Walking with Jesus Al Hill,2018-05-11 Walking with Jesus is a collection of 32 sermons from the Gospel of Matthew All the sermons in this book are based at least in part on texts from the first Gospel though not all the sermons I preached from Matthew are in this book The sequence of the sermons here follow the order of the biblical texts The sermons were preached in Navy chapels and civilian churches over a period of many years as internal references to events of the times will suggest Though all were written in full they were written to be heard in public rather than read in private The publication of this book and its colleagues is an effort at Christian stewardship Like most preachers I spent thousands of hours over a number of decades researching and preparing sermons What came out of that effort may still be of value to others who are even now proclaiming the good news of our faith I hope you will find something to inspire inform or perhaps intrigue you as the work of so many others did me as I worked to put sermons together for God s people in my care The full biblical text for each sermon has been provided in the book either before or within the sermon as a convenience to you The different versions of the Bible used in the book reflect the particular preferences of the various congregations I served The footnotes you will find throughout are a later addition for your benefit When actually quoting scripture I have included the version used When I paraphrased which I seemed to have done a good deal of or merely alluded to a passage no version is provided in the footnote I have also given scriptural citations for ideas or assertions in the sermons that are based on biblical authority Several sermons are based on the same passage This is to be expected when one has followed the Revised Common Lectionary for many though not all years in the preaching process I have provided indices at the end that should help the Bible student navigate the book more comfortably and profitably I have appreciated such helps when they existed in the books of sermons I have consulted over the years I hope they will be of benefit to you And I hope and pray that something in these pages will make the time you spend here a blessing to you and will enhance your ability to walk with Jesus

decades to come   Preaching and Teaching Difficult Texts of the New Testament Bryan Murawski,2025-08-05 Understand how to preach or teach all the New Testament including passages or genres that prove challenging What do preachers do when they come across a difficult passage not covered in seminary What about teachers who haven t even been to seminary This book equips all of them to understand and handle challenging passages and genres in the New Testament such as Introductions lists of names and conclusions in the epistles Well known well worn stories Short passages Texts that may not be considered inspired or that have textual issues Old Testament quotations or allusions References to noncanonical texts such as Enoch or Maccabees Enigmatic passages such as baptized on behalf of the dead 1 Cor 15 29 Potentially explosive topics such as homosexuality and gender Eschatological texts such as Jesus Olivet Discourse or the book of Revelation Preaching and teaching the Bible is difficult work but it s worth the effort As Paul wrote to Timothy all Scripture is inspired and useful for teaching even the difficult ones If we know where to look and how to dig significant treasure awaits the adventurous preacher and teacher   **Festival Sermons of Martin Luther** Martin Luther,2005 Sermons of Martin Luther for Feasts and Saints days never before available in English A perfect companion to the Klug House Postils and Lenker Church Sermons collections of Luther s Sermons   A Primer on the Art of Expository Preaching C. Matthew McMahon,2025-08-14 In our modern day pulpit speakers cause the people of God to groan under the weight of shallow anecdotes and lifeless performances A Primer on the Art of Expository Preaching calls preachers back to the sacred task of rightly dividing the Word of truth With the clarity of a craftsman and the conviction of a herald C Matthew McMahon sets forth the forgotten essentials of sermon preparation doctrinal precision and Spirit filled delivery This is not a book for the academic shelf padded with footnotes and obscured by jargon It is a working manual clear forceful and uncompromising With careful instruction drawn from Scripture the Reformers the Puritans and thirty years of pastoral labor in preaching McMahon walks the preacher through the weighty calling of proclaiming God s Word from exegesis and outlining to doctrinal development to application and homiletics Every chapter presses the point this work is holy work and must be done precisely for the glory of Jesus Christ Whether you are a seasoned minister or newly entering the pulpit this volume will sharpen your understanding convict your heart and deepen your resolve Preaching is not public speaking It is not suggestion It is the ordinance God uses to convert to sanctify and to shake the gates of hell And if a man refuses the labor it demands let him get out of the pulpit and into the pew Read this book slowly Pray as you go Look to Christ Then preach the Word with gravity clarity and fire   A Legacy of Preaching: Two-Volume Set---Apostles to the Present Day Zondervan,2018-12-11 A Legacy of Preaching Two Volume Set Apostles to the Present Day explores the history and development of preaching through a biographical and theological examination of its most important preachers Instead of teaching the history of preaching from the perspective of movements and eras each contributor tells the story of a particular preacher in history allowing these preachers from the past to come alive and instruct us through their lives theologies and methods of preaching Each chapter

Brown,2003-02 Transformational Preaching Theory and practice is a comprehensive textbook for the beginning student of preaching the graduate student in pulpit discourse or the seasoned preacher Seeking to reclaim the pulpit for biblical preaching the book counteracts the popular teaching approach that is common today and argues that

preaching must be persuasive rather than informative that the preacher is central to the act of preaching and that through the preaching event both preacher and listener together fashion the message and its meaning Both theoretical and highly practical the book offers a challenging look at all aspects of the preaching ministry It contextualizes preaching in pastoral ministry and congregational worship but most significantly argues that the practice of preaching must be informed and driven by theory As such the book draws from a wide perspective of disciplines including biblical theology classical rhetoric contemporary human communication public discourse persuasion linguistics performance and orality The book s wealth of practical guidelines for every step of sermon development encourages students to apply general principles within their own contexts of ministry **Preaching that Connects** Mark Galli,Craig Brian Larson,1994 The authors find the keys to effective captivating communication in the principles of journalistic writing This book shows not just tells how to write a whole sermon from introduction to conclusion through abundant illustrations from well known preachers
