Sexual Politics Sexual Communities:

Sexual Politics, Sexual Communities John D'Emilio, 1998-10 With thorough documentation of the oppression of homosexuals and biographical sketches of the lesbian and gay heroes who helped the contemporary gay culture to emerge *Sexual Politics Sexual Communities* supplies the definitive analysis of the homophile movement in the U S from 1940 to 1970 John D Emilio s new preface and afterword examine the conditions that shaped the book and the growth of gay and lesbian historical literature How many students of American political culture know that during the McCarthy era more people lost their jobs for being alleged homosexuals than for being Communists These facts are part of the heretofore obscure history of homosexuality in America a history that John D Emilio thoroughly documents in this important book George DeStefano Nation John D Emilio provides homosexual political struggles with something that every movement requires a sympathetic history rendered in a dispassionate voice New York Times Book Review A milestone in the history of the American gay movement Rudy Kikel Boston Globe *Sexual Politics, Sexual Communities* John D'Emilio, 2012-04-26 With thorough documentation of the oppression of homosexuals and biographical sketches of the lesbian and gay heroes who helped the contemporary gay culture to emerge *Sexual Politics Sexual Communities* supplies the definitive analysis of the homophile movement in the U S from 1940 to 1970 John D Emilio s new preface and afterword examine the conditions that shaped the book and the growth of gay and lesbian historical literature How many students of American political culture know that during the McCarthy era more people lost their jobs for being alleged homosexuals than for being Communists These facts are part of the heretofore obscure history of homosexuality in America a history that John D Emilio thoroughly documents in this important book George DeStefano Nation John D Emilio provides homosexual political struggles with something that every movement requires a sympathetic history rendered in a dispassionate voice New York Times Book Review A milestone in the history of the American gay movement Rudy Kikel Boston Globe *Sexual Politics, Sexual Communities* John D'Emilio, 1983 *American Patriotism, American Protest* Simon Hall, 2011-06-06 During the 1970s and beyond political causes both left and right the gay rights movement second wave feminism the protests against busing to desegregate schools the tax revolt and the anti abortion struggle drew inspiration from the protest movements of the 1960s Indeed in their enthusiasm for direct action tactics their use of street theater and their engagement in grassroots organizing activists in all these movements can be considered children of the Sixties Invocations of America s founding ideals of liberty and justice and other forms of patriotic protest have also featured prominently in the rhetoric and image of these movements Appeals to the Declaration of Independence and the Bill of Rights have been made forcefully by gay rights activists and feminists for instance while participants in the antibusing movement the tax revolt and the campaign against abortion rights have waved the American flag and claimed the support of the nation s founders In tracing the continuation of quintessentially Sixties forms of protest and ideas into the last three decades of the twentieth century and in emphasizing their legacy for

conservatives as well as those on the left American Patriotism American Protest shows that the activism of the civil rights New Left and anti Vietnam War movements has shaped America s modern political culture in decisive ways As well as providing a refreshing alternative to the rise and fall narrative through which the Sixties are often viewed Simon Hall s focus on the shared commitment to patriotic protest among a diverse range of activists across the political spectrum also challenges claims that in recent decades patriotism has become the preserve of the political right Full of original and insightful observations and based on extensive archival research American Patriotism American Protest transforms our understanding of the Sixties and their aftermath

American Contradiction Paul Starr,2025-10-14 How did Americans come to elect Barack Obama and then Donald Trump Those choices capture what Paul Starr calls the American contradiction The whole truth about America Starr argues in this new history of the United States since the 1950s has never been contained in one consistent set of values or interests The nation was born in the contradiction between freedom and slavery Today it is beset by a contradiction between a changing people and a resisting nation a nation with entrenched institutions that have empowered those who fear the changes and look to restore an old America of their imagining Starr tells this history from the dual standpoints of the progressive movements that changed the American people and of the movements that emerged in response Black Americans he argues served as a model minority setting in motion America s twentieth century revolutions in gender as well as race and rights With industry s decline and the rise of economic inequality millions of Americans have felt dispossessed and want the old America back Trump is their revenge American Contradiction tells the story of how 1950s America became the almost unrecognizable America of the 2020s
