peoples of its southern shores the Mediterranean was polymorphous shifting with the economic and seafaring exigencies of the moment Nonetheless by the nineteenth century the idea of a monolithic Mediterranean had either been absorbed by or imposed on the populations of the region In *French Mediterraneans* editors Patricia M E Lorcin and Todd Shepard offer a collection of scholarship that reveals the important French element in the nineteenth and twentieth century creation of the singular Mediterranean These essays provide a critical study of space and movement through new approaches to think about the maps migrations and margins of the sea in the French imperial and transnational context By reconceptualizing the Mediterranean this volume illuminates the diversity of connections between places and polities that rarely fit models of nation state allegiances or preordained geographies

**The Oxford Handbook of the Jewish Diaspora** Hasia R. Diner, 2021-11-05 For as long as historians have contemplated the Jewish past they have engaged with the idea of diaspora Dedicated to the study of transnational peoples and the linkages these people forged among themselves over the course of their wanderings and in the multiple places to which they went the term diaspora reflects the increasing interest in migrations trauma globalism and community formations The *Oxford Handbook of the Jewish Diaspora* acts as a comprehensive collection of scholarship that reflects the multifaceted nature of diaspora studies Persecuted and exiled throughout their history the Jewish people have also left familiar places to find better opportunities in new ones But their history has consistently been defined by their permanent lack of belonging This *Oxford Handbook* explores the complicated nature of diasporic Jewish life as something both destructive and generative Contributors explore subjects as diverse as biblical and medieval representations of diaspora the various diaspora communities that emerged across the globe the contradictory relationship the diaspora bears to Israel and how the diaspora is celebrated and debated within modern Jewish thought What these essays share is a commitment to untangling the legacy of the diaspora on Jewish life and culture This volume portrays the Jewish diaspora not as a simple unified front but as a population characterized by conflicting impulses and ideas The *Oxford Handbook of the Jewish Diaspora* captures the complexity of the Jewish diaspora by acknowledging the tensions inherent in a group of people defined by trauma and exile as well as by voluntary migrations to places with greater opportunity
