new leadership This book carves a fresh trail in leadership studies by looking at leadership development from a group dynamic social identity perspective Paul engages the cultural leadership patterns of his key local leaders publicly affirming correcting and improving those patterns to conform to a Christlike pattern of sacrificial service Paul s own life and ministry offer a motivational and authoritative model for his followers because he embodies the leadership style he teaches As a practical theologian *avant la lettre* Paul contextualizes key theological themes to strengthen community and leadership formation and equips his church leaders as entrepreneurs of Christian identity A careful comparison of the Corinthian and Ephesian churches demonstrates a similar overall pattern of development This study engages Pauline scholarship on church office in depth and offers alternative readings of five Pauline epistles generating new insights to enrich dogmatic and practical theological reflection In a society where many churches reflect on their missional calling such input from the NT for contemporary Christian leadership formation is direly needed *Biblical Servant Leadership* Steven Crowther,2018-06-13

This book explores the concepts from Scripture for Servant leadership and compare these findings with contemporary models of servant leadership It is an examination of Christian leadership for the contemporary world in its global and increasing secular context Leadership studies typically view leadership externally from the results This is a good beginning but leadership needs to also view the inside of leadership in the person of the leader Scripture is uniquely qualified in this area since its first concern is the person who leads not just in leadership behaviors The author uses examples from both the Old and New Testament to establish a new shepherd model of leadership that moves beyond the servant mode to the mode of caring direction This model will provide scholars and researchers as well as leaders themselves with a way of leading that overcomes negative forms of leadership which lead to failure **How to Develop Resources for Christian Ministries** MacMillan Kiiru,2004

Redeeming The Time Daryl Poe,2024-10-08 The Church s immutable mission is to intentionally share Christ s kingdom The believer s divine journey remains absolute purposeful and communal Even so as the church endeavors to fulfill its mission obstacles obscure the pathway forward Our once enlightened society slowly dims with the dissolution of revered institutions especially those of marriage and the family Prevailing secular humanism assigns Christian orthodoxy to the realm of fictional radicalism Amid such traumatic chaos can the church maintain a faithful outlook In a post Christian world how does the Church move forward *Redeeming the Time* God s CLEAR Path Forward biblically examines Christ s transformational leadership as the standard required for church revitalization Meaningful Church membership can only be found by loving and following Christ alone He is The Way forward Accordingly church leaders must adopt Christ s servant leadership philosophy with a unified partnership that renews our ministries to our families church and community Believers are summoned to live a spiritually disciplined life for the purpose of godliness Essential discipleship therefore must center upon full obedience to the Holy Scripture not out of mere duty but from an intimate loving disciple s relationship The ministry objective is to engage discipleship not as a program or church function but as a Christian lifestyle that is begun and

nurtured in the home Focusing on parental responsibility is not to suggest that the community of faith has no didactic role rather it better organizes and supports biblical discipleship in the context of the family unit Redeeming the Time biblically examines Christ's transformational leadership as the servant way the appointed way the passionate way and the challenging way For all who follow Him He is our CLEAR Path forward *Leadership Points Of Connection* Dr. Bobbi Y. Cumpston, 2024-08-09 Leadership Points of Connection developed from the realization that leadership is about making connections in all walks of life But connections are not just for leaders Points of connection are specific interactions with others that bring about illumination creativity innovation and discussions that help relationships grow and organizations expand Connections can unite people for a common purpose that impacts an organization or community for good Meaningful connections can be intentional business meetings or spontaneous moments that leave a long lasting impact The author defines each type of connection along with leadership principles in each chapter through authenticity transformation and service Real life experience and practical examples demonstrate how points of connection can make a difference to individuals organizations and communities Each chapter ends with thought provoking questions that encourage the reader to know who they are what they have to offer others and how to make a positive impact through a point of connection The author hopes that the reader will learn that points of connection go beyond What's in it for me to the encouragement of others through authentic transformational connections that positively impact people and communities *Jesus, Paul, and Power* Rick F. Talbott, 2010-08-01 Jesus of Nazareth and Paul of Tarsus represent two of the most influential figures of history because of the expansion of later Christianity But Christianity's historical development includes a checkered and troubling past of abusive power that also impugns both Jesus and Paul European colonialism carried the gospel to the world claiming Jesus and Paul as architects of its oppressive empire building Modern churches in America quote Jesus and Paul to inspire inform and justify a host of cultural values that often include the subordination of women and marginalization of others who differ in beliefs values and lifestyles Talbott analyzes how Jesus and Paul responded to the systems of oppressive power in their day and how each in turn used power to form their respective communities The conclusions are based on the most recent scholarly approaches to Jesus and Paul and will enable modern readers to judge for themselves how Jesus and Paul envisioned the use of power among their communities Pastoral Leadership Won Sang Lee, 2015-01-14 In ascending to heaven Jesus Christ gave the church the Great Commission to expand the gospel to all nations Despite this biblical commission it is still an unfinished task As leaders of local churches pastors play a crucial part in this endeavor Pastoral leadership principles have varied widely throughout history yet it is interesting to discover the similarities between pastoral leadership principles practiced by John Chrysostom AD 347-407 in Antioch and Constantinople and Won Sang Lee 1937 in Washington DC Despite ministering 1600 years apart both pastors share the same core values care for people Christ like character biblical preaching and world missions This suggests that continued emphasis on these principles will play a

significant role in fulfilling the Great Commission independent of time and place Modeling Servant-Leaders for Africa Ndung'u John Brown Ikenye, 2010 This book seeks to help African Christian leaders to follow the notions of biblical leadership as servant hood and to train men and women with biblical and academic knowledge which will be critical practical pastoral and applicable in the Kenyan context and participate in the discovery transmission and preservation of knowledge and stimulate the intellectual life and cultural development of Kenya *Leadership in Christian Perspective* Justin A. Irving, Mark L. Strauss, 2019-06-18 This book brings the best of leadership theory and research together with biblical reflection and examples of leadership in action to offer a practical guide to Christian leaders Combining expertise in leadership studies and biblical studies Justin Irving and Mark Strauss explore how leadership models have moved from autocratic and paternalistic leader centered models toward an increased focus on followers The authors show how contemporary theories such as transformational leadership authentic leadership and servant leadership take an important step toward prioritizing and empowering followers who work with leaders to accomplish organizational goals Irving and Strauss organize their book around nine empowering practices making it accessible to students church leaders and business leaders Integrating solid research in leadership studies with biblical and theological reflection on the leadership ideas that are most compatible with Christian faith this book is an important resource for all Christian students of leadership

Controversies in Mission Rochelle Cathcart Scheuermann, Edward L. Smither, 2016-09-15 Crossing social cultural and religious barriers and making disciples of all nations has probably never been without some level of controversy This book is an attempt to hit the pause button on this rapid paced world and to reflect on how we do mission especially in light of the new layers of complexity that globalization brings While the contributors engage in new aspects of mission and cultural encounter unique to the twenty first century the underlying issues of each chapter are age old topics that have reared their heads at various times throughout history priorities in mission power struggles perspectives on cultural others and contextualization With that in mind our aims are twofold 1 to carefully consider issues causing tension and contention within current mission thought practice and strategy and then 2 to engage in serious but charitable dialogue for the sake of God s mission and the salvation of all peoples *Antoine Frédéric Ozanam* Raymond L.
