Sexual Racism:

Sexual Racism and Social Justice Denton Callander, Panteá Farvid, Amir Baradaran, Thomas A. Vance, 2024 This book brings together a collection of research personal reflection and creative work to provide a comprehensive in depth account of sexual racism from an international and interdisciplinary perspective The volume makes the case that sexual racism is in the very foundations of our societies determining the ideas bodies and systems positioned as desirable From this provocative perspective Sexual Racism and Social Justice offers a new understanding of the relationship between sex and race arguing that to undesign whiteness is to help undo sexual racism which are essential steps in the meaningful advancement of social justice The Routledge International Handbook of Interracial and Intercultural Relationships and Mental Health Shivon Raghunandan, Roy Moodley, Kelley Kenney, 2025-07-08 The Routledge International Handbook of Interracial and Intercultural Relationships and Mental Health presents critical theoretical empirical and psychological accounts of intercultural intimacies It challenges pervasive Eurocentric discourse and ideas and offers current scholarly practical equitable global and intercultural responsive philosophies theories clinical frameworks and practices The chapters in this text offer critical perspectives on the mental health and well being of intercultural couples inclusive of multi cultural multi ethnic multi faith multi sexual multi racial multi gendered multi abled couples and their intersections A diverse range of international contributors present an intersectional analysis of traditional and contemporary cultural ideas and relationship philosophies and explore multiple global and cultural psychologies that shape the health and well being of intercultural couples and their families This handbook is essential for students educators mental health clinicians and researchers in counselling psychotherapy clinical psychology psychiatry and social work programmes *Not My Type* Apryl Williams, 2024-02-06 In the world of online dating race based discrimination is not only tolerated but encouraged as part of a pervasive belief that it is simply a neutral personal choice about one's romantic partner Indeed it is so much a part of our inherited wisdom about dating and romance that it actually directs the algorithmic infrastructures of most major online dating platforms such that they openly reproduce racist and sexist hierarchies In *Not My Type* Automating Sexual Racism in Online Dating Apryl Williams presents a socio technical exploration of dating platforms algorithms their lack of transparency the legal and ethical discourse in these companies community guidelines and accounts from individual users in order to argue that sexual racism is a central feature of today's online dating culture She discusses this reality in the context of facial recognition and sorting software as well as user experiences drawing parallels to the long history of eugenics and banned interracial partnerships Ultimately Williams calls for both a reconceptualization of the technology and policies that govern dating agencies and also a reexamination of sociocultural beliefs about attraction beauty and desirability **Private Racism** Sonu Bedi, 2020 Is about enlarging the boundary of racial justice by recognizing and addressing private racism It draws on political theory and civil rights law to do so **Sexual Democracy** Ann Ferguson, 2019-09-16 In a book that is both a critical analysis of

contemporary society and the record of a feminist intellectual odyssey Ann Ferguson one of the most influential socialist feminist theorists develops a new theory of social domination Tracing the development of socialist feminist theory from its roots in the politics of the New Left to its present p **Young Adult Sexuality in the Digital Age** Kalish, Rachel,2020-05-22 Technology is rapidly advancing and each innovation provides opportunities for such technology to mesh with the human enactment of physical intimacy or to be used in the quest for information about sexuality However the availability of this technology has complicated sexual decision making for young adults as they continually navigate their sexual identity orientation behavior and community Young Adult Sexuality in the Digital Age is a pivotal reference source that improves the understanding of the combination of technology and sexual decision making for young adults examining the role of technology in sexual identity formation sexual communication relationship formation and dissolution and sexual learning and online sexual communities and activism While highlighting topics such as privacy management cyber intimacy and digital communications this book is ideally designed for therapists social workers sociologists psychologists counselors healthcare professionals scholars researchers and students The Psychic Life of Racism in Gay Men's Communities Damien W. Riggs,2017-12-06 The Psychic Life of Racism in Gay Men s Communities engages in the necessarily complex task of mapping out the operations of racialized desire as it circulates among gay men In exploring such desire the contributors to this collection consider the intersections of privilege and marginalization in the context of gay men s lives and in so doing argue that as much as experiences of discrimination on the basis of sexuality are shared among many gay men experiences of discrimination within gay communities are equally as common Focusing specifically on racialization the contributors offer insight as to how hierarchies inequalities and practices of exclusion serve to bolster the central position accorded to certain groups of gay men at the expense of other groups Considering how racial desire operates within gay communities allows the contributors to connect contemporary struggles for inclusion and recognition with ongoing histories of marginalization and exclusion The Psychic Life of Racism in Gay Men s Communities is an important intervention that disputes the claim that gay communities are primarily organized around acceptance and homogeneity and instead demonstrates the considerable diversity and ongoing tensions that mark gay men s relationships with one another **The Palgrave Handbook of Sexual Ethics** David Boonin,2022-02-08 The Palgrave Handbook of Sexual Ethics is a comprehensive collection of recent research on the ethics of sexual behavior representing a wide range of perspectives It addresses a number of traditional subjects in the area including questions about pre marital extra marital non heterosexual and non procreative sex and about the nature and significance of sexual consent sexual desire and sexual activity as well as a variety of more recent topics including sexual racism sexual ableism sex robots and the metoo response to sexual harassment Each chapter defends a substantive thesis about the topic it addresses and the handbook as a whole thereby provides a strong foundation for future research in this important and growing field of inquiry Compassionate Love in Intimate Relationships Josiane M.
