Barbarous Dissonance and Images of Voice in Milton's Epics Elizabeth Sauer, 1996 Sauer English Brock U examines the relative status and authority of the multiple narrative voices in Milton's *Paradise Lost* and *Paradise Regained* and argues that his epics accommodate a variety of interpretive voices episodes and dramatic and discursive exchanges that resist the monological containment of the poems dominant narratives She investigates the texts discursive practices and the politics of their orchestration of voice showing how the poems spoke to their own time and how they might speak to ours Annotation copyrighted by Book News Inc Portland OR

Milton's Paradise Lost, Books I. and II. John Milton, 1879

Death in Milton's Poetry Clay Daniel, 1994 From his earliest verses the Latin verses written at Cambridge to his first original English poem the Infant ode to his masterpiece *Lycidas* and its sad echo *Epitaphium Damonis* through his mature trilogy *Paradise Lost* *Paradise Regained* and *Samson Agonistes* Milton repeatedly seeks to explain why people die Though Milton frequently changed his mind on important subjects his fundamental view of death did not change Milton throughout his life insists that death both physical and spiritual is caused by sin In attempting to understand the significance of this belief *Death in Milton's Poetry* will suggest some major re evaluations of old assumptions This book is divided into two parts The first part contains examples of death that support Milton's belief that death is caused by sin The second part contains poems that focus on deaths that appear to violate this belief Since Milton illustrates his belief in his mature works Part 1 includes *Paradise Lost* *Paradise Regained* and *Samson Agonistes* As the pattern of death emerges in these poems the reader is able to see that *Paradise Regained* is as much about the death of Satan as it is about the life of Jesus and that Milton's drama focuses on an unregenerate Samson whose tragedy is his inability ever to reconcile with God The poems examined in Part 2 explain deaths that appear to violate Milton's belief In vindicating Milton's view of death the Latin funeral elegies and *On the Death of a Fair Infant Dying of a Cough* form a pattern that culminates in *Lycidas* Recognizing this pattern in *Lycidas* is indispensable to understanding the radical statement of *Epitaphium Damonis* a poem that records Milton's temporary disillusionment with Christianity In addition to new insights into the individual poems two

patterns are highlighted In Milton s earlier poems readers usually have seen classicism as complementing Christianity When Milton turns to death however he opposes classicism to Christianity contrasting except in the case of Epitaphium Damonis the limited pagan gods of classicism with the providence of an omnipotent God This antagonism is reinforced by another pattern that emerges in the poems Though all sins tend to death some sins are more fatal than others In much of Milton s poetry perhaps the most consistently fatal of sins was lust and Milton frequently represents this lust as a characteristic of classicism
