## **Serpent In The Sky:**

*Serpent in the Sky* John Anthony West, 2012-12-19 John Anthony West's revolutionary reinterpretation of the civilization of Egypt challenges all that has been accepted as dogma concerning Ancient Egypt. In this pioneering study, West documents that Hieroglyphs carry hermetic messages that convey the subtler realities of the Sacred Science of the Pharaohs. Egyptian science, medicine, mathematics, and astronomy were more sophisticated than most modern Egyptologists acknowledge. Egyptian knowledge of the universe was a legacy from a highly sophisticated civilization that flourished thousands of years ago. The great Sphinx represents geological proof that such a civilization existed. This revised edition includes a new introduction linking Egyptian spiritual science with the perennial wisdom tradition and an appendix updating West's work in redating the Sphinx. Illustrated with over 140 photographs and line drawings. *Serpent in the Sky* Irwin Rose, 1958

**Flying Serpents and Dragons** R. A. Boulay, 1999-07 A highly original work that deals a shattering blow to all our preconceived notions about our past and human origins. Worldwide legends refer to giant flying lizards and dragons that came to this planet and founded the ancient civilizations of Mesopotamia, Egypt, India, and China. Who were these reptilian creatures? What was the real reason for man's creation? Why did Adam lose his chance at immortality in the Garden of Eden? Who were the Nefilim who descended from heaven and mated with human women? Why did the serpent take such a bad rap in history? Why didn't Adam and Eve wear clothes? What were the crystals or stones that the gods fought over? Why did the ancient Sumerians call their major gods USHUMGAL, which means literally great fiery flying serpent? What were the boats of heaven in ancient Egypt and the sky chariots of the Bible? This book tells it all. **Inheritance: Covenants, Kingdoms, Bodies and Nations** Mark Daniel, 2015-02-17 Inheritance: Covenants, Kingdoms, Bodies and Nations is a study on a Christian's inheritance in the Lord. It examines a range of subjects dealing with God's covenants to what those covenants represent to how a Christian can better gird themselves up with the tools and weapons of the Lord to fight the spiritual fight we must all partake in if we hope to overcome in these final days. Inheritance also shines a light on a great many subjects surrounding the theme of inheritance through the lens of the Old Testament prophets. This book was developed from a series of revelations given to the author after struggling through a desert of trials that lasted exactly ten years to the day. Mistakes in interpretation will always occur. Please feel free to disagree with any of my conclusions. **Ancient Objects and Sacred Realms** F. Kent

Reilly, James F. Garber, 2010-01-01 Between AD 900-1600 the native peoples of the Mississippi River Valley and other areas of the Eastern Woodlands of the United States conceived and executed one of the greatest artistic traditions of the Precolumbian Americas. Created in the media of copper, shell, stone, clay, and wood and incised or carved with a complex set of symbols and motifs, this seven hundred year old artistic tradition functioned within a multiethnic landscape centered on communities dominated by earthen mounds and plazas. Previous researchers have referred to this material as the Southeastern Ceremonial Complex (SECC). This groundbreaking volume brings together ten essays by leading anthropologists

archaeologists and art historians who analyze the iconography of Mississippian art in order to reconstruct the ritual activities cosmological vision and ideology of these ancient precursors to several groups of contemporary Native Americans Significantly the authors correlate archaeological ethnographic and art historical data that illustrate the stylistic differences within Mississippian art as well as the numerous changes that occur through time The research also demonstrates the inadequacy of the SECC label since Mississippian art is not limited to the Southeast and reflects stylistic changes over time among several linked but distinct religious traditions The term Mississippian Iconographic Interaction Sphere MIIS more adequately describes the corpus of this Mississippian art Most important the authors illustrate the overarching nature of the ancient Native American religious system as a creation unique to the native American cultures of the eastern United States
