Sinisa Malesevic, 2013-01-11 A comparative analysis of the dominant ideologies and modes of legitimization in communist Yugoslavia and post Communist Serbia and Croatia The aim of the book is to identify and explain dominant normative and operative ideologies and principal modes of legitimization in these three case studies *The Serbs* Tim Judah, 2000-01-01 Who are the Serbs Branded by some as Europe's new Nazis they are seen by others and by themselves as the innocent victims of nationalist aggression and of an implacably hostile world media In this challenging new book Timothy Judah who covered the war years in former Yugoslavia for the London Times and the Economist argues that neither is true Exploring the Serbian nation from the great epics of its past to the battlefields of Bosnia and the backstreets of Kosovo he sets the fate of the Serbs within the story of their past This wide ranging scholarly and highly readable account opens with the windswept fortresses of medieval kings and a battle lost more than six centuries ago that still profoundly influences the Serbs Judah describes the idea of Serbdom that sustained them during centuries of Ottoman rule the days of glory during the First World War and the genocide against them during the Second He examines the tenuous ethnic balance fashioned by Tito and its unraveling after his death And he reveals how Slobodan Milosevic later to become president used a version of history to drive his people to nationalist euphoria Judah details the way Milosevic prepared for war and provides gripping eyewitness accounts of wartime horrors the burning villages and ethnic cleansing the ignominy of the siege of Sarajevo and the columns

of bedraggled Serb refugees cynically manipulated and then abandoned once the dream of a Greater Serbia was lost This first in depth account of life behind Serbian lines is not an apologia but a scrupulous explanation of how the people of a modernizing European state could become among the most reviled of the century Rejecting the stereotypical image of a bloodthirsty nation Judah makes the Serbs comprehensible by placing them within the context of their history and their hopes

Serbia Stevan K. Pavlowitch, 2002-03 At the time of Serbia's emergence from the ruins of Tito's Yugoslavia and of Milosevic's regime Stevan Pavlowitch shuns the doomed to violence and the doomed to martyrdom paradigms favored respectively by some Western and Serbian analysts in order to pose difficult questions about Serbian history

Debating the End of Yugoslavia Florian Bieber, Armina Galijaš, 2016-05-13 Countries rarely disappear off the map In the 20th century only a few countries shared this fate with Yugoslavia The dissolution of Yugoslavia led to the largest war in Europe since 1945 massive human rights violations and over 100 000 victims Debating the End of Yugoslavia is less an attempt to re write the dissolution of Yugoslavia or to provide a different narrative than to take stock and reflect on the scholarship to date New sources and data offer fresh avenues of research avoiding the passion of the moment that often

characterized research published during the wars and provide contemporary perspectives on the dissolution The book outlines the state of the debate rather than focusing on controversies alone and maps how different scholarly communities have reflected on the dissolution of the country what arguments remain open in scholarly discourse and highlights new innovative paths to study the period

Burn This House James Ridgeway,2000-10-31 An account of the rise and fall of Yugoslavia by the people who live there The pieces have been written by the people protesting in the streets of Belgrade now the voices of the antiwar opposition regardless of ethnic background

War and Intervention in the Transnational Public Sphere Cathleen Kantner,2015-10-05 The post Cold War era saw an unexpected increase in intra state violence against ethnic and religious groups brutal civil wars and asymmetric conflicts Those crises posed fundamental questions for the European Union and its member states to which Europe has so far proven unable to develop satisfactory answers This book contends that public debates over wars and humanitarian military interventions after the Cold War represent an evolving process of comprehension and collective interpretation of new realities Employing innovative computer linguistic methods it examines the dynamics of this debate across Europe and compares it to that of the United States In doing so it argues that transnational political communication has shaped European identity formation in significant ways and that in trying to come to terms with important crises and institutional events shared understandings of Europe have emerged Looking at evidence from a wide range of countries including Austria France Germany Ireland the Netherlands and the United Kingdom and spanning a continuous period of 16 years this book empirically analyses these shared understandings of the EU as a problem solving and ethical community This book will be of interest to students and scholars of international relations EU politics security studies comparative politics political communication and European integration

The Destruction of Yugoslavia Maga,1993-03-17 Traces the story of Yugoslavia s disintegration over the entire period since Tito s death in 1980 This book explains why this once stable and seemingly harmonious country was fated to break up in a savage war for territory
