Sexual Gerrymander:

The Sexual Gerrymander Jocelynn A. Scutt, 1994 Jocelynn Scutt's insightful analyses of history politics and economics pervade this book Writing across the scholarship on women she brings to the fore the social and political gerrymander women face whether it be in the areas of work power and public recognition or the realms of domestic violence rape pornography prostitution or structural sexism The Boundaries of Desire Eric Berkowitz, 2015-08-01 The act of reproduction and its variants never change much but our ideas about the meaning of sex are in constant flux Switch a decade cross a border or traverse class lines and the harmless pleasures of one group become the gravest crimes in another Combining meticulous research and lively storytelling The Boundaries of Desire traces the fast moving bloodsport of sex law over the past century and challenges our most cherished notions about family power gender and identity Starting when courts censored birth control information as pornography and let men rape their wives and continuing through the sexual revolution and into the present day when rape gay rights sex trafficking and sex on the internet saturate the news Berkowitz shows how the law has remained out of synch with the convulsive changes in sexual morality By focusing on the stories of real people Berkowitz adds a compelling human element to what might otherwise be faceless legal battles The law is made by people after all and nothing sparks intolerance on the left and right more than sex Ultimately Berkowitz shows the emptiness of sanctimonious condemnation and argues that sexual questions are too subtle and volatile for simple catch all solutions

Sexual Violence and the Law in Japan Catherine Burns, 2013-04-15 This book provides a detailed examination of judicial decision making in Japanese cases involving sexual violence It describes the culture of eroticised violence in Japan which sees the feminine body as culpable and the legal system which encourages homogeneity and conformity in decision making and shows how the legal constraints confronting women claiming sexual assaults are enormous It includes analysis of specific case studies and a discussion of recent moves to address the problem **Beauty, Women's Bodies and the Law** Jocelynn A. Scutt, 2020-11-17 What makes a woman's body beautiful Plastic surgery cosmetic surgery and non surgical interventions such as Botox are changing women's bodies physically and affecting cultural notions and expectations of what it means to be a woman Yet where does the law stand Is the renovation of women's bodies legal This book explores a range of topics including whether shape changing by surgical and non surgical means is really what women want the question of legal intervention when operations injections and other methods go wrong the impact of consent determinations on whether women can or cannot freely seek changes to their body structure and the role which culture and social expectations play in women's decision making Taking a legal perspective on the vast range of beauty interventions available to women Scutt discusses women's perceptions of body and beauty pressures on women to conform to idealised notions of the perfect woman's body and outcomes of legal actions including those taken by individual women who are unhappy with results as well as those launched against companies trading in products advertised as safe and for women's benefit **Beauty Women's Bodies**

Court Licensed Abuse S. Caroline Taylor, 2004 This book is based on award winning research that analyzes transcripts of intrafamilial child sexual abuse trials Building on the contemporary focus of legal trials as hegemonic sites of storytelling from the perspectives of dominant interest groups the argument is developed in three steps The first documents the development of a de facto relationship between law and psychiatry that simultaneously silences and blames victims of sexual violence and advances a critique of law as narrative The second presents a detailed critical feminist reading of six trials that are presented as textual case studies These show the legal mechanisms through which victim survivor's accounts of abuse are transmuted into forms that facilitate the legal and theoretical acquittal of the alleged abuser and replicates at symbolic and structural levels those power relations inherent in the original abuse The final step in the argument analyzes and synthesizes the structural and thematic patterns in the case studies to show how trials enact a narrative template that maintain a patriarchal status quo around intrafamilial child sexual abuse **The International Who's Who of Women**
