GM Notes (Only visible to GM)

Half a century or more ago by a cult of the Serpent Queen, *Sheshka*, the Sanctuary of Serpents was once a place of great wealth and sophisticated learning. It was later abandoned to most of the cult, a standing ground for earth magics, who dwelled on the rolling hills of the southern end of the isle.

The Serpent shamanism welcomed people from the nearby settlements, learning more through the jungle and making sure that the name *Sheshka* was not only known but feared. The cultists did as they pleased and a group of travelers from the village of the *White Jungle*, led by a powerful wizard, visited the sanctuary, believing it was ending the cult once and for all – or so they all thought.

Over the next thousand years, the story was forgotten, as most stories are, and the parchment notes were left alone, as the jungle was its home. The sun came, however, and the eggs carried had warmed the mountains and been kept in a state of stasis, rather than the other, through the power of *Sheshka*, and it was long to wait for its chance to come back to power.
