Sexual Contradictions:

Sexual Contradictions Janet Sayers, 1986 Expone las teorías que pretenden explicar la psicología de la desigualdad sexual y de la subordinación social de la mujer frente al hombre Las teorías psicoanalíticas ayudan especialmente a tomar conciencia de la contradicción que experimentan las mujeres al resistirse a la dominancia del hombre y de las patologías que puede producir Basándose en el psicoanálisis el objetivo del feminismo es el cambio de las condiciones sociales que produce esta situación de contradicción en la mujer a través de la organización colectiva *Sexual Hospitality in the Hebrew Bible* Thalia Gur-Klein, 2014-10-20 A woman's life in the ancient world was constrained by her social and economic status As a daughter she was firmly under the aegis of her father and brothers who would later allocate the woman to another man as his wife The power of fathers and husbands extended to using their wives and daughters as sexual gifts to gain favour Yet alongside this woman had certain socio economic rights notably concerning inheritance and property which they could use to protect themselves *Sexual Hospitality in the Hebrew Bible* examines sacred sexuality and ritual fecundity from patronymic marriage where the husband claims exclusive rights over his wife's sexuality and attributes her offspring to his line and kin to metronymic conjugal systems which allow a woman to remain in her home where the male consort joins her and her kin Ranging across abstention promiscuity and holy offering the sexual lives of women in biblical times reveal not only restriction but also female agency and resistance **Surviving Sexual Contradictions** Muriel Dimen, 1986 **Sexual Difference** Stephen Frosh, 2002-09-11 *Sexual Difference* is a critical exploration of psychoanalytic theories of sexual difference In particular it explores the way in which masculinity is expressed in theory and practice Developing from the unsettling impact of these issues on the author's own professional practice Stephen Frosh examines how the very language and structure of psychoanalysis are loaded with assumptions about gender Employing both Kleinian and Lacanian theoretical perspectives this book critically examines these approaches to sexual difference In addition it discusses the application of these issues in the practice of treating sexual violence and in cases of child sexual abuse *Sexual Difference* will be of value to all trainees and professionals in psychotherapy psychoanalysis psychology and social work as well as all those with an interest in masculinity femininity and their effects *Sexuality, Intimacy, Power* Muriel Dimen, 2023-11-28 This book offers Dimen's classic take on psychosexuality drawing on relational theory feminism and postmodernism with a new foreword by Virginia Goldner and Velleda Ceccoli honouring the late Muriel Dimen and introducing a new audience to her profound legacy For Dimen the shift from dualism to multiplicity that has reshaped a range of disciplines can also be brought to bear on our thinking about sexuality She urges us to return to the open mindedness hiding between the lines and buried in the footnotes of Freud's writings and to replace the determinism into which his thought has hardened with more fluid notions of contingency paradox and thirdness By unveiling the colloquy among psychoanalysis social theory and feminism Dimen challenges clinicians and academicians alike to rethink ideas about gender eroticism and perversion She explores among

other topics the relations between lust and libido the limitations of Darwinian thought in theorizing homosexuality the body as projective test and the intimate tangle of love and hate between women Generous clinical examples illustrate the ways in which a radical re visioning of psychosexuality benefits therapists and patients alike A brilliant example of contemporary psychoanalytic theory at its destabilizing best *Sexuality Intimacy Power* covers both clinical insights and theoretical rethinking that is invaluable for psychoanalysts psychotherapists and students of women s gender and queer studies

Sex-Pol Wilhelm Reich, 2014-08-26 This volume contains the first complete translations of Wilhelm Reich s writings from his Marxist period Reich who died in 1957 had a career with a single goal to find ways of relieving human suffering And the same curiosity and courage that led him from medical school to join the early pioneers of Freudian psychoanalysis and then to some of the most controversial work of this century his development of the theory of the orgone led him also at one period of his life to become a radical socialist The renewed interest in Reich s Marxist writings and particularly in his notions about sexual and political liberation follows the radical critiques of Herbert Marcuse Frantz Fanon and Paul Goodman the political protest movements toward personal liberation in the present decade **From Single to Serious** Dana M.

Malone, 2018-01-31 College students hook up and have sex That is what many students expect to happen during their time at university it is part of growing up and navigating the relationship scene on most American campuses today But what do you do when you re a student at an evangelical university Students at these schools must negotiate a barrage of religiously imbued undercurrents that impact how they think about relationships in addition to how they experience and evaluate them As they work to form successful unions students at evangelical colleges balance sacred ideologies of purity holiness and godliness while also dealing with more mainstream notions of popularity the online world and the appeal of sexual intimacy In *From Single to Serious* Dana M Malone shines a light on friendship dating and sexuality in both the ideals and the practical experiences of heterosexual students at U S evangelical colleges She examines the struggles they have in balancing their gendered and religious presentations of self the expectations of their campus community and their desire to find meaningful romantic relationships **Wilhelm Reich** Robert S. Corrington, 2003-07-14 A stirring reappraisal of the brilliant maligned psychoanalytic thinker Robert S Corrington offers the first thorough reconsideration of Wilhelm Reich s life and work since Reich s death in 1957 Reich was seventeen years old at the outbreak of World War I and had already witnessed the suicides of his mother and father A native of Vienna he became a disciple of Freud but by his late twenties having already written his classic *The Function of the Orgasm* he fled the Third Reich and departed too from Freudian psychoanalysis In *The Mass Psychology of Fascism* Reich first took the now classic position that social behavior has its every root in sexual behavior and repression But the psychoanalytic community was made uncomfortable by this claim and it was said by the time of Reich s death in an American prison on dubious charges brought by the federal government that Reich had squandered his prodigal genius and surrendered to his own paranoia and psychosis an opinion still responsible for the neglect and misconception of

Reich's contribution to psychology In this transfixing psychobiography Corrington illuminates the themes and obsessions that unify Reich's work and reports on Reich's fascinating unrelenting one-man quest to probe the ultimate structures of self and cosmos

Reading with Muriel Dimen *Writing with Muriel Dimen* *Experiments in Theorizing a Field* is a collection of reading and writing experiments inspired by the late feminist psychoanalyst Muriel Dimen. Each of the six projects that comprise this volume explores a stylistic and thematic manner of reading and responding to Dimen's work, challenging the field to write outside the standardized edition and covering a remarkable breadth of essential analytic topics such as sex, gender, money, love and hate, and boundary violations. As an homage to Dimen's quest to engage the personal and the political in the author's craft and in collaboration with Dimen's endeavour to foster revolution across the psychosocial landscape that renders psychoanalysis its field, the authors offer readers a wild analysis of reading and writing. Providing a clear introduction to and exploration of Muriel Dimen's groundbreaking work, this book will prove essential for scholars of psychoanalysis, cultural studies, and gender studies, as well as anyone seeking to understand Dimen's influence on psychoanalytic practice today.
